Tender Notice No. **K RIDE/DL/19/2021**

**Date: 25.10.2021**

**THE RAIL INFRASTRUCTURE DEVELOPMENT COMPANY (KARNATAKA) LIMITED (K-RIDE)**, having its corporate office, at #8, 1<sup>st</sup> Floor, Samparka Soudha, Dr. Rajkumar Road, Opposite Orion Mall, Rajajinagar 1<sup>st</sup> Block, Bengaluru-560010, India, which is a Joint Venture of Government of Karnataka and Ministry of Railways invites Bids from eligible Bids, for the Execution of works detailed in the table below under **Single stage: Two tender document system (Technical Bid and Financial Bid)**.

SL. NO.	NAME OF WORK	APPROX. VALUE OF WORK (IN ₹ CRS)	TENDER SECURITY/EMD	PERIOD OF COMPLETION
1	2	3	4	5
1	<b>"Yesvantpur - Channasandra and Baiyyappanahalli - Hosur Doubling Projects - Flash Butt welding of new/ second hand 60kg / 52kg/ 260R rails (90UTS/ 260R/ 72UTS) Rails/Panels at site using rail cum Road Mobile Flash Butt welding plant including USFD testing of welded joints "</b> .	1.73 Cr	Need not be paid. Tender Security Declaration as per form BDF-1 has to be submitted	18 months

**NOTE:**

1. The Tenderers shall submit the tender through e - Procurement portal. Tenderers should scan the registration copy; work done certificate and any other document and submit through online. More information can be had from website [www.eproc.karnataka.gov.in](http://www.eproc.karnataka.gov.in)
2. On the stipulated date of opening of Tenders, initially, only the Technical Bids are opened through e-procurement portal. The Technical Bids shall be evaluated by the Employer in accordance with the stipulated Qualification and Evaluation criteria. No amendments or changes to the Technical Bids would be permitted after the opening of Technical Bids.
3. Tenderers who are qualified in the technical evaluation, their Price Bid shall be opened at a date and time advised by the Employer (K-RIDE) through e-tendering portal. The Price Bids are evaluated and the Contract is awarded to the Tenderer whose Tender has been determined to be the lowest evaluated substantially responsive tender.

4. Tenderers are advised to note the eligibility and minimum qualifying criteria specified in the Section 2: Instruction to Tenderers of the tender document.
5. Tenders must be accompanied by a Tender Security as per Form (BDF/1) in Section 3: Qualification Information/Bidding Forms in any one of the forms as specified in the tender documents and shall have to be valid for 45 days beyond the validity of the tender. Any Tenders received without tender security declaration form in the stipulated format, shall be summarily rejected.
6. Incomplete Tender submission will be considered non-responsive and such Tenders shall not be considered for further evaluation.
7. Tender Documents can be downloaded free of cost from e-procurement portal i.e., <https://eproc.karnataka.gov.in> from **26.10.2021** and the Tenders must be submitted online via e-procurement portal only.

Please note that drawings, if any, referred in the tender document, but not uploaded with the tender document, can be viewed in this office on any working day. The Tenderer can also have a copy of the same on payment of non-refundable cost of Rs. 5,000/- (Rupees Five Thousand only) by a e-Payment mode (credit card/debit card/net banking/UPI) (if applicable) in favor of **Rail Infrastructure Development Company (Karnataka) Limited, Bangalore.**

It will be the responsibility of the Tenderer who is submitting the Tender on downloaded Tender documents to check and see any Addendum/Corrigendum issued in this regard from the website from time to time and ensure submission of bid along with all Addendum/Corrigendum.

In case of any clarification the Tenderer can visit the Rail Infrastructure Development Company (Karnataka) limited Corporate Office Bengaluru at #8, 1<sup>st</sup> Floor, Samparka Soudha, Dr. Rajkumar Road, Opposite Orion Mall, Rajajinagar 1<sup>st</sup> Block, Bengaluru-560010. Tel. No.+91-6364890811.

8. Validity of Tender: Tenders shall remain valid for a period of 120 days after the Tender submission deadline date prescribed by the employer. A Tender valid for a shorter period shall be rejected by the employer as non-responsive.
9. In exceptional circumstances, the Employer may request Tenderers to extend the period of validity of their Tenders. The request and the responses shall be made in writing. If a Tender security is requested in accordance with ITT 13, it shall also be extended up to the date mentioned in the letter of request for extension. A Tenderer may refuse the request without forfeiting its Tender security. A Tenderer granting the request shall not be required or permitted to modify its Tender.
10. If, the office happens to be closed on the date of opening of Tender, the Tenders will be opened on next working day at the same time and venue.
11. A Pre- Bid meeting will be held on **09.11.2021 at 17:00 Hrs.** IST at the office of K-RIDE, Bangalore to clarify the issues if any and to answer questions on any matter that may be raised at that stage as stated in Clause - 8 of ITT of the Tender document.
12. Other details can be seen in Tender documents.

### 13. REGISTRATION:

- a. Tenderers are required to enroll on the e-tendering Portal (<https://eproc.karnataka.gov.in>) with clicking on the link "Tenderers Registration" on the e-tender Portal by paying requisite registration fee as applicable.
- b. As part of the enrolment process, the Tenderers will be required to choose a unique user name and assign a password for their accounts.
- c. Tenderers are advised to register their valid email address and mobile numbers as part of the registration process. These would be used for any communication with the Tenderer.
- d. Upon enrolment, the Tenderers will be required to register their valid Digital Signature Certificate (Only Class III Certificates with signing + encryption key usage) issued by any Certifying Authority recognized by CCA India with their profile.
- e. Only one valid DSC should be registered by a Tenderer. Please note that the Tenderers are responsible to ensure that they do not lend their DSC"s to others which may lead to misuse.
- f. Tenderers then logs in to the site through the secured log-in by entering their user ID/password and the password of the DSC / e-Token.
- g. The scanned copies of all original documents should be uploaded on portal.
- h. For any query regarding e-procurement contact helpdesk number **+91-8046010000, +91-8068948777, [support@epochelpdesk.com](mailto:support@epochelpdesk.com)**

### 14. SEARCHING FOR PROPOSAL DOCUMENTS

Once the Tenderers have selected the proposals they are interested in, the Tenderers can pay nonrefundable processing fee as per the e-procurement portal.

### 15. PRECAUTIONS FOR SUBMITTING / PREPARATION OF PROPOSALS THROUGH e-TENDERING PORTAL

- a. Tenderer, in advance, should get ready the proposal documents to be submitted as indicated in the proposal document / schedule and generally, they can be in PDF /JPEG formats.
- b. Tenderer should log into the website well in advance for the submission of the proposal so that it gets uploaded well in time i.e., on or before the proposal submission time. Bidder will be responsible for any delay due to other issues.
- c. The Tenderer has to digitally sign and upload the required proposal documents one by one as indicated in the tendering document.
- d. The server time (which is displayed on the consultant's dashboard) will be considered as the standard time for referencing the deadlines for submission of the proposals by the

consultants, opening of proposals etc. The consultants should follow this time during proposal submission.

16. The Tenderer should furnish the Name of the individual / firm/ Company / Joint venture with address and telephone number with place of registration, year of incorporation etc.,
17. Tender by a joint venture of contractors is permitted subject to conditions indicated in tender document.
18. The application made by the firm / company / Joint Venture shall be signed by a person holding the power of attorney, in which case the Tenderer shall furnish a copy of power of attorney.

19. **Employees Provident Fund Registration Certificate**

The Contractor shall furnish EPF Registration Certificate before entering into agreement in the event of award of work to them after tender, subject to compliance with the following conditions:

- a) If the contractor is registered already with the EPF authorities, they should produce a copy of the EPF Registration Certificate.
  - b) If not registered with the EPF authorities, the Tenderer should produce an undertaking at the time of participating in the tender that he shall within 7 days of the close of every month submit a Statement to Engineer showing the recoveries of contribution in respect of Employees by or through him and shall also furnish such information as the Engineer is required to furnish under the provisions of the Scheme to the Commissioner EPF.
  - c) However, having given an undertaking to this effect if the Contractor does not furnish the information, the Employer will deduct the necessary amount from the amount due to the Contractor. Notwithstanding the above, the Contractor will be liable for any consequential penalty /damages levied by the EPF authorities.
20. The necessary certificates / documents in support fulfilling qualifying criteria stipulated separately shall be scanned and attached to e-procurement document. The original documents if required by the Employer shall be produced whenever asked by Employer on Technical Bid/ Financial Bid.
  21. The intending Tenderers are advised to visit the site of work before attending the Pre- Bid meeting and also before submitting the Tenders.
  22. The qualification criteria as indicated in bid document should be met by the intending Tenderers.
  23. Tenderers shall not be under a declaration of ineligibility for corrupt and fraudulent practices issued by the Govt. of Karnataka, Govt of India and any PSUs thereof.
  24. Pre-bid meeting will be held on **09.11.2021 at 17.00 Hrs** in the office of K-RIDE Bangalore or through Video Conference.
  25. The conditional Tenders will not be accepted.

26. The Employer is not responsible for any delay in accessing e-procurement portal.
27. The rates quoted by the Tenderer must be inclusive of all Taxes, Duties etc.,
28. The Employer reserves the right to either postpone or to cancel the entire process of tender.
29. If Employer wishes to engage third party consultants for quality control assessment, apart from the Employer quality control and field tests, the Tenderer should co-operate with both Quality control authorities and the third party.
30. Building and other construction workers welfare: The Tenderer shall subscribe 1% of gross amount of each bill payable to him in respect of contract to the building and other construction workers welfare cess as per GO No: LD 300 LET 2006, Bangalore, dated: 18-01-2007. The amount of subscription will be recovered out of payable amount to him in each bill. This component is deemed to have been included in the quoted rate.
31. **Last Date of Receipt and opening of Bids:** The completed Tenders must be submitted through e-procurement Portal <https://eproc.karnataka.gov.in> not later than **15.00 Hrs on 27.11.2021** and shall be opened on **29.11.2021 at 15.30 hrs**. K-RIDE will not be responsible for any delays in the receipt of Tender by K-RIDE. Late Tenders (received after stipulated date and time of submission of Tenders) shall not be accepted under any circumstances. K-RIDE reserves the right to accept/reject any or all proposals without assigning any reason thereof.
32. Any suit or application, arising out of any dispute or differences on account of this tender shall be filed in a competent court at Bengaluru, Karnataka only and no other court or any other district of the country shall have any jurisdiction in the matter.
33. **Address for Communication:** Interested eligible Tenderers may obtain further information from the following address:

**SECTION 2: INSTRUCTIONS TO TENDERERS (ITT)**  
**TABLE OF CLAUSES**

**A. GENERAL**

**1. SCOPE OF THE TENDER:**

**1.1 THE RAIL INFRASTRUCTURE DEVELOPMENT COMPANY (KARNATAKA) LIMITED (K-RIDE),** having its Corporate office, at #8, 1<sup>st</sup> Floor, Samparka Soudha, Dr. Rajkumar Road, Opposite Orion Mall, Rajajinagar 1<sup>st</sup> Block, Bengaluru-560010, India, which is a Joint Venture of Government of Karnataka and Ministry of Railways invites Tenders from Eligible Tenderers, for the construction of works details as given in the invitation for the Tenders (IFT). The tenderers may submit the tenders for the works detailed in the IFT.

**2. ELIGIBLE TENDERERS:**

**2.1** The Tenderers shall not be under a declaration of ineligibility for corrupt and fraudulent practices issued by Govt. of Karnataka, Govt of India and PSUs.

**2.2 JOINT VENTURE (JV):** Joint Ventures of contractors is not permitted in the instant tender.

**3. QUALIFICATION OF THE TENDERER.**

**3.1 All the tenderers shall provide the requested information accurately and sufficient details in Section 3: Qualification information. The Joint Venture shall be formed prior to the Bidding.**

**3.2 The following qualification criteria should be met by the intending Tenderers.**

**a) The intending Tenderer should have achieved in at least two out of last Five financial years (i.e., 2016-17 to 2020-21) a MINIMUM EXECUTION FINANCIAL TURNOVER of Rs.2.60 Crores (150% of estimated Tender Value) (In Two Years).**

**NOTE:** The Tenderers shall submit certificates to this effect which may be attested certificates from the concern departments/ Client or Audited balance sheet duly certified by the chartered accountant/ certificate from chartered Accountant duly supported by audited balance sheet. The Turnover certificate duly certified by statutory Auditor should be uploaded. Financial turnover of previous years will be given a weightage of 5% per year as indicated in qualification information (Tender Forms) Form FIN-2 based on the rupee value to bring them to current 2020-21 price value.

**b) The Tenderer/Firm/company should have satisfactorily completed at least one similar work such as “Rail Welding with Flash Butt Welding Machine by RDSO approved firms” of value not less than Rs. 1.38 Crores (80% of the Contract Value) at 2020-21 price level in the preceding last five years.**

**NOTE:**

1. The criteria above applies to the Individual Tenderer/Firm/company also. Certificate regarding the same duly signed by an officer not below the rank of the Executive Engineer to be submitted along with the technical Tender.
2. Similar work is defined as below:  
**“Rail Welding with Flash Butt Welding Machine by RDSO approved firms”**
3. Deleted
4. For completed works, the value of work done shall be updated to 31/03/2021 price level assuming 5% inflation for Indian rupees every year. Credentials if submitted in foreign currency shall be converted into Indian currency i.e., Indian Rupee as under: Bids will be compared in Indian Rupees only. This will be achieved by conversion of the Foreign Currency portion of the Bid into Indian Rupees by using the Exchange Rates published by Financial Benchmarks India Pvt. Ltd (www.fbil.org.in) 28 (twenty-eight) days before the latest date of Bid submittal, and then adding the same to the Indian Rupee portion of the Bid. In case this particular day happens to be a holiday, the exchange rate published by Financial Benchmarks India Pvt. Ltd (www.fbil.org.in) on the next working day will be considered.
5. In case of JV/Consortium, full value of the work, if done by the same JV shall be considered. However, if qualifying work (s) done by them in JV/Consortium having different constituents, then the value of work as per their percentage participation in such JV/Consortium shall be considered.

**c) Deleted**

**3.3 a) Deleted**

**3.3 b) Deleted**

**3.3 c) Deleted**

**3.4 To qualify for a package of contracts made up of this and other contracts for which tenders are invited in this IFT, the Tenderer must demonstrate having experience and resources to meet the aggregate of the qualifying criteria for the individual contracts.**

**3.5 Not Applicable**

**3.6 BID CAPACITY: Tenderers who meet the above specified minimum qualifying criteria, will only be qualified, if their available tender capacity is more than the total tender value. The available tender capacity will be calculated as under:**

**Assessed available tender capacity = (A\*N\*1.5 - B) Where**

A = Maximum value of civil engineering works executed in any one year during the last five years taking into account the completed as well as works in progress.

N = Number of years prescribed for completion of the works for which tenders are invited.

---

B = Value of existing commitments and on-going works to be completed during the next two and half years (*period of completion of the works for which Tenders are invited*).

**Note:** Updation of Price Level shall be done at 5% per year.

The statements showing the value of existing commitments and on-going works as well as the stipulated period of completion remaining for each of the works listed should be countersigned by the Employer in charge, not below the rank of an Executive Engineer or equivalent.

**3.7 NETWORTH:** The Bidder's net worth for the last year calculated as the difference between total assets and total liabilities **should be Positive.**

**3.8 Even though the Tenderers meet the above criteria, they are subject to be disqualified if they have:**

- made misleading or false representations in the forms, statements and attachments submitted in proof of the qualification requirements; and/or
- record of poor performance such as abandoning the works, not properly completing the contract, inordinate delays in completion, litigation history, or financial failures etc.; and/or
- participated in the previous Tender for the same work and had quoted unreasonably high tender prices and could not furnish rational justification.

**4. DELETED**

**5. COST OF TENDERING:**

- 5.1 The tenderer shall bear all costs associated with the preparation and submission of his tender, and the Employer will in no case be responsible and liable for those costs.

**6. SITE VISIT:**

- 6.1 The Tenderer at his own responsibility and risk is encouraged to visit and examine the site of works and its surroundings and obtain all information that may be necessary for preparing the Tender and entering into a contract for construction of the Works. The cost of visiting the Site shall be at the Tenderer's own expense.

## **B -TENDER DOCUMENTS**

**7. CONTENT OF TENDER DOCUMENTS**

- 7.1 The set of tender documents shall have all the Section given in content page.  
7.2 Both the sets should be completed and returned with the tender.

**8. CLARIFICATION OF TENDER DOCUMENTS**

- 8.1 A prospective tenderer requiring any clarification of the tender documents may notify the Employer in writing or by cable (hereinafter "cable" includes telex, e-Mail and facsimile) at the

---

Employer's address indicated in the invitation to tender. The Employer will respond to any request for clarification which he receives earlier than 15 days prior to the deadline for submission of tenders. Copies of the Employer's response will be forwarded to all purchasers of the tender documents, including a description of the enquiry but without identifying its source.

## 8.2 Pre-tender meeting:

8.2.1 The tenderer or his authorized representative is invited to attend a pre-tender meeting which will take place at office of **K-RIDE Bangalore**.

**Venue:** #8, 1<sup>st</sup> Floor, Samparka Soudha, Dr. Rajkumar Road,  
Opposite Orion Mall, Rajajinagar 1<sup>st</sup> Block,  
Bengaluru-560010  
Tel +91-6364890811

**Date:** 09/11/2021, **Time:** IST 17.00 Hrs.

8.2.2 The purpose of the meeting will be to clarify issues and to answer questions on any matter that may be raised at that stage.

8.2.3 The tenderer is requested to submit any questions in writing or by cable to reach the Employer not later than one week before the meeting.

8.2.4 Minutes of the meeting, including the text of the questions raised (without identifying the source of enquiry) and the responses given will be transmitted without delay to all purchasers of the tender documents. Any modification of the tender documents listed in Sub-Clause 7.1 which may become necessary as a result of the pre-tender meeting shall be made by the Employer exclusively through the issue of an Addendum pursuant to Clause 9 and not through the minutes of the pre-tender meeting.

8.2.5 Non-attendance at the Pre-Tender meeting will not be a cause for disqualification of a Tenderer.

## 9. AMENDMENT OF TENDER DOCUMENTS

9.1 Before the deadline for submission of Tenders, the Employer may modify the tender documents by issuing addendum.

9.2 Any corrigendum / addendum issued shall be part of the tender documents and shall be made available on the website or e-portal. The Provisions in corrigendum /addenda shall take priority over the Tender Documents issued previously. Tenderers should acknowledge receipt of such addenda and list them in the Tender submittal.

9.3 To give prospective Tenderers reasonable time in which to take an addendum into account in preparing their tenders, the Employer shall extend as necessary the deadline for submission of Tenders, in accordance with Sub-Clause 16.2 below.

---

## C. PREPARATION OF TENDERS

### 10. DOCUMENTS COMPRISING THE TENDER

10.1 The Tender submitted by the Tenderer shall be in two covers and shall contain the documents as follows:

#### 10.1.1 First Cover:

- Earnest Money Deposit;
- Qualification Information as per formats given in Section 3;

#### 10.1.2 Second Cover:

- The Tender (in the format indicated in Section 4) (as per e-procurement portal)
- Priced Bill of Quantities (Section 7); online through e-procurement portal, no hardcopy of commercials should be attached or disclosed. (as per e-procurement portal)

And any other materials required to be completing and submitting by Tenderers in accordance with these instructions. The documents listed under Sections 3, 4, 6 and 7 shall be filled in without exception.

10.2 Tenderers submitting tenders together with other contracts stated in the IFT to form a package will so indicate in the tender together with any discounts offered for the award of more than one contract.

### 11. TENDER PRICES

11.1 The contract shall be for the whole works as described in Sub-Clause 1.1, based on the priced Bill of Quantities submitted by the Tenderer.

11.2 The Tenderer shall fill the percentage and total amount (both in figures and words) for each schedule of the Works described in the Bill of Quantities along with total tender price (both in figures and words. Corrections, if any, shall be made by crossing out, initialing, dating and rewriting.

11.3 All duties, taxes, and other levies payable by the contractor under the contract, or for any other cause, shall be included in the rates, prices and total Tender Price submitted by the Tenderer.

11.4 The rates and prices quoted by the Tenderer shall be subject to adjustment during the performance of the Contract in accordance with the provisions of Clause of the Conditions of Contract

### 12. TENDER VALIDITY

12.1 Tenders shall remain valid for a period not less than **one hundred and twenty days** after the deadline date for tender submission specified in Clause 16. A tender valid for a shorter period shall be rejected by the Employer as non-responsive.

12.2 In exceptional circumstances, prior to expiry of the original time limit, the Employer may request that the Tenderers may extend the period of validity for a specified additional period. The

---

request and the Tenderers' responses shall be made in writing or by cable. A Tenderer may refuse the request without forfeiting his earnest money deposit. A Tenderer agreeing to the request will not be required or permitted to modify his tender, but will be required to extend the validity of his earnest money deposit for a period of the extension, and in compliance with Clause 13 in all respects.

### 13. EARNEST MONEY DEPOSIT (TENDER/BID SECURITY)

- 13.1 Earnest Money Deposit/ Tender security (as per e-procurement portal). The Tenderer shall furnish, as part of his tender, earnest money deposit in the amount as shown in column 4 of the Table of IFT for this particular work. This earnest money deposit shall be in favor of **Rail Infrastructure Development Company (Karnataka) Limited Payable at Bangalore** and may be in the form of Banker's cheque/ Demand draft/Pay Order/Cash or Specified small saving instruments pledged to K-RIDE, Bangalore/ unconditional Bank guarantee, in favor of Rail Infrastructure Development Company (Karnataka) Limited Payable at Bangalore.
- 13.2 Instruments having fixed validity issued as earnest money deposit for the tender shall be valid for 45 days beyond the validity of the tender.
- 13.3 Any tender not accompanied by an acceptable earnest money deposit and not secured as indicated in Sub-Clauses 13.1 and 13.2 above shall be rejected by the Employer as non-responsive.
- 13.4 The earnest money deposit of unsuccessful Tenderers will be returned within 30 days of the end of the tender validity period specified in Sub-Clause 12.1.
- 13.5 The earnest money deposit of the successful Tenderer will be discharged when the Tenderer has signed the Agreement and furnished the required Performance Security.
- 13.6 The earnest money deposit may be forfeited:
- (A) If the Tenderer withdraws the Tender after tender opening during the period of tender validity;
  - (B) If the Tenderer does not accept the correction of the Tender Price, pursuant to Clause 24; or
  - (C) In the case of a successful Tenderer, if the Tenderer fails within the specified time limit to
    - (i) sign the Agreement; or
    - (ii) furnish the required Performance Security

#### **D. SUBMISSION OF TENDERS**

##### **15. SEALING AND MARKING OF TENDERS**

Tenderer shall submit the Tender electronically before the submission date and time published.

##### **16. DEADLINE FOR SUBMISSION OF THE TENDERS**

16.1 Tenders must be submitted online through e-Procurement portal to the Employer on or before as per e-procurement portal.

- 
- 16.2 The Employer may extend the deadline for submission of tenders by issuing an amendment in accordance with Clause 9, in which case all rights and obligations of the Employer and the Tenderers previously subject to the original deadline will then be subject to the new deadline.

## **17. LATE TENDERS**

- 17.1 The Karnataka Public Procurement Portal will not allow proposals to be uploaded after the due date & time for submission of proposal. Any Tender received by the Employer after the deadline prescribed in Clause 16 will be rejected.

## **18. MODIFICATION AND WITHDRAWAL OF TENDERS**

- 18.1 Tenderer has all the time to modify and correct or upload any relevant document in the portal till Tender submission date and time, as published in the e-procurement portal.
- 18.2 No Tender may be modified after the deadline for submission of Tenders.
- 18.3 Withdrawal or modification of a Tender between the deadline for submission of Tenders and the expiration of the original period of Tender validity specified in Clause 12.1 above or as extended pursuant to Clause 12.2 may result in the forfeiture of the earnest money deposit pursuant to Clause 13.
- 18.4 Tenderers may only offer discounts to, or otherwise modify the prices of their Tenders by submitting Tender modifications in accordance with this clause, or included in the original Tender submission.

### **E. TENDER OPENING AND EVALUATION**

#### **19. OPENING OF FIRST COVER:** Opening of First Cover of all Tenders and evaluation to determine qualified Tenderers:

- 19.1 The Employer will open the First Covers of all the Tenders received (except those received late or withdrawn), including modifications for First Cover made pursuant to Clause 18, in the presence of the Tenderers or their representatives who choose to attend as per e-procurement portal on the date and the place specified in Clause 16. In the event of the specified date of Tender opening being declared a holiday for the Employer, the Tenders will be opened at the appointed time and location on the next working day.
- 19.2 DELETED
- 19.3 The Tenderer name, the presence or absence of earnest money deposit (amount, format and validity), the submission of qualification information and such other information as the Employer may consider appropriate will be announced by the Employer at the opening.
- 19.4 The Employer shall prepare minutes of the Tender opening, including the information disclosed to those present in accordance with Sub-Clause 19.3.
- 19.5 DELETED

- 
- 19.6 The Employer will evaluate and determine whether each tender (a) meets the eligibility criteria defined in ITT Clause 2 is accompanied by the required earnest money deposit as per stipulations in ITT Clause 13 and meets the minimum qualification criteria stipulated in ITT Clause 3. The Employer will draw out a list of qualified Tenderers.

## **20. OPENING OF SECOND COVER OF QUALIFIED TENDERERS AND EVALUATION:**

- 20.1 The Employer will inform all the Qualified Tenderers the time, date and venue fixed for the opening of the Second Cover containing the priced Tenders published in e-procurement portal. The Employer will open the Second Covers of Qualified Tenderers at the appointed time and date in the presence of the Tenderers or their representatives who choose to attend. In the event of the specified date of financial Tender opening being declared a holiday for the Employer, the Second Covers will be opened at the appointed time and location on the next working day.
- 20.2 DELETED
- 20.3 The Tenderers' names, the Tender prices, the total amount of each Tender, any discounts, Tender modifications and withdrawals, and such other details as the Employer may consider appropriate, will be announced by the Employer at the opening. No Tender shall be rejected at Tender opening.
- 20.4 The Employer shall prepare minutes of the Second Cover Tender opening, including the information disclosed to those present in accordance with Sub-Clause 20.3.

## **21. PROCESS TO BE CONFIDENTIAL**

- 21.1 Information relating to the examination, clarification, evaluation, and comparison of Tenders and recommendations for the award of a contract shall not be disclosed to Tenderers or any other persons not officially concerned with such process until the award to the successful Tenderer has been announced. Any effort by a Tenderer to influence the Employer's processing of Tenders or award decisions may result in the rejection of his Tender.

## **22. CLARIFICATION OF TENDERS**

- 22.1 To assist in the examination, evaluation, and comparison of Tenders, the Employer may, at his discretion, ask any Tenderer for clarification of his Tender, including breakdowns of unit rates. The request for clarification and the response shall be in writing or by cable, but no change in the price or substance of the Tender shall be sought, offered, or permitted except as required to confirm the correction of arithmetic errors discovered by the Employer in the evaluation of the Tenders in accordance with Clause 24.
- 22.2 No Tenderer shall contact the Employer on any matter relating to its Tender from the time of the Tender opening to the time the contract is awarded.

**If they have any query/clarification related to e-Procurement contact e-Procurement Help desk from 10:00 AM to 5:00 PM. Ph. No.: +91 8046010000/ 8068948777 or [support@eprochelpdesk.com](mailto:support@eprochelpdesk.com) e-Procurement portal through query option on or before specified time.**

- 
- 22.3 Any effort by the Tenderer to influence the Employer in the Employer's Tender evaluation, Tender comparison or contract award decisions may result in the rejection of the Tenderers' Tender.

## **23. EXAMINATION OF TENDERS AND DETERMINATION OF RESPONSIVENESS**

- 23.1 Prior to the detailed evaluation of Tenders, the Employer will determine whether each Tender; (a) has been properly signed; and; (b) is substantially responsive to the requirements of the Tender documents.
- 23.2 A Substantially responsive Tender is one which conforms to all the terms, conditions, and specifications of the Tender documents, without material deviation or reservation. A material deviation or reservation is one (a) which affects in any substantial way the scope, quality, or performance of the Works; (b) which limits in any substantial way, inconsistent with the Tender documents, the Employer's rights or the Tenderer's obligations under the Contract; or (c) whose rectification would affect unfairly the competitive position of other Tenderers presenting substantially responsive Tenders.
- 23.3 If a Tender is not substantially responsive, it will be rejected by the Employer, and may not subsequently be made responsive by correction or withdrawal of the nonconforming deviation or reservation.

## **24. CORRECTION OF ERRORS**

- 24.1 Tenders determined to be substantially responsive will be checked by the Employer for any arithmetic errors. Errors will be corrected by the Employer as follows:
- where there is a discrepancy between the rates in figures and in words, the lower of the two will govern and
  - where there is a discrepancy between the unit rate and the line-item total resulting from multiplying the unit rate by the quantity, the unit rate as quoted will govern.
- 24.2 The amount stated in the Tender will be adjusted by the Employer in accordance with the above procedure for the correction of errors and, with the concurrence of the Tenderer, shall be considered as binding upon the Tenderer. If the Tenderer does not accept the corrected amount the Tender will be rejected, and the earnest money deposit may be forfeited in accordance with Sub-Clause 13.6 (b).

## **25. EVALUATION AND COMPARISON OF TENDERS**

- 25.1 The Employer will evaluate and compare only the Tenders determined to be substantially responsive in accordance with Clause 23.
- 25.2 In evaluating the Tenders, the Employer will determine for each Tender the evaluated Tender Price by adjusting the Tender Price as follows:
- (a) Making any correction for errors pursuant to Clause 24; and
  - (b) Making appropriate adjustments to reflect discounts or other price modifications offered in accordance with Sub Clause 18.5.
- 25.3 The Employer reserves the right to accept or reject any variation, deviation, or alternative offer. Variations, deviations, and alternative offers and other factors which are in excess of the

---

requirements of the Tender documents or otherwise result in unsolicited benefits for the Employer shall not be taken into account in Tender evaluation.

- 25.4 The estimated effect of the price adjustment conditions under Clause 40 of the Conditions of Contract, during the implementation of the Contract, will not be taken into account in tender Evaluation
- 25.5 If the tender of the successful tenderer is seriously unbalanced in relation to the Employer's estimate of the cost of the work to be performed under the contract, the Employer may require the Tenderer to produce detailed price analyses for any or all items of the Bill of Quantities, to demonstrate the internal consistency of those prices with the construction methods and schedule proposed. After evaluation of the price analyses, the Employer may require that the amount of the performance security set forth in Clause 29 be increased at the expense of the successful Tenderer to a level sufficient to protect the Employer against financial loss in the event of default of the successful Tenderer under the contract.

## **F. AWARD OF CONTRACT**

### **26. AWARD CRITERIA**

- 26.1 Subject to Clause 27, the Employer will award the Contract to the Tenderer whose Tender has been determined to be substantially responsive to the Tender documents and who has offered the lowest evaluated Tender Price, provided that such Tenderer has been determined to be (a) eligible in accordance with the provisions of Clause 2, and qualified in accordance with the provisions of Clause 3.

### **27. EMPLOYER'S RIGHT TO ACCEPT ANY TENDER AND TO REJECT ANY OR ALL TENDERS**

- 27.1 Notwithstanding Clause 26, the Employer reserves the right to accept or reject any Tender, and to cancel the Tender process and reject all Tenders, at any time prior to the award of Contract, without thereby incurring any liability to the affected Tenderer or Tenderers or any obligation to inform the affected Tenderer or Tenderers of the grounds for the Employer's action.

### **28. NOTIFICATION OF AWARD AND SIGNING OF AGREEMENT**

- 28.1 The Tenderer whose Tender has been accepted will be notified of the award by the Employer prior to expiration of the Tender validity period by cable, telex, e-mail or facsimile confirmed by registered letter. This letter (hereinafter and in the *Conditions of Contract* called the "Letter of Acceptance") will state the sum that the Employer will pay the Contractor in consideration of the execution, completion, and maintenance of the Works by the Contractor as prescribed by the Contract (hereinafter and in the Contract called the "Contract Price").
- 28.2 The notification of award will constitute the formation of the Contract, subject only to the furnishing of Performance Security in accordance with the provisions of Clause 29. Until a formal contract is prepared and executed, the notification of award shall constitute a binding Contract.
- 28.3 The Agreement will incorporate all agreements between the Employer and the successful Tenderer. It will be kept ready for signature of the successful Tenderer in the office of Employer within 30 days following the notification of award along with the Letter of Acceptance. Within

---

20 days of receipt, the successful Tenderer will sign the Agreement and deliver it to the Employer.

The Cost of Stamp duty of the Contract Agreement shall be borne by the contractor as per the Karnataka Stamp duty act.

- 28.4 Upon the furnishing by the successful Tenderer of the Performance Security, the Employer will promptly notify the other Tenderers that their Tenders have been unsuccessful.

## **29. PERFORMANCE SECURITY**

29.1 Within 20 days of receipt of the Letter of Acceptance, the successful Tenderer shall deliver to the Employer a Performance Security in any of the forms given below for an amount equivalent to **3% of the Contract price plus additional security for unbalanced tenders (additional security at 50% of the estimated cost of the unbalanced component)** in accordance with Clause 25.5 of ITT and Clause 43 of the Conditions of Contract.

- Banker's cheque/Demand draft, /Pay Order/ BG in favour of K-RIDE, Bangalore or
- A bank guarantee in the form given in Section 10; or
- Specified Small Savings Instruments pledged to K-RIDE, Bangalore.

29.2 If the Performance Security deposit is provided by the successful tenderer in the form of Bank Guarantee, it shall be issued either by a Nationalized / Scheduled bank.

29.3 The Performance Security deposit if furnished in cash or demand draft can, if requested, be converted to interest bearing securities at the cost of the contractor.

29.4 Failure of the successful tenderer to comply with the requirements of sub-clause 29.1 and clause 29 of additional ITT, shall constitute sufficient grounds for cancellation of the Tender award and forfeiture of the Earnest money deposit.

## **30. ADVANCE PAYMENT AND SECURITY:**

30.1 The Employer will provide an advance payment on the contract price as stipulated In the condition of contract subject to the maximum as stated In the contract data.

## **31. CORRUPT OR FRAUDULENT PRACTICES**

31.1 The K-RIDE requires that the Tenderers/Suppliers/Contractors, observe the highest standard of ethics during the procurement and execution of such contracts. In pursuance of this policy, K-RIDE:

- a) will reject a proposal for award if it determines that the Tenderer recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question;
- b) will declare a firm ineligible, either indefinitely or for a stated period of time, to be awarded a K-RIDE contract if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, a K-RIDE contract.

31.2 Furthermore, Tenderers shall be aware of the provision stated in sub-clause 50.2 of the Conditions of Contract.

**ADDITIONAL INSTRUCTIONS TO TENDERERS**  
**(THIS SHOULD BE READ IN CONTINUATION OF ITT)**

ITT Clause Ref.	Description
2.3	<p><b>The following paras are added:</b></p> <p>Wherever the word JV is there, it should be read as JV/Consortium.</p> <p>A Tenderer may be a natural person, private entity, government-owned entity, or any combination of them with a format intent to enter into an agreement or under an existing agreement in the form of a Joint venture or consortium. The Tenderer must ensure the following</p> <p>(a) In case of Single Entity:</p> <p style="padding-left: 40px;">(i) Submit Power of Attorney authorizing the signatory of the Tender to commit the Tenderer.</p> <p>(b) DELETED:</p> <p>(c) Only firms that are registered or incorporated in India are eligible to compete. Any Tenderer from a country which shares a land with India will be eligible to Tender in this tender only if the Tenderer is registered with the Competent Authority.</p> <p>(d) “Tenderer from a country which share a land border with India” for the purpose of this Order means: -</p> <ol style="list-style-type: none"> <li>1. An entity incorporated, established or registered in such a country; or</li> <li>2. A subsidiary of an entity incorporated, established or registered in such a country; or</li> <li>3. An entity substantially controlled through entities incorporated, established or registered in such a country; or</li> <li>4. An entity whose beneficial owner is situated in such a country; or</li> <li>5. An Indian (or other) agent of such an entity; or</li> <li>6. A natural person who is a citizen of such a country; or,</li> <li>7. A consortium or joint venture where any member of the consortium or joint venture falls under any of the above</li> </ol> <p>(e) The beneficial owner for the purpose of above clause will be as under:</p> <p>(i) In case of a company or Limited Liability Partnership, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person(s), has a controlling ownership interest or who exercises control through other means.</p> <p><b>Explanation-</b></p> <p>a. “Controlling ownership interest” means ownership of or entitlement to more than twenty-five percent of share or capital or profits of the company;</p>

b. "Control" shall include the right to appoint majority of the directors or to control the management or policy decisions including by virtue their shareholding or management rights or shareholders agreements or voting agreements;

(ii) In case of a partnership firm, the beneficial owner is the natural person(s) who, whether acting alone or together, or through one or more juridical person, has ownership of entitlement to more than fifteen percent of capital or profits of the partnership;

(iii) In case of an unincorporated association or body of individuals, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person, has ownership of or entitlement to more than fifteen percent of the property or capital or profit of such association or body of individuals;

(iv) Where no natural person is identified under (i) or (ii) or (iii) above, the beneficial owner is the relevant natural person who holds the position of senior managing official;

(v) In case of a trust, the identification of beneficial owner(s) shall include identification of the author of the trust, the trustee, the beneficiaries with fifteen percent or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.

**The Tenderer shall submit a Certificate stating that they have read the above clause using the appropriate Performa given in Section 3 - Form 3C1 & 3C2.**

**Tenderer having a conflict of interest shall be disqualified. The conflict of interest is detailed below.**

A Tenderer or any of its constituents shall not have conflict of interest. All Tenderers found to have a conflict of interest shall be disqualified. A Tenderer may be considered to be in a conflict of interest with one or more parties in this Tendering process, if, including but not limited to::

- (a) they have controlling shareholders in common; or
- (b) they receive or have received any direct or indirect subsidy from any of them; or
- (c) they have the same legal representative for purposes of this Tender; or
- (d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the Tender of another Tenderer, or
- (e) any firm, either individually or in Joint Venture (JV)/ Consortium, submits more than one offer irrespective of whether the firm is quoting against this Tender. The Tenders submitted by two different Tenderers, having any common participant in JV/ Consortium formation or any common partner in partnership firms, or an individual will be treated as having conflict of interest or

<p>2.4</p> <p>2.5</p>	<p>(f) a Tenderer who is Sub-contractor to another Tenderer will be treated as having conflict of interest. However, this does not limit the inclusion of the same sub-contractor in more than one Tender.</p> <p>(g) a Tenderer participated as a consultant in the preparation of the design or specifications of the contract that is the subject of the Tender; or</p> <p>(h) A Tenderer was affiliated for any period(s) during last two years before the date of issue of Invitation for Tenders with a firm or entity that has been hired (or is proposed to be hired) by the Employer as Engineer for the contract.</p> <p><b>The Tenderer shall be disqualified if:</b></p> <p>(a) The Tenderer or any of its constituents has been blacklisted/ banned business dealings for all Government Departments or by Ministry of Railways or by K-RIDE at any time till finalization of Tenders, except in cases where such blacklisting/ banning has been withdrawn by Competent Authority or has ceased on the deadline for submission of the Tenders, for which satisfactory evidence is to be produced.</p> <p>(b) Any previous contract of the Tenderer or any of its constituents had been terminated for contractor's failure or part terminated for its failure as a JV/ Consortium partner with forfeiture of its full Performance Security, by Rail Infrastructure Development Company (Karnataka) Ltd.(K-RIDE) at any time starting from 3 years before the deadline for submission of Tenders and up to one day before the date of opening of price Tenders;</p> <p>Provided, however, there is no stay order or declaration by any Court against such termination of the Contract by Rail Infrastructure Development Company (Karnataka) Ltd. or such termination of the Contract has not been revoked by Rail Infrastructure Development Company (Karnataka) Ltd or competent authority of K-RIDE has not passed an order of non-applicability of disqualification of the Tenderer or any of its constituents despite such termination.</p> <p>(c) The Tenderer or any of its constituents has been imposed delay damages of 5% or more of contract value by K-RIDE due to delay in the implementation of any previous contract within the period of last 2 years before the deadline for submission of Tenders (Period of 2 years shall be reckoned from the date on which the total accrued amount of Delay Damages has reached 5% or more of the contract price) or such accrued delay damages has not been fully recovered before the deadline for submission of Tenders on account of contractor's request for deferring recovery to maintain cash flow and K-RIDE has acceded to the same in the interest of the project or the work under the previous contract in question has not been completed before the deadline for submission of Tenders, unless imposition of such delay damages has been set aside by the Competent Authority.</p> <p>(d) The Tenderer or any of its constituents:</p> <p>(i) has suffered bankruptcy/insolvency or</p> <p>(ii) has any ongoing case of insolvency before the NCLT/any Court where Interim Resolution Professional (IRP) has been appointed or is at any later stage of the insolvency process. On the deadline of submission of Tenders or thereafter till finalization of Tenders.</p>
-----------------------	--

	<p>(e) The Tenderer is found ineligible by the Employer, in accordance with ITB-3.</p> <p>(f) The Tenderer or its constituent(s) has been declared by K-RIDE to be a poor performer and the period of poor performance is still in force on the deadline for submission of Tenders.</p> <p style="text-align: center;">OR</p> <p>The Tenderer or its constituent(s) has been declared by K-RIDE to be a poor performer at any time after the deadline for submission of Tenders and upto one day before the date of opening of price Tenders.</p> <p>(g) The Tenderer or any of its constituents has changed its name or created a new business entity as covered by the definition of “Allied Firm” under para 1102 (iii) of Chapter XI of Vigilance Manual of Indian Railways (available on website of Indian Railways), consequent to having been banned business dealings or suspended business dealings or having been declared poor performer.</p> <p><b>The Tenderer shall submit an affidavit stating that they are not liable to be disqualified as per this sub clause using the Form PS3 given in Section-3: Qualification and Information/Bidding Forms. Non-submission of an affidavit by the Tenderer shall result in summary rejection of his Tender.</b></p> <p>Tenderers shall immediately inform the Employer in case they cease to fulfil eligibility in terms of ITT <b>clause 2</b> above. In case the Tenderer fails to inform the Employer or submits a false affidavit, his Tender shall be summarily rejected and Tender security shall be forfeited. The Tenderer shall also be liable for Banning of Business dealings for a period up to five years</p>
2.6	<b>DELETED</b>
3.3(a)	<p><b>The following para is added:</b></p> <p><b>Materials, Equipment and Services</b></p> <p>The materials, equipment and services to be supplied under the Contract shall be from the approved sources as specified in Section 8A: Works Requirements and Bill of Quantities Section-9.</p>
7.3	<p><b>The following para is added:</b></p> <p>The Employer is not responsible for the completeness of the Bidding Document and their Addenda, if they were not obtained directly from the source stated by the Employer in the Invitation for Bids.</p> <p>The Bidder is expected to examine all instructions, forms, terms, and specifications in the Bidding Document. Failure to furnish all information or documentation required by the Bidding Document may result in the rejection of the bid.</p>
8.3	<p><b>The following para is added:</b></p> <p>The Pre-Tender meeting may also be attended through video conferencing (VC). Those Tenderers who wish to join the Video Conferencing shall send a request email on the email id (i.e. <a href="mailto:gmcivil3@kride.in">gmcivil3@kride.in</a>) by <b>04.11.2021 up to 15:30 hours IST</b>, so that a link for Video Conferencing can be sent by K-RIDE.</p> <p>Please note that the request received from the Tenderers (With details of the Company, its address,</p>

	<p>and the name and designation of the person attending the VC) will only be entertained. They should also mention the email id through which VC is desired to be joined.</p> <p>K-RIDE may allow maximum of two email ids for one company to participate in the VC. Any request for VC received after the given date and time for sending the link for VC will not be entertained.</p> <p>Prospective Tenderers will be able to join the VC through the link provided to them on Email ID. During this pre- Proposal meeting, prospective Tenderers may request for clarifications.</p>
<p><b>10.3</b></p>	<p><b>The following para is added:</b></p> <p><b>Documents Comprising the Tender</b></p> <ul style="list-style-type: none"> <li>• The Tender shall comprise of Tender Security/Tender Security Declaration, Technical Tender and Price Tender. The Tenderer shall submit the Tender through e procurement portal.</li> <li>• On the stipulated date of opening of Tenders, initially, only the Technical Tenders are opened through e procurement portal. The Technical Tenders shall be evaluated by the Employer in accordance with the stipulated Qualification and Evaluation criteria. No amendments or changes to the Technical Tenders would be permitted after the opening of technical Tenders.</li> <li>• Tenderers who are qualified in the technical evaluation their price Tender shall be opened at a date and time advised by the Employer(K-RIDE) through e-tendering portal. The Price Tenders are evaluated and the Contract is awarded to the Tenderer whose Tender has been determined to be the lowest evaluated substantially responsive Tender.</li> </ul> <p><b>The Technical Tender shall contain the following:</b></p> <ul style="list-style-type: none"> <li>• All the Forms of Section-3: Qualification Information/Bidding Forms including letter of technical Bid (LTB) shall be scanned and uploaded.</li> <li>• <b>Tenderer should note that non-submission of the Letter of Technical Bid (LTB) by the Tenderer shall result in summary rejection of his Tender.</b></li> <li>• Scanned copy of Tender Security/Tender Security Declaration form (Section 3), in accordance with ITT Clause 13;</li> <li>• Scanned copy of written confirmation authorizing the signatory of the Tender to commit the Tenderer, any amendments such as interlineations, erasures, or overwriting shall be valid only if they are signed or initialled by the person signing the Tender.</li> <li>• Scanned copy of documentary evidence with establishing the Tenderer's qualifications to perform the contract; To establish its qualifications to perform the Contract in accordance with Section 2: ITT the Tenderer shall submit as part of its technical Tender the information requested in the corresponding information sheets included in Section 3: Qualification Information/Bidding Forms.</li> </ul>

	<ul style="list-style-type: none"> <li>The Tenderer shall submit through e procurement portal, separate Technical Proposal and Price Proposal for each individual contract package, using the appropriate Submission Sheets furnished in Section-3: Qualification Information/Bidding Forms. 11.5	<p><b>The following para is added:</b></p> <p><b>Price Bid and Discounts</b></p> <ul style="list-style-type: none"> <li>In the BOQ, quantity and unit rates and thereby the amount against each item have been indicated where rates as percentage Above/Below/At par are to be quoted. <b>If any Tenderer quotes more than one percentage for such schedules, its Tender shall be summarily rejected.</b></li> <li>The Tenderer shall fill in rates and prices for all items of the Works described in the Bill of Quantities. <b>Items against which no rate or price is entered by the Tenderer will not be paid for by the Employer when executed and shall be deemed covered by the rates for other items and prices in the Bill of Quantities</b></li> </ul>

	<ul style="list-style-type: none"> <li>• The Tenderer can modify his/her Tender and resubmit it any number of times through the procurement portal before the deadline for submission of Tenders. Any other correspondence in connection with the Tender is not permissible and shall not be considered in Tender evaluation.</li> <li>• Unless otherwise provided in the ITT and the Contract, the rates and prices quoted by the Tenderer are subject to adjustment during the performance of the Contract in accordance with the provisions of the Conditions of Contract. In such a case, the indices and weightages for the price adjustment formulae shall be as specified in the Tables of Adjustment Data included in Contract Data.</li> <li>• All duties, taxes including GST, royalties, cess and other levies payable by the Contractor under the Contract, or for any other cause (including standard specifications), as of the date 28 days prior to the deadline for submission of Tenders, <b>shall be included in the rates and prices and the total Tender Price submitted by the Tenderer.</b> GST shall be paid by the Tenderer as applicable in accordance with the prevailing rules of Government of India.</li> <li>• Tenderers should note that during the progress of the works, the foreign currency requirements of the outstanding balance of the Contract Price may be adjusted by agreement between the Employer and the Contractor in order to reflect any changes in foreign currency requirements for the Contract, in accordance with Sub-Clause 14/ITT (Currencies of Bid and Payment) of the Conditions of Contract. Any such adjustment shall be affected by comparing the percentages quoted in the Tender with the amounts already used in the Works and the Contractor's future needs for imported items.</li> <li>• Online alternative Price Tender corresponding to the alternative Technical Tender, if permissible, in accordance with ITT Clause 14;</li> </ul>
13.7	<p><b>The following para is added:</b></p> <p><b>In this tender, the tender security/ EMD need not be paid. Tender security declaration as per form BDF-1 has to be submitted.</b></p> <p>The Tender security shall be, at the Tenderer's option, in any of the following forms:</p> <p>(a) A Cashiers or Banker's certified cheque or Bank draft drawn on a Scheduled/Nationalized Bank in India in favour of "Rail Infrastructure Development Company (Karnataka) Ltd" payable at Bengaluru;</p> <p style="text-align: center;">or</p> <p>(b) An unconditional bank guarantee using the Form given in Section 3: Qualification Information and Bidding Forms. The bank guarantee shall be from a bank having minimum net worth of over INR 500 million from the specified banks as under:</p> <ul style="list-style-type: none"> <li>(i) a Scheduled Bank in India, or</li> <li>(ii) a Foreign Bank having their operations in India, or</li> <li>(iii) a Foreign Bank which do not have operations in India is required to provide a counter-guarantee by State Bank of India,</li> </ul>

(c) The Scheduled Bank issuing the Bank Guarantee must be on "Structure Financial Messaging System (SFMS)" platform. A separate advice of the BG shall be invariably be sent by the issuing bank to the Employer's Bank through SFMS and only after this the BG shall become operative and acceptable to the Employer.

Further, the Tender Security in Original form along with a copy of "MT760COV (in case of Bank Guarantee message) / MT767COV (in case of Bank Guarantee amendment message) Report" sent by the BG issuing Bank Sealed in an envelope shall be submitted, as stated in ITT 15.

The Issuing Bank shall send the SFMS to:

Beneficiary: Rail Infrastructure Development Company (Karnataka) Limited (K-RIDE)

Bank Name: Canara Bank

Branch: Prime Corporate Branch

Account No. 0430201012110

IFSC Code: CNRB0002636

The Tender security shall be valid up to 45 days beyond tender validity, or up to the date mentioned in the letter of request for extension, if any under ITT 12.

In case the Tenderer has opted for Tender security in the form of an unconditional Bank Guarantee, the Tenderer should upload the scanned copy of Bank Guarantee with the Tender. The original Bank Guarantee should be delivered in person to the official nominated as indicated in the Tender data sheet within 5 working days of deadline of submission of Tenders. Non submission of scanned copy of Bank Guarantee with the Tender on e-tendering portal and/or non-submission of original Bank Guarantee within the specified period shall lead to summary rejection of Tender. The details of the BG, physically submitted should match with the details available in the scanned copy and the data entered during Tender submission time, failing which the Tender will be rejected.

- a. Unless otherwise specified in the BDS, any Tender not accompanied by an enforceable and compliant Tender security as required in accordance with ITT, shall be summarily rejected by the Employer as non-responsive.
- b. The Tender security of the Tenderer who have been determined to be unqualified for opening of their financial Tender shall be returned within 3 working days after the opening of financial Tender. The Tender security of unsuccessful Tenderers shall be returned within 7 working days after issue of LOA to the successful Tenderer.
- c. The Tender security of the unsuccessful Tenderer shall be returned as promptly as possible once the successful Tenderer has signed the Contract and furnished the required performance security.
- d. The Tender security may be forfeited:
  - (a) if a Tenderer withdraws its Tender during the period of Tender validity specified by the Tenderer on the Letter of Tenders, except as provided in ITT Clause 12 or
  - (b) if a Tenderer misrepresents or omits the facts in order to influence the procurement process;

	<p>(c) if the successful Tenderer fails to:</p> <ul style="list-style-type: none"> <li>(i) sign the Contract in accordance with ITT Clause 28;</li> <li>(ii) furnish a performance security in accordance with ITT 29;</li> <li>(iii) accept the correction of its Tender Price pursuant to ITT 24; or</li> <li>(iv) furnish a domestic preference security if so required.</li> </ul> <p>(d) if the undertaking of the affidavit submitted by the Tenderer or its constituents in pursuance to ITT clause 2 or any of the declarations of Letter of Technical Tender or Letter of Price Tender submitted by the Tenderer has been found to be false at any stage during the process of Tender evaluation.</p>
14	<p><b>The following para is added:</b></p> <p>The Tender, as well as all correspondence and documents relating to the Tender exchanged by the Tenderer and the Employer, shall be written in English. Supporting documents and printed literature that are part of the Tender may be in another language provided they are accompanied by an accurate translation of the relevant passages in English in which case, for purposes of interpretation of the Tender, such translation shall govern</p>
15	<p><b>The following para is added:</b></p> <p><b>Sealing and Marking of Tenders</b></p> <p>The Tenderer shall submit the technical Tender, Price Tender and the Tender Security/Tender Security Declaration through e procurement portal of K-RIDE i.e., <a href="https://eproc.karnataka.gov.in">https://eproc.karnataka.gov.in</a>. The original of the Technical Proposal, which will contain all Forms of Section 3 except Forms PS 2 and Bill of Quantity:(BOQ) Section 7 and all other relevant data specified in the Tender document.</p> <p>The above forms should be scanned and submitted through e-procurement portal.</p> <p>No details about price proposal shall be disclosed directly or indirectly in the technical proposal failing which the Tender shall be rejected. <b>Only Electronic Tender submission and opening procedure permitted.</b></p>
19.7	<p><b>The following para is added:</b></p> <p><b>Tender Opening</b></p> <ul style="list-style-type: none"> <li>• The Employer shall conduct the opening of Technical Tenders through' e-procurement portal i.e., <a href="https://eproc.karnataka.gov.in">https://eproc.karnataka.gov.in</a> on the date and at the time mentioned.</li> <li>• The date and time of the opening of Price Tenders will be announced through e-procurement portal</li> <li>• At the end of the evaluation of the Technical Tenders, the Employer will intimate Tenderers who have submitted substantially responsive technical proposals and who have been determined as being qualified for award to attend the opening of the price Proposals. The date and time, of the opening of Price Tenders will be advised through email/e-procurement. Tenderers shall be given reasonable notice for the opening of Price Tenders.</li> </ul>

	<ul style="list-style-type: none"> <li>• The Employer will notify Tenderers in writing who have been rejected on the grounds of being substantially non-responsive to the requirements of the Tendering Document and who have been determined as being not qualified as a result of evaluation of technical proposal and their Price Tender shall not be opened. The Tender security of the Tenderers shall be returned as per due process.</li> <li>• The Employer shall conduct the opening of Price Tenders through e procurement portal i.e., <a href="https://eproc.karnataka.gov.in">https://eproc.karnataka.gov.in</a> of all Tenderers who have submitted substantially responsive Technical Tenders and who have been determined qualified as a result of technical evaluation.</li> </ul>
23.4	<p><b>The following para is added:</b></p> <p><b>Deviations, Reservations, and Omissions</b></p> <p>During the evaluation of Tenders, the following definitions apply:</p> <ul style="list-style-type: none"> <li>(a) “Deviation” is a departure from the requirements specified in the Tendering Document;</li> <li>(b) “Reservation” is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the Tendering Document; and</li> <li>(c) “Omission” is the failure to submit part or all of the information or documentation required in the Tendering Document.</li> </ul>
24.3	<p><b>The following para is added:</b></p> <p><b>Nonconformities, Errors, and Omissions</b></p> <ul style="list-style-type: none"> <li>• Provided that a Tender is substantially responsive, the Employer may waive any nonconformities in the Tender that do not constitute a material deviation, reservation or omission.</li> <li>• Provided that a Tender is substantially responsive, the Employer may request that the Tenderer submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities in the Tender related to documentation requirements. Requesting information or documentation on such nonconformities shall not be related to any aspect of the price of the Tender. Failure of the Tenderer to comply with the request may result in the rejection of its Tender.</li> </ul>
24.4	<p><b>The following para is added:</b></p> <p><b>Correction of Arithmetical Errors and Omissions in Tender and Evaluation of Tender Price</b></p> <ol style="list-style-type: none"> <li>1. Provided that the Tender is substantially responsive, the Employer shall correct arithmetical errors and omissions in the Tender and then arrive at the Evaluated Tender Price on the following basis: <ul style="list-style-type: none"> <li>(a) If there is a discrepancy between the price mentioned in the summary sheet of the BOQ and the price that is obtained by calculation i.e. by taking into account the percentage rate quoted above/below/at par for any bill/ schedule in the summary sheet of BOQ, then the quoted percentage rate shall prevail and the price shall be corrected accordingly.</li> </ul> </li> </ol>

	<p>(b) if the percentage rate has been quoted both in words and in figures and there is a discrepancy in such rates, then the lower of the two shall prevail and shall be considered for evaluation of the price of the schedule/bill;</p> <p>(c) If the percentage rate has been quoted either in words or in figures only, then the same shall be considered for evaluation of the price of the schedule/bill;</p> <p>(d) If no percentage rate has been indicated for any particular schedule/bill in words, as well as in figures, irrespective of the fact whether the Tenderer has written or not written above/below/at par, in such cases, the rate shall be considered as at par and the price shall be calculated accordingly;</p> <p>(e) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected.</p> <p>(f) The rate for each item of each schedule/bill shall first be calculated after applying percentage rate and discount(s) to the BOQ rate for that item and the net rate shall be rounded off to 2 decimal places. The net rate so calculated shall then be used for working out the amount for each item of the schedule/bill. Thereafter, evaluated price of a schedule shall be calculated as the sum of amounts of all items of that schedule and sum of evaluated prices of all schedules/bills shall be the overall Evaluated Tender Price.</p> <p>2. If the Tenderer that has submitted the lowest evaluated Tender does not accept the correction of errors and omissions as per above provisions, its Tender shall be disqualified and its Tender security shall be forfeited or its Tender-Securing Declaration executed.</p>
<p><b>25.6</b></p>	<p><b>The following para is added:</b></p> <p><b>Conversion to Single Currency</b></p> <p>For evaluation and comparison purposes the currencies of the Tender shall be converted into Indian Rupees as stated in BDS.</p> <p>An Abnormally Low Tender is one in which the Tender price, in combination with other elements of the Tender, appears so low that it raises material concerns as to the capability of the Tenderer to perform the contract at the offered price. The Employer may in such cases seek written clarifications from the Tenderer, including detailed price analysis of its Tender price in relation to scope, schedule, allocation of risks and responsibilities, and any other requirements of the Tender document. If, after evaluating the price analyses, the Employer determines that the Tenderer has substantially failed to demonstrate its capability to deliver the contract at the offered price, the Employer may reject the Tender/ proposal.</p> <p>Additional Performance Security in case of abnormally low Tenders will have to be submitted.</p> <p><b>The calculation sheet is as below:</b></p> <p>If the bid, which results in the lowest Evaluated Bid Price is substantially on lower side and/or seriously unbalanced in the opinion of the Employer as per criteria defined below, the Employer may require the bidder to submit additional performance security as under:-</p> <p>a) If overall price quoted by the L1 bidder is below the engineer's estimated price by more than 10% and the difference between overall price quoted by the L1 and L2 is more than 5% of the estimated price, then the bid price of L1 bidder shall be treated as substantially on lower side and such bidder</p>

	<p>shall be bound to furnish additional performance security equal to the (0.9x engineer's estimated price – L1 price) or (0.95 x L2 price – L1 price)</p> <p>whichever is lower, on this account. Example below demonstrates the method of calculation to arrive at additional performance security:</p> <p>Suppose overall price quoted by the L1 bidder is 17% below the estimated price and the overall price quoted by L2 bidder is 8% below the estimated price. In this case the overall price quoted by the L1 bidder is lower by more than 10% of the estimated price and also the difference between overall price quoted by the L2 and L1 bidder is more than 5% of the estimated price, hence the L1 bidder shall be required to furnish additional performance security for an amount equal to <math>\{0.9 \times \text{engineer's estimated price} - (1-17/100) \times \text{engineer's estimated price}\} = \{0.07 \times \text{engineer's estimated price}\} = 7\%</math> of engineer's estimated price or <math>\{0.95 \times (1-8/100) \times \text{engineer's estimated price} - (1-17/100) \times \text{engineer's estimated price}\} = \{0.044 \times \text{engineer's estimated price}\} = 4.4\%</math> of engineer's estimated price; whichever is lower.</p> <p>As per the above L1 bidder shall be required to submit additional performance security of 4.4% of engineer's estimated price.</p> <p>b) If for any bill/ schedule of quantities % age above or below quoted by the bidder on the estimated price is beyond 15% below the overall % age difference between the quoted contract price and the engineers estimated price, then the price for that particular schedule shall be treated as seriously unbalanced and bidder shall be bound to furnish additional performance security for such unbalanced price. Example below demonstrates the method of calculation to arrive at unbalanced price and additional performance security:</p> <p>Suppose for the L1 bidder overall % age difference between quoted contract price and the engineers estimated price;</p> <p><math>(\text{Overall contract price} - \text{Overall estimated price}) \times 100 \div \text{overall estimated price} = + 4 \%</math></p> <p>Maximum % age below permitted over estimated price of any bill / schedule in this case = <math>+4 - 15 = -11\%</math></p> <p>Suppose for the L1 bidder has quoted 20% below estimated price of schedule "A" then the pricing of the schedule A shall be treated as unbalanced and the bidder shall be required to furnish additional performance security for an amount equal to <math>(20 - 11) \%</math> of the estimated price of schedule A.</p>
<p><b>26.2</b></p>	<p><b>The following para is added:</b></p> <p><b>Award Criteria</b></p> <ul style="list-style-type: none"> <li>• The Employer shall award the Contract to the Tenderer whose Tender is substantially responsive to the Tendering Document, provided further that the Tenderer is determined to be qualified to perform the Contract satisfactorily and whose offer has been determined to be the lowest evaluated subject to ITT below. In case of more than one Tenders are evaluated to be lowest, Contract shall be awarded to the Tenderer having higher average annual construction turnover (calculated as total certified payments received for contracts in progress or completed) in equivalent INR within the last Two financial years.</li> </ul>

	<ul style="list-style-type: none"> <li>The Employer has the right to review at any time prior to award of contract that the qualification criteria as specified in Section-3: Qualification Information and Bidding Forms are still being met by the Tenderer whose offer has been determined to be the lowest evaluated Tender. A Tender shall be rejected if the qualification criteria as specified in Section-3: Qualification Information and Bidding Forms are no longer met by the Tenderer whose offer has been determined to be the lowest evaluated Tender. In this event the Employer shall proceed to the next lowest evaluated Tender to make a similar reassessment of that Tenderer's capabilities to perform satisfactorily.</li> </ul>
<p><b>29.5</b></p>	<p><b>The following para is added:</b></p> <p><b>Performance Security</b></p> <p>The successful Tenderers shall have to submit a Performance Guarantee (PG) Within twenty (20) days from the date of issue of Letter of Acceptance (LOA). Extension of time for submission of PG beyond 20 days up to 60 days from the date of issue of LOA may be given by the authority who is competent to sign the contract agreement. However, a penal interest of 12% of per annum shall be charged for the delay beyond 20 days, i.e. From 21nd day after the date of issue of LOA. Further if the 60th day happens to be declared holiday in the office of K-RIDE, submission of PG can be accepted on the next working day.</p> <p>In all other cases if the contractor fails to submit the requisite PG even after 60 days from the date of issue of LOA, the contract is liable to be terminated. In case contract is terminated K-RIDE shall be entitled to forfeit the Tender security and other dues payable against to the contract. In case the tenderer has not submitted by security on the strength of their registration as a start-up recognized by the Department of Industrial Policy and Promotion (DIPP) under Ministry of Commerce and Industry, DIPP shall be informed to this effect. The failed contractor shall be debarred from participating in re-tender for that work.</p> <p>Failure of the successful Tenderer to submit the above-mentioned Performance Security or to sign the Contract Agreement shall constitute sufficient grounds for the annulment of the award and forfeiture of the Tender security or execution of the Tender-Securing Declaration.</p> <p>The above provision shall also not apply to the furnishing of a Domestic Preference Security, if so required.</p>
<p><b>New Clause-1</b></p>	<p><b>LITIGATION HISTORY:</b> (Please see Annexure Tendering Forms).</p> <p>The Tenderer/Tenderers should provide accurate information on any litigation or arbitration resulting from contracts completed or under its execution over the last ten years as on date of submission of this tender. If the litigation started by the Tenderer without recourse to measures of Dispute Resolution and Arbitration as provided in the Contract or the litigation in respect of challenge of award of Arbitration by the Tenderer, will be treated as Litigation case indulged by the Tenderer for this Para of Litigation History.</p>
<p><b>New Clause-2</b></p>	<p><b>Jurisdiction of Courts</b></p> <p>The Tendering process shall be governed by and construed in accordance with the laws of India and the Courts as indicated in Tender Data Sheet shall have exclusive jurisdiction over all the disputes/issues arising under, pursuant to and/ or in connection with the Tendering process.</p>

## **QUALIFICATION INFORMATION/BIDDING FORMS**

**INDEX****SECTION-3: QUALIFICATION INFORMATION/BIDDING FORMS**

This Section contains the forms which are to be completed by the Bidder and to be submitted as part of this Bid.

Sl. No.	Description	Form Number/ Para No.	Page No.
	<b>A) Qualification Information/Bidding Forms</b>		<b>36-38</b>
1.	Legal status of Tenderer	Para No. 1.1	
2.	Executed and Payment Received statement for 5 Years	Para No. 1.2	
3.	Similar Work Experience	Para No. 1.3	
4.	Quantities of Work executed in Last 5 years	Para No. 1.4	
5.	Information on Works (Existing, Ongoing and Works for which Tenders already submitted)	Para No. 1.5	
6.	Availability of Plant and Equipment Details	Para No. 1.6	
7.	Reports of Financial Standing (Profit and Loss Statements)	Para No. 1.7	
8.	Qualification and Experience of Key Personnel	Para No. 1.8	
9.	Tenderers bankers Details	Para No. 1.9	
10.	Evidence of access to Financial Resources	Para No. 1.10	
11.	Proposed Subcontracting components	Para No. 1.11	
12.	Information on Litigation History	Para No. 1.12	
13.	Proposed Methodology and Program of construction	Para No. 1.13	
	<b>B) Additional Qualification Information/Bidding Forms</b>		<b>39-46</b>
14.	Letter of Technical Bid	Form PS 1	
15.	Letter of Price Bid	Form PS 2	Deleted
16.	Format for Affidavit (along with Bid)	Form PS 3	
17.	Bid Security Declaration Form	Form BDF/1	
18.	Letter of participation from Each partner of Joint Venture (JV)/ Consortium	Form JV/Consortium/1	NA
19.	Power of attorney for authorized signatory of Joint Venture (JV)/ Consortium partners	Form JV/Consortium/2	NA
20.	Power of attorney to Lead partner of joint venture (JV)/ Consortium	Form JV/Consortium/3	NA
21.	Draft Joint Venture Agreement	Form JV/Consortium/4	NA
	<b>Bidder Qualification</b>		<b>47-60</b>
22.	Bidder's Information Sheet	Form ELI - 1	
23.	JV/Consortium Information Sheet	Form ELI - 2	NA
24.	Financial Situation	Form FIN - 1	
25.	Annual Construction Turnover	Form FIN - 2	
26.	Current Contract Commitment	Form FIN - 3	
27.	Deleted	Form No 1	
28.	Checklist for clauses pertaining to Summary Rejection of bid	Form No 2	
29.	Format for certificate to be submitted by bidder along with the bid	Form 3 C1	
30.	Format for certificate to be submitted by Bidder along with the bid for subcontracting	Form 3 C2	
31.	Deleted	Form 4	
32.	Key Personnel for the work	Form 5	
33.	Format of Curriculum Vitae (cv) for proposed key professional staff	Form 6	Deleted
34.	Undertaking from specialist sub-contractor	Form CL-2	Deleted
35.	Availability of Financial Resources	Form CL-3	Deleted
36.	Evidence of Availability of Credit Line Financial Resources	Form CL-4	Deleted
37.	Work Experience Certificate	Form EXP-1	

## **A) QUALIFICATION INFORMATION/BIDDING FORMS**

### 1. QUALIFICATION INFORMATION

The information to be filled in by the Tenderer hereunder will be used for purposes of computing Tender capacity as provided for in Clause 2 of the Instructions to Tenderers. This information will not be incorporated in the Contract.

#### 1.1. Constitution or legal status of Tenderer

Place of Registration: \_\_\_\_\_ [Attach copy]

Principal place of business: \_\_\_\_\_ [Attach Copy]

#### 1.2. Total value of construction works executed and payments received in the preceding five Financial Years. (Rs. In Crores) (attach certificate from Statutory Auditors)

2016-2017: -----

2017-2018: -----

2018-2019: -----

2019-2020: -----

2020-2021: -----

#### 1.3. Work performed as Contractor (in the same name) on works of similar nature over during the five financial years specified in 1.2 above.

Project Name	Name of Employer	Description of Work	Contract Number	Value of contract Rs. Cr.	Date of Issue of work order	Specified period of completion	Actual date of completion	Remarks explaining reasons for delay in completion of work
1	2	3	4	5	6	7	8	9

#### Note:

- (1) If the qualifying work of similar nature is done by a joint venture/consortium, then Value shall be considered as per percentage participation by the member(s) in that joint venture/consortium.
- (2) Value of \*similar nature of work completed shall be updated up to date of submission as per table given below:

Financial year	2016-17	2017-18	2018-19	2019-20	2020-21
Indian Currency					
Foreign Currency					

- (3) Updated value of completed work in foreign currency shall be converted to Equivalent INR, calculated using the selling exchange rate of Reserve Bank of India as on 28<sup>th</sup> day prior to the last date of submission of bids. In case publication is not available on 28<sup>th</sup> day, previous working day published exchange rate shall be considered for evaluation.

The bidder shall attach a copy of the Certificate(s) issued by the employer in support of the information being furnished in the above form, failing which the claim of the bidder shall be liable to be rejected (in case of experience as a sub-contractor, the employer shall be the owner of the Project who has engaged the main Contractor).

SEAL AND SIGNATURE

#### 1.4. Quantities of work executed as contractor (in the same name) during the last five years.

Year	Name of Work	Name of Employer	Quantity of work performed (As mentioned in Qualification of the Tenderer Clause 3.2)	Remarks (Indicate contract reference Contract No., Award Date, Completion date, Role in contract, total contract amount, JV participation proportion)
			"Welding of rail joints by SKV Alumino Thermit welding technique"	
2016-17				
2017-18				
2018-19				
2019-20				
2020-21				

**Note:**

- 1) Copy of Certificate(s) issued by the employer in support of the information being furnished above, shall be attached with each respective form, as per detailed requirements indicated in clause 3.2 (c) of Section 2 failing which the claim of the bidder shall be liable to be rejected (in case of experience as a sub-contractor, the employer shall be the owner of the Project who has engaged the main Contractor).

SEAL AND SIGNATURE

- 1.5. Information on works for which Tenders have been submitted and works which are yet to be completed as on the date of this Tender.

**(A) Existing commitments and on-going works:**

Description of Work	Place & State	Contract No. & Date	Name and Address of Employer	Value of Contract (Rs. In Crores)	Stipulated period of completion	Value of works remaining to be completed (Rs. In Crores) (Attach certificate from Engineer in charge)	Anticipated date of completion
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)

**(B) Works for which Tenders already submitted:**

Description of Work	Place & State	Name and Address of Employer	Estimated value of works (Rs. In Crores)	Stipulated period of completion	Date when decision is expected	Remarks if any
(1)	(2)	(3)	(4)	(5)	(6)	(7)

- 1.6. Deleted

- 1.7. Reports on the financial standing of the tenderer, such as profit and loss statements and auditor's reports for the last five years;

- 1.8. Qualification and experience of the key technical and management personnel in permanent employment with the tenderer and those that are proposed to be deployed on this contract, if awarded.

- 1.9. Name, address, and telephone, telex, and fax numbers of the Tenderers' bankers who may provide references if contacted by the Employer.

- 1.10. Deleted.

- 1.11. Deleted

- 1.12. Deleted.

**B) ADDITIONAL QUALIFICATION INFORMATION/BIDDING FORMS**

**Form: PS1**

**LETTER OF TECHNICAL BID**

(Seperately for each Package) .....  
Date.....

Invitation for Bid No.:.....

To,  
.....

We, the undersigned, declare that:

- (a) We have examined and have no reservations to the Bidding Documents, including Addenda issued in accordance with Instructions to Tenderer (ITT);
- (b) We offer to execute the Works in conformity with the Bidding Documents;
- (c) Our bid shall be valid for a period of 120 days from the date fixed for the bid submission deadline in accordance with the Bidding Documents, and it shall remain binding upon us and may be accepted at any time before the expiration of that period;
- (d) If our bid is accepted, we commit to obtain a performance security in accordance with the Bidding Documents;
- (e) We, including any subcontractors or suppliers for any part of the contract, do not have any conflict of interest in accordance with ITT clause 2.4;
- (f) We declare that we are not participating, as a Bidder or as a subcontractor, in more than one bid in this bidding process in accordance with ITT clause 2.2, other than alternative offers submitted in accordance with ITT clause 14;
- (g) We declare that we are not liable to be disqualified in Accordance with ITT clause 2.5, and we are enclosing the affidavit for the same as per the Performa given in the bid document.
- (h) We understand that this bid, together with your written acceptance thereof included in your notification of award, shall constitute a binding contract between us, until a formal contract is prepared and executed; and
- (i) We have not made any deviations from the requirement of the bidding document and we have also not made any tampering or changes in the bidding documents on which the bid is being submitted and if any tampering or changes are detected at any stage, we understand the bid will invite summary rejection and

invocation of bid security declaration, the contract will be liable to be terminated along with forfeiture of performance security, even if LOA has been issued.

- (j) We understand that we will be considered for participating for which we have submitted the bid security(ies) declaration form and we will be considered for award, subject to fulfilling the eligibility criteria as given in bidding document;
- (k) If our bid is accepted, we opt to take payment into the bank account, nominated by us.
- (l) We declare that the submission of this bid confirms that no agent, middleman or any intermediary has been, or will be engaged to provide any services or any other item of work related to the award and performance of this contract. We further confirm and declare that no agency commission or any payment which may be construed as an agency commission has been, or will be, paid and that the bid price does not include any such amount. We acknowledge the right of the Employer, if he finds to the contrary, to declare our bid to be noncompliant and if the contract has been awarded to declare the contract null and void
- (m) We understand that you are not bound to accept the lowest evaluated bid or any other bid that you may receive.
- (n) A Power of Attorney to sign and submit this letter is attached.
- (o) Having inspected the site, examined the complete bid document including Employer's requirements, Conditions of Contract, Special Conditions of Contract, particular conditions of Contract, Technical Specifications, Safety, Health & Environment (SHE) manual, Eligibility Cum Qualification Criteria, Instructions to Bidder and Addenda/Corrigendum etc., thereto (if any) for above mentioned work and prepared the bid entirely in accordance with all the requirements of the bid document and agree entirely with them.
- (p) We here by confirm that we have visited the sites of work and have become conversant with the local conditions of working.
- (q) For the purpose of your evaluation, study, review and decision-making we are ready to let you inspect our business premises / site, etc.
- (r) We authorize K-RIDE or any of their authorized representative to approach, enquire, verify and check the matter furnished in our submission with the concerned client / owner of the Project / Contract and the concerned Banker of reference provided by us.
- (s) We undertake to hold in confidence all documents and information whether Technical or Commercial supplied to us at any time by or on behalf of K-RIDE in connection with this bid and without your written authority or as otherwise required by law not to publish or otherwise disclose the same.

K-RIDE

**Form: PS 3****FORMAT FOR AFFIDAVIT TO BE SUBMITTED BY BIDDER ALONGWITH THE BID**

(To be separately given for each package)

*(To be executed in presence of Public Notary on non-judicial stamp paper of the appropriate value in accordance with relevant stamp Act. The stamp paper has to be in the name of the bidder) \*\**

I ..... **(Name and designation)** \*\*..... appointed as the attorney/authorized signatory of the bidder (including its constituents), M/s. \_\_\_\_\_ (hereinafter called the bidder) for the purpose of the Bid for the work of \_\_\_\_\_ as per the bid No. \_\_\_\_\_ of K-RIDE, do hereby solemnly affirm and state on behalf of the bidder including its constituents as under:

- \*1. That the bidder or any of its constituents has not been Blacklisted/ banned for business dealings for all Government Departments or by Ministry of Railways or by K-RIDE at any time and/or no such blacklisting is in force as on the deadline for submission of bids.
- \*2. That none of the previous contracts of the bidder or any of its constituents had been terminated/rescinded for Contractor's failure or part terminated for its failure as a JV/ Consortium partner with forfeiture of its full Performance Security, by Rail Infrastructure Development Company (Karnataka) Ltd. during the period of last 3 years before the deadline for submission of bids.

*(Add Proviso of Clause 2, (ITT) suitably, if any Contract was so terminated).*

- \*3. The bidder or any of its constituents has not been imposed liquidated damages of 5% or more of contract value by any Government Department or by Ministry of Railways or by K-RIDE due to delay in the implementation of any previous contract (either in the capacity of a single entity or as constituent of any other JV/ Consortium) within the period of last 2 years before the deadline for submission of bid [2 years shall be reckoned from the date on which imposed L.D. has exceeded 5% of the contract price] and there are no such accrued delay damages which has not been fully recovered before the deadline for submission of bids on account of contractor's request for deferring recovery to maintain cash flow and K-RIDE has acceded to the same in the interest of the project and the work under the previous contract in question has been completed before the deadline for submission of bid, unless imposition of such delay damages has been set aside by the Competent Authority.
- 4. That the Bidder or any of its constituents is neither Bankrupt/Insolvent nor is in the process of winding-up nor is such a case pending before any Court on the deadline of submission of the bid.
- \*5. That the name of the Bidder or any of its constituents is not on the list of "Poor Performer" of any Government Department or by Ministry of Railways or by K-RIDE as on the deadline for submission of bid.
- 6. We declare that the bidder or any of its constituents have not either changed their name or created a new business entity. Consequent to having been banned business dealings for specified period which is not over or suspended business dealings or having been declared as poor performer.

7. We declare and certify that balance sheets for last five financial years including that for the latest concluded financial year are being submitted.

OR

We declare and certify that balance sheet for the latest concluded financial year has not been finalized till date and that is why we are furnishing financial data for last five financial years ignoring the latest concluded financial year.

*(# - Delete whichever is not applicable) \*\*.*

8. We declare and certify that we have not made any misleading or false representation in the forms, statements and attachments in proof of the qualification requirements.
9. We declare that the information and documents submitted along with the bid by us are correct and we are fully responsible for the correctness of the information and documents, submitted by us.
10. We understand that in case we cease to fulfil the requirements of qualifying and eligibility criteria at any time after opening of bids and till finalization of bids, it will be our bounden duty to inform the Employer of our changed status immediately and in case of our failure to do so, our bid shall be rejected and bid security declaration form shall be forfeited. In case such failure comes to the notice of Employer at any time after award of the contract, it will lead to termination of the contract and forfeiture of Bid or Performance Security. We shall also be liable for Banning of Business dealings up to a period of five years.
11. We understand that if the contents of the affidavit are found to be false at any stage during bid evaluation, it will lead to rejection of our bid and forfeiture of the bid security. Further, we **[insert name of the bidder]** \*\* \_\_\_\_\_ and all our constituents understand that we shall be liable for banning of business dealings up to a period of five years.
12. We declare and certify that we have not made any misleading or false representation in the forms, statements and attachments in proof of the qualification requirements.
13. We also understand that our offer will be evaluated based on the documents/credentials submitted along with the offer and same shall be binding upon us.
14. We declare that the information and the document submitted along with the tender by us are correct and we are fully responsible for the correctness of the information and documents, submitted by us.
15. We undersigned that if the certificate regarding Eligibility Criteria submitted by us are found to be forged/false or incorrect at any time during process for evaluation of tenders, it shall lead to forfeiture of the tender EMD besides banning of business for five years in K-RIDE. Further, we (Insert name of the Tenderer)\*\* ..... and all our constituents understand that our offer shall be summarily rejected.
16. We also understand that if the certificate submitted by us are found to be false/forged or incorrect at any time after the award of contract, it will lead to termination of the contract, along with forfeiture of EMD/SD

and performance guarantee besides any other action provided in the contract including banning of business for five year in K-RIDE.

**(SEAL AND SIGNATURE OF THE BIDDER)**

**Verification:**

We above named tenderer do hereby solemnly affirm and verify that the contents of our above affidavit are true and correct. Nothing has been concealed and no part of it is false.

**(SEAL AND SIGNATURE OF THE BIDDER)**

\*Modify the contents wherever necessary, in terms of sub-clause 2 ITT.

\*\* The contents in Italics are only for guidance purpose and details as appropriate, are to be filled in suitably by Bidder.

**SEAL AND SIGNATURE**

**Form FIN-1: Financial Situation**

(Each Bidder or each member of a JV/Consortium must fill in this form separately)

**NAME OF BIDDER/JV/CONSORTIUM PARTNER**

	<b>Financial Data for Last 5 Years [Indian National Rupees]</b>				
	Year 1:	Year 2:	Year 3:	Year 4:	Year 5:
1. Total Assets					
2. Current Assets					
3. Total Liabilities					
Current Liabilities					
5. <b>Net Worth</b> [= 1 – 3]					
6. Working Capital [= 2 - 4]					
7. Profit Before Tax (PBT)					

**1. The bidder shall attach copies of the following original documents with the form**

Copies of the audited balance sheets, including all related notes, and income statements for the last five years, as indicated above, complying with the following conditions.

- i. All such documents reflect the financial situation of the Bidder or partner to a JV/ Consortium, and not sister or parent companies.
- ii. Historic financial statements must be audited by a certified accountant.
- iii. Historic financial statements must be complete, including all notes to the financial statements.
- iv. Historic financial statements must correspond to accounting periods already completed and audited (no statements for partial periods shall be requested or accepted).

**2. Contents of this form should be certified by a Statutory Auditor**

- i. In the event that the audited accounts for the latest concluded Financial Year are not available, the Bidder shall furnish information pertaining to the last five financial years after ignoring the latest concluded financial year. In case, the bidder submits audited financial information for the last six or more years, only the figures for the latest five years shall be considered for evaluation.
- ii. Financial data for last five financial years has to be submitted by the bidder along with audited balance sheets. The financial information of the Bidder must be certified either by the Independent Financial Auditor (statutory Auditor) of the company appointed under the companies' Act.

- iii. In case any discrepancy in data is found between the balance sheet and the financial information submitted, the data as available in the balance sheet will be considered.
- iv. In case the audited balance sheet of the last financial year is not made available by the Bidder, he has to submit an affidavit certifying that 'The Balance Sheet has actually not been audited so far'. In such a case the financial data of previous '4' audited financial years will be taken into consideration for evaluation. If audited balance sheet of any year other than the last financial year is not submitted, then the bid will be considered as non-responsive
- v. In case the company's financial year is from Jan 19 to Dec 19, then it will be considered under financial year 2019 - 20 similar procedure will be applicable for other financial years also.

### Form FIN-3: Current Contract Commitments / Works in Progress

Bidders and each partner to a JV/Consortium should provide information on their current commitments on all contract that have been awarded, or which a letter of intent or acceptance has been received, or for contracts approaching completion, but for which an unqualified, full completion certificate has yet to be issued.

#### Contract Commitments

Sl. No.	Description of work	Contract No. & date	Name & address of Employer, Tel./Fax/ Email	Value of Contract in INR	Stipulated Period of completion	Value of Balance work	Anticipated date of Completion
1							
2							
3							
4							
5							
<b>Total</b>							

1. For calculation of 'Updated contract value' in column 5 above, assume inflation as per multiplying Factors given in FIN-2.
2. Bidder should provide information on their current commitments or all contracts that have been awarded or for which a letter of intent or acceptance has been received or for contracts approaching completion but for which a completion certificate is yet to be issued.
3. Total Equivalent INR should be calculated using the selling exchange rate of Reserve Bank of India as on 28<sup>th</sup> day prior to the last date of submission of bids. In case publication is not available on 28<sup>th</sup> day, previous working day published exchange rate shall be considered for evaluation.

**Note:** Enclose Certificate(s) from Engineer(s) In charge (not below the rank of Executive Engineer) for Value of outstanding work. In case it is not feasible to furnish certificate from all the units the bidder should record the following certificate on Fin 3:

*"Certified that current commitments on all the contracts that have been awarded or for which a letter of intent or acceptance has been received or for the works in progress or the works approaching completion, value of outstanding work has been indicated in the above table correctly. It is further certified that if later on the employer discovers that information provided in the table is incorrect then the employer will treat our bid invalid and it will be liable for rejection"*

CONDITIONS OF CONTRACT

**A. GENERAL**

**1. DEFINITIONS**

- 1.1 Terms which are defined in the Contract Data are not also defined in the Conditions of Contract but keep their defined meanings. Bold letters are used to identify defined terms.

**Bill of Quantities** means the priced and completed Bill of Quantities forming part of the Tender.

**Compensation events** are those defined in Clause 38 hereunder.

The **Completion Date** is the date of completion of the Works as certified by the Employer in accordance with Sub Clause 46.1.

The **Contract** is the contract between the Employer and the Contractor to execute, complete and maintain the Works. It consists of the documents listed in Clause 2.2 below.

The **Contract Data** defines the documents and other information which comprise the Contract.

The **Contractor** is a person or corporate body whose Tender to carry out the Works has been accepted by the Employer.

The **Contractor's Tender** is the completed Tender document submitted by the Contractor to the Employer.

The **Contract price** is the price stated in the Letter of Acceptance and thereafter as adjusted in accordance with the provisions of the Contract.

**Days** are calendar days; **months** are calendar months.

A **Defect** is any part of the Works not completed in accordance with the Contract.

The **Defects liability period** is the period named in the Contract Data and calculated from the Completion Date.

The **Employer** is the party who will employ the Contractor to carry out the Works.

**Equipment** is the Contractor's machinery and vehicles brought temporarily to the Site to construct the Works.

The **Initial Contract price** is the Contract Price listed in the Employer's Letter of Acceptance.

The **Intended Completion Date** is the date on which it is intended that the Contractor shall complete the Works. The Intended Completion Date is specified in the Contract Data. The Intended Completion Date may be revised only by the Employer by issuing an extension of time.

**Materials** are all supplies, including consumables, used by the contractor for incorporation in the Works.

**Plant** is any integral part of the Works which is to have a mechanical, electrical, electronic or chemical or biological function.

The **Site** is the area defined as such in the Contract Data.

**Specification** means the Specification of the Works included in the Contract and any modification or addition made or approved by the Employer.

The **Start Date** is given in the Contract Data. It is the date when the Contractor shall commence execution of the works. It does not necessarily coincide with any of the Site Possession Dates.

**A Subcontractor** is a person or corporate body who has a Contract with the Contractor to carry out a part of the work in the Contract which includes work on the Site.

A **Variation** is an instruction given by the Employer which varies the Works.

The **Works** are what the Contract requires the Contractor to construct, install, and turn over to the Employer, as defined in the Contract Data.

## **2. INTERPRETATION**

2.1 In interpreting these Conditions of Contract, singular also means plural, male also means female or neuter, and the other way around. Headings have no significance. Words have their normal meaning under the language of the Contract unless specifically defined. The Employer will provide instructions clarifying queries about the Conditions of Contract.

2.2 The documents forming the Contract shall be interpreted in the following order of priority:

- (1) Agreement
- (2) Letter of Acceptance, notice to proceed with the works
- (3) Contractor's Tender
- (4) Contract Data
- (5) Conditions of Contract
- (6) Specifications
- (7) Drawings
- (8) Bill of quantities and
- (9) any other document listed in the Contract Data as forming part of the Contract.

## **3. LAW GOVERNING CONTRACT**

3.1 The law governing the Contract is the Laws of India supplanted by the Karnataka Local Acts.

## **4. EMPLOYER'S DECISIONS**

4.1 Except where otherwise specifically stated, the Employer will decide contractual matters between the Employer and the Contractor.

## **5. DELEGATION**

5.1 The Employer may delegate any of his duties and responsibilities to other people after notifying the Contractor and may cancel any delegation after notifying the Contractor.

## **6. COMMUNICATIONS**

6.1 Communications between parties which are referred to in the conditions are effective only when in writing. A notice shall be effective only when it is delivered (in terms of Indian Contract Act).

**7. SUBCONTRACTING:**

7.1 The Contractor may subcontract with the approval of the Employer but may not assign the Contract without the approval of the Employer in writing. Subcontracting does not alter the Contractor's obligations.

**8. OTHER CONTRACTORS**

8.1 The Contractor shall cooperate and share the Site with other contractors, public authorities, utilities, and the Employer.

**9. PERSONNEL**

9.1 The Contractor shall employ the technical personnel (of number and qualifications) as may be stipulated by K-RIDE from time to time during the execution of the work. The technical staff so employed shall be available at site as may be stipulated by the Employer.

9.2 If the Employer asks the Contractor to remove a person who is a member of the Contractor's staff or his work force stating the reasons, the Contractor shall ensure that the person leaves the Site within seven days and has no further connection with the work in the Contract.

**10. EMPLOYER'S AND CONTRACTOR'S RISKS**

10.1 The Employer carries the risks which this Contract states are Employer's risks, and the Contractor carries the risks which this Contract states are Contractor's risks.

**11. EMPLOYER'S RISKS**

11.1 The Employer is responsible for the excepted risks which are:

- (a) Rebellion, riot commotion or disorder unless solely restricted to employees of the Contractor or his Sub Contractors arising from the conduct of the Works; or
- (b) a cause due solely to the design of the Works, other than the Contractor's design; or

- (i) could not have reasonably foreseen; or

- (ii) could reasonably have foreseen, but against which he could not reasonably have taken at least one of the following measures;

- (A) prevent loss or damage to physical property from occurring by taking appropriate measures or

- (B) insure against such loss or damage

**12. CONTRACTOR'S RISKS**

12.1 All risks of loss of or damage to physical property and of personal injury and death which arise during and in consequence of the performance of the Contract other than the excepted risks are the responsibility of the Contractor.

**13. INSURANCE:**

- 13.1 The Contractor shall prior to commencing the works, effect and thereafter maintain insurances, in the joint names of the Employer and the Contractor, (cover from the first working day after the Start Date to the end of Defects Liability Period), in the amounts stated in the Contract Data:
- (a) for loss of or damage to the Works, Plants and Materials and the Contractor's equipment;
  - (b) for liability of both Parties for loss, damage, death and injury to third parties or their property arising out of the Contractor's performance of the Contract including the Contractor's liability for damage to the Employer's property other than the Works and
  - (c) for liability of both Parties and of any Employer's representative for death and injury to the Contractor's personnel except to the extent that liability arises from the negligence of the Employer, any Employer's representative or their Employees.
- 13.2 Policies and certificates for insurance shall be delivered by the Contractor to the Employer for his approval before the Start Date. All such insurance shall provide for compensation to be payable to rectify the loss or damage incurred. All payments received from insurers relating to loss or damage shall be held jointly by the Parties and used for the repair of the loss or damage or as compensation for loss or damage that is not to be repaired.
- 13.3 If the Contractor fails to effect or keep in force any of the insurances referred to in the previous sub-clauses or fails to provide satisfactory evidence, policies or receipts, the Employer may without prejudice to any other right or remedy, effect insurance for the cover relevant to such default and pay the premiums due and recover the same as a deduction from any other monies due to the Contractor. If no payments is due, the payment of the premiums shall be a debt due.
- 13.4 Alterations to the terms of an insurance shall not be made without the approval of the Employer.
- 13.5 Both Parties shall comply with any conditions of the insurance policies.

**14. SITE INVESTIGATION REPORTS:**

- 14.1 The Contractor, in preparing the tender, shall rely on any site investigation reports referred to in the Contract data, supplemented by any information available to the Tenderer.

**15. QUERIES ABOUT THE CONTRACT DATA**

- 15.1 The Employer will clarify queries on the Contract Data.

**16. CONTRACTOR TO CONSTRUCT THE WORKS**

- 16.1 The Contractor shall construct the Works in accordance with the Specification and Drawings.

**17. THE WORKS TO BE COMPLETED BY THE INTENDED COMPLETION DATE**

- 17.1 The Contractor may commence execution of the Works on the Start Date and shall carry out the Works in accordance with the program submitted by the Contractor, as updated with the approval of the Employer, and complete them by the Intended Completion Date.

**18. APPROVAL BY THE EMPLOYER:**

- 18.1 The Contractor shall submit Specification and drawings showing the proposed Temporary Works to the Employer, who is to approve them if they comply with the Specifications and Drawings.
- 18.2 The Contractor shall be responsible for the design of Temporary Works
- 18.3 The Employer's approval shall not alter the Contractor's responsibility for design of the Temporary Works.
- 18.4 The Contractor shall obtain approval of third parties to design of the temporary Works where required.
- 18.5 All Drawings prepared by the Contractor for the execution of the temporary or permanent Works, are subject to prior approval by the Employer before their use.

**19. SAFETY**

- 19.1 The Contractor shall be responsible for the safety of all activities on the Site.

**20 DISCOVERIES**

- 20.1 Anything of historical or other interest or of significant value unexpectedly discovered on the Site is the property of the Employer. The Contractor is to notify the Employer of such discoveries and carry out the Employer's instructions for dealing with them.

**21 POSSESSION OF THE SITE**

- 21.1 The Employer shall give possession of all parts of the Site to the Contractor progressively, If possession of a part is not given by the date stated in the Contract Data the Employer is deemed to have delayed the start of the relevant activities and this will be compensation event.

**22 ACCESS TO THE SITE**

- 22.1 The Contractor shall allow the Employer and any person authorized by the Employer access to the Site, to any place where work in connection with the Contract is being carried out or is intended to be carried out and to any place where materials or plant are being manufactured / fabricated / assembled for the works.

**23 INSTRUCTIONS**

- 23.1 The Contractor shall carry out all instructions of the Employer which comply with the applicable laws where the Site is located.

**24 PROCEDURE FOR RESOLUTION OF DISPUTES:**

- 24.1 If the Contractor is not satisfied with the decision taken by the Employer, the dispute shall be referred by either party to Arbitration within 30 days of the notification of the Employer's decision.
- 24.2 If neither party refers the dispute to Arbitration within the above 30 days, the Employer's

decision will be final and binding.

- 24.3 The Arbitration shall be conducted in accordance with the arbitration procedure stated in the Special Conditions of Contract.

## **B. TIME CONTROL**

### **25. PROGRAM**

- 25.1 Within the time stated in the Contract Data the Contractor shall submit to the Employer for approval a Program showing the general methods, arrangements, order, and timing for all the activities in the Works.
- 25.2 The Employer's approval of the Program shall not alter the Contractor's obligations. The Contractor may revise the Program and submit it to the Employer again at any time. A revised Program is to show the effect of Variations and Compensation Events.

### **26. EXTENSION OF THE INTENDED COMPLETION DATE**

- 26.1 The Employer shall extend the Intended Completion Date if a Compensation Event occurs or a Variation is issued which makes it impossible for Completion to be achieved by the Intended Completion Date.
- 26.2 The Employer shall decide whether and by how much to extend the Intended Completion Date within 21 days of the Contractor asking the Employer for a decision upon the effect of a Compensation Event or Variation and submitting full supporting information.

### **27. DELAYS ORDERED BY THE EMPLOYER**

- 27.1 The Employer may instruct the Contractor to delay the start or progress of any activity within the Works.

### **28. MANAGEMENT MEETINGS**

- 28.1 The Employer may require the Contractor to attend a management meeting. The business of a management meeting shall be to review the progress achieved and the plans for remaining work.
- 28.2 The responsibility of the parties for actions to be taken is to be decided by the Employer either at the management meeting or after the management meeting and stated in writing to be distributed to all who attended the meeting.

**C. QUALITY CONTROL**

**29. IDENTIFYING DEFECTS**

29.1 The Employer shall check the Contractor's work and notify the Contractor of any Defects that are found. Such checking shall not affect the Contractor's responsibilities. The Employer may instruct the Contractor to search for a Defect and to uncover and test any work that the Employer considers may have a Defect.

**30. TESTS**

30.1 If the Employer instructs the Contractor to carry out a test not specified in the Specification to check whether any work has a Defect and the test shows that it does, the Contractor shall pay for the test and any samples. If there is no Defect the test shall be a Compensation Event.

**31. CORRECTION OF DEFECTS**

31.1 The Employer shall give notice to the Contractor of any Defects before the end of the Defects Liability Period, which begins at Completion and is defined in the Contract Data. The Defects Liability Period shall be extended for as long as Defects remain to be corrected.

31.2 Every time notice of a Defect is given, the Contractor shall correct the notified Defect within the length of time specified by the Employer's notice.

**32. UNCORRECTED DEFECTS**

32.1 If the Contractor has not corrected a Defect within the time specified in the Employer's notice, the Employer will assess the cost of having the Defect corrected, and the Contractor will pay this amount.

**D. COST CONTROL**

**33. BILL OF QUANTITIES (BOQ)**

33.1 The BOQ shall contain items for the construction, installation, testing, and commissioning work to be done by the Contractor.

33.2 The BOQ is used to calculate the Contract Price. The Contractor is paid for the quantity of the work done at the rate in the BOQ for each item / Percentage.

**34. VARIATIONS**

34.1 The Employer shall have power to order the Contractor to do any or all of the following as considered necessary or advisable during the progress of the work by him

- (a) Increase or decrease of any item of work included in the Bill of Quantities (BOQ);
- (b) Omit any item of work;

- (c) Change the character or quality or kind of any item of work;
  - (d) Change the levels, lines, positions and dimensions of any part of the work;
  - (e) Execute additional items of work of any kind necessary for the completion of the works; and
  - (f) Change in any specified sequence, methods or timing of construction of any part of the work.
- 34.2 The Contractor shall be bound to carry out the work in accordance with any instructions in this connection, which may be given to him in writing by the Employer and such alteration shall not vitiate or invalidate the contract.
- 34.3 Variations shall not be made by the Contractor without an order in writing by the Employer, provided that no order in writing shall be required for increase or decrease in the quantity of an item appearing in the BOQ so long as the work executed conforms to the approved drawings.
- 34.4 The Contractor shall promptly request in writing to the Employer to confirm verbal orders and the officer issuing oral instructions shall confirm it in writing within 15 days of request, failing which the work shall be carried out as through there is no variation. In case variation is approved it shall be accompanied with BOQ, failing which the contractor shall be responsible for deviation if any.
- 35. PAYMENTS FOR VARIATIONS**
- 35.1 Payment for increase in the quantities of an item in the BOQ up to 25% of that provided in the Bill of Quantities shall be made at the rates quoted by the Contractor.
- 35.2 For quantities in excess of 125% of the tendered quantity of an item as given in the BOQ, the Contractor shall be paid at the rate entered in or derived from in the Schedule of Rates (applicable for the area of the work and current at the time of award of contract) plus or minus the overall percentage of the original tendered rates over the current Schedule of Rates prevalent at the time of award of contract.
- 35.3 If there is no rate for the additional, substituted or altered item of the work in the BOQ, efforts would be made to derive the rates from those given in the BOQ or the Schedule of Rates (applicable for the area of the work and current at the time of award of contract) and if found feasible the payment would be made at the derived rate for the item plus or minus the overall percentage of the original tendered rates over the current Schedule of Rates prevalent at the time of award of contract.
- 35.4 If the rates for additional, substituted or altered item of work cannot be determined either as at 35.1 or 35.2 or 35.3 above, the Contractor shall be requested to submit his quotation for the items supported by analysis of the rate or rates claimed, within 7 days.
- 35.5 If the Contractor's quotation is determined unreasonable, the Employer may order the Variation and make a change to the Contract Price which shall be based on Employer's own forecast of the effects of the Variation on the Contractor's costs.
- 35.6 If the Employer decides that the urgency of varying the work would prevent a quotation being given and considered without delaying the work, no quotation shall be given and the Variation shall be treated as a Compensation Event.
- 35.7 Under no circumstances the Contractor shall suspend the work on the plea of non-settlement of rates for items falling under this Clause.

**36. SUBMISSION OF BILLS FOR PAYMENT**

- 36.1 The Contractor shall submit to the Employer monthly bills of the value of the work completed less the cumulative amount paid previously.
- 36.2 The Employer shall check the Contractor's bill and determine the value of the work executed which shall comprise of (i) value of the quantities of the items in the BOQ completed and (ii) valuation of Variations and Compensation Events.
- 36.3 The Employer may exclude any item paid in a previous bill or reduce the proportion of any item previously paid in the light of later information.

**37. PAYMENTS**

- 37.1 Payments shall be adjusted for deductions for advance payments other than recoveries in terms of contract and taxes, at source as applicable under law. The Employer shall pay the Contractor within 60 days of submission of bill. The Contractor shall be liable to pay liquidated damages for shortfall in progress.
- 37.2 Items of the Works for which no rate or price has been entered in will not be paid for by the Employer and shall be deemed covered by other rates and prices in the Contract.

**38. COMPENSATION EVENTS:**

- 38.1 The following are Compensation events unless they are caused by the Contractor:
- (a) The Employer instructs the Contractor to uncover or to carry out additional tests upon work which is then found to have no Defects.
  - (b) The Employer gives an instruction for dealing with an unforeseen condition, caused by the Employer, or additional work required for safety or other reasons.
  - (c) The effect on the Contractor of any of the Employer's Risks.
  - (d) Other Compensation Events listed in the Contract Data or mentioned in the Contract.
- 38.2 If a Compensation Event would cause additional cost or would prevent the work being completed before the Intended Completion Date, the Contract Price shall be increased and/or the Intended Completion Date is extended. The Employer shall decide whether and by how much the Contract Price shall be increased and whether and by how much the Intended Completion Date shall be extended.
- 38.3 As soon as information demonstrating the effect of each Compensation event upon the Contractor's forecast cost has been provided by the Contractor, it is to be assessed by the Employer and the Contract Price shall be adjusted accordingly. If the Contractor's forecast is deemed unreasonable, the Employer shall adjust the Contract Price based on Employer's own forecast. The Employer will assume that the Contractor will react competently and promptly to the event.

38.4 The Contractor shall not be entitled to compensation to the extent that the Employer's interests are adversely affected by the Contractor not having given early warning or not having cooperated with the Employer.

**39. TAX**

39.1 The rates quoted by the Contractor shall be deemed to be inclusive of the sales, GST and other taxes that the Contractor will have to pay for the performance of this Contract. The Employer will perform such duties in regard to the deduction of such taxes at source as per applicable law.

**40. PRICE ADJUSTMENT:**

**PRICE ADJUSTMENT CLAUSE (PVC) IS NOT APPLICABLE IN THE INSRTANT WORK.**

**41. LIQUIDATED DAMAGES**

41.1 The Contractor shall pay liquidated damages to the Employer at the rate per day stated in the Contract Data for each day that the Completion Date is later than the Intended Completion Date (for the whole of the works or the milestone as stated in the Contract Data). The total amount of liquidated damages shall not exceed the amount defined in the Contract Data. The Employer may deduct liquidated damages from payments due to the Contractor. Payment of liquidated damages does not affect the Contractor's liabilities.

41.2 If the Intended Completion Date is extended after liquidated damages have been paid, the Employer shall correct any overpayment of liquidated damages by the Contractor by adjusting the next payment of bill.

**42. ADVANCE PAYMENTS:**

42.1 The Employer shall make payment to the Contractor of the amounts stated in the Contract Data by the date stated in the Contract Data, against provision by the Contractor of an unconditional bank guarantee in a form acceptable to the Employer issued by a Nationalized/Scheduled Bank in amounts equal to the advance payment. The guarantee shall remain effective until the advance payment has been repaid, but the amount of the guarantee shall be progressively reduced by the amounts repaid by the Contractor. The advance loan shall be repaid with prevailing bank interest.

42.2 The Contractor is to use the advance payment only to pay for Mobilization expenses required specifically for execution of the Works. The Contractor shall demonstrate that advance payment has been used in this way by supplying copies of invoices or other documents to the Employer

42.3 The advance payment shall be repaid by deducting proportionate amounts from payments otherwise due to the Contractor, following the schedule of completed percentages of the Works on a payment basis. No account shall be taken of the advance payment or its repayment in assessing valuation of the work done, variations, price adjustments, compensation events or liquidated damages

**43. SECURITIES:**

- 43.1 The Performance Security (including additional security for unbalanced tenders) shall be provided to the Employer no later than the date specified in the Letter of Acceptance and shall be issued in an amount and form and type of instrument acceptable to the Employer. The Performance Security as indicated in the contract data shall be valid until a date 30 days from the date of expiry of Defects Liability Period and the additional security for unbalanced tenders shall be valid until a date 30 days from the date of issue of the certificate of completion.

**44. COST OF REPAIRS:**

- 44.1 Loss or damage to the Works or Materials to be incorporated in the Works between the Start Date and the end of the Defects Correction periods shall be remedied by the Contractor at the Contractor's cost if the loss or damage arises from the Contractor's acts or omissions.

**E. FINISHING THE CONTRACT**

**45. COMPLETION**

- 45.1 The Contractor shall request the Employer to issue a Certificate of Completion of the Works and the Employer will do so upon deciding that the Work is completed.

**46. TAKING OVER**

- 46.1 The Employer shall take over the Site and the Works within seven days of issuing a certificate of Completion.

**47. FINAL ACCOUNT**

- 47.1 The Contractor shall supply to the Employer a detailed account of the total amount that the Contractor considers payable under the Contract before the end of the Defects Liability Period. The Employer shall issue a Defect Liability Certificate and certify any final payment that is due to the Contractor within 90 days of receiving the Contractor's account if it is correct and complete. If it is not, the Employer shall issue within 90 days a schedule that states the scope of the corrections or additions that are necessary. If the Final Account is still unsatisfactory after it has been resubmitted, the Employer shall decide on the amount payable to the Contractor and make payment within 60 days of receiving the Contractor's revised account.

**48. AS BUILT DRAWINGS AND /OR OPERATING AND MAINTENANCE MANUALS**

- 48.1 If "As Built Drawings" (Completion Drawing) and/or operating and maintenance manuals are required, the Contractor shall supply them by the dates stated in the Contract Data.
- 48.2 If the Contractor does not supply the Drawings by the dates stated in the Contract Data, or they do not receive the Employer's approval, the Employer shall withhold the amount stated in the Contract Data from payments due to the Contractor.

**49. TERMINATION**

- 49.1 The Employer may terminate the Contract if the other party causes a fundamental breach of the Contract.

49.2 Fundamental breaches of Contract include, but shall not be limited to the following:

- (a) the Contractor stops work for 45 days when no stoppage of work is shown on the current Program and the stoppage has not been authorized by the Employer;
- (b) -“DELETED”-
- (c) The Contractor becomes bankrupt or goes into liquidation other than for a reconstruction or amalgamation;
- (d) -“DELETED”-
- (e) the Employer gives Notice that failure to correct a particular Defect is a fundamental breach of Contract and the Contractor fails to correct it within a reasonable period of time determined by the Employer;
- (f) the Contractor does not maintain a security which is required;
- (g) the Contractor has delayed the completion of works by the number of days for which the maximum amount of liquidated damages can be paid as defined in the Contract data; and
- (h) if the Contractor, in the judgment of the Employer has engaged in corrupt or fraudulent practices in competing for or in the executing the Contract.

For the purpose of this paragraph: “corrupt practice” means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution. “Fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Borrower, and includes collusive practice among Tenderers (prior to or after Tender submission) designed to establish Tender prices at artificial non-competitive levels and to deprive the Borrower of the benefits of free and open competition.”

49.3 When either party to the Contract gives notice of a breach of contract to the Employer for a cause other than those listed under Sub Clause 49.2 above, the Employer shall decide whether the breach is fundamental or not.

49.4 Notwithstanding the above, the Employer may terminate the Contract for convenience.

49.5 If the Contract is terminated the Contractor shall stop work immediately, make the Site safe and secure and leave the Site as soon as reasonably possible.

## **50. PAYMENT UPON TERMINATION**

50.1 If the Contract is terminated because of a fundamental breach of Contract by the Contractor, the Employer shall prepare bill for the value of the work done less advance payments received up to the date of the bill, less other recoveries due in terms of the contract, less taxes due to be deducted at source as per applicable law and less the percentage to apply to the work not

**SECTION – 5: CONDITIONS OF CONTRACT(CC) AND SPECIAL CONDITIONS OF CONTRACT (SCC)**

completed as indicated in the Contract Data. Additional Liquidated Damages shall not apply. If the total amount due to the Employer exceeds any payment due to the Contractor the difference shall be a debt payable to the Employer.

- 50.2 If the Contract is terminated at the Employer's convenience or because of a fundamental breach of Contract by the Employer, the Employer shall prepare bill for the value of the work done, the reasonable cost of removal of Equipment, repatriation of the Contractor's personnel employed solely on the Works, and the Contractor's costs of protecting and securing the Works and less advance payments received up to the date of the certificate, less other recoveries due in terms of the contract, and less taxes due to be deducted at source as per applicable law and make payment accordingly.

**51. PROPERTY**

- 51.1 All materials on the Site, Plant, Equipment, Temporary Works and Works are deemed to be the property of the Employer, if the Contract is terminated because of a contractor's default.

**52. RELEASE FROM PERFORMANCE**

- 52.1 If the Contract is frustrated by any event entirely outside the control of either the Employer or the Contractor the Employer shall certify that the Contract has been frustrated. The Contractor shall make the Site safe and stop work as quickly as possible after receiving this certificate and shall be paid for all work carried out before receiving it and for any work carried out afterwards to which commitment was made.

**F. SPECIAL CONDITIONS OF CONTRACT**

## **Safety and Security at work**

### 1.1

The works included in this contract are to be carried out close to the running tracks and public utilities, therefore, safety of running trains and the public is paramount. Therefore, all activities undertaken by the Contractor/his Sub-contractors shall ensure safety at all times. The contractor shall comply with the instructions issued by the Railway/ Engineer/Employer from time to time to ensure safe running of trains while carrying out works. The rates quoted by the Contractor shall be deemed to include all expenditure incurred in compliance with the same.

### 1.2

Before starting any excavation work adjacent to existing track, the contractor shall ensure that necessary permissions has been obtained and required precautions have been taken for doing such work in terms Joint Procedure Order (JPO). The penalties mentioned in the following JPO shall be levied on the contractor if such event occur. The JPO is reproduced below:

#### “JOINT PROCEDURE ORDER FOR UNDERTAKING DIGGING WORK IN THE VICINITY OF UNDERGROUND SIGNALING, ELECTRICAL AND TELECOMMUNICATION CABLES”

A) A number of Engineering works in connection with gauge conversion/doubling/third line are in progress on various railways, which require extensive digging work near the running track, in close vicinity of the working S&T cables carrying vital safety circuits as well as electrical cables feeding the power supply to cabins. ASM room, RRI Cabin, Intermediate Block Huts (IBH) etc. Similarly, S&T organization under open line or construction units under CAO/C, are executing various Signaling and Telecom works requiring digging of earth for laying of cables or casting of foundations for the erection of signal posts etc. RailTel is also executing the work of laying of quad cable and OFC on various Railways as a part of sanctioned works for exclusive use of Railways for carrying voice and data i.e. administrative and control communication, PRS, FOIS etc. or shared by RailTel Corporation of India Ltd. On certain sections digging is also required for laying of electrical cable and casting of foundation for the erection of OHE masts by Electrical Dept. Generally, these works are executed by contractors employed by these organizations.

B) However, while carrying out these works in the vicinity of working signaling, telecommunication and electrical cables, at times, cable cuts take place due to JCB machines working along the track or during the digging work being done by contractors carrying out the Civil Engineering Works. Similarly, such cable cuts are also resulting due to works undertaken by S&T or Electrical departments. Such cable faults results in the failure of vital signaling and telecommunication circuits & electrical installations.

C) Henceforth, the following joint procedure shall be followed by Engineering, Electrical and S&T (and RailTel organisation, wherever such works are being done by them) officers of the respective divisions and by the construction organisation, while carrying out any digging work near to existing signaling & telecommunication and

electrical cables, so that the instances of cable cut due to execution of works, can be controlled and minimized.

1. S&T Department (and RailTel, where they have laid the cables) and Electrical department shall provide a detailed cable route plan showing exact location of cable at an interval of 200m or wherever there is change in alignment so that the same is located easily by the Engineering official/contractor. In addition, S&T department and Electrical department shall also provide cable markers along the alignment of the cable. These cable route plans shall be made available to the Sr.DEN/DEN or Dy.CE/C, as the case may be, by Sr. DSTE/DSTE or Sr. DEE/DEE of the divisions or Dy.CSTE/C or Dy.CEE/C within 15 days in duplicate. Sr.DEN/DEN or Dy.CE/C will send copies to their field unit i.e. AEN/SE/P.Way & Works.
2. Before taking up any digging activity on a particular work by any agency, Sr.DSTE/DSTE or Sr.DEE/DEE of the section shall be approached in writing by the concerned Engg. or S&T or Electrical officer for permitting to undertake the work. Sr.DSTE/DSTE or Sr.DEE/DEE, after ensuring that the concerned executing agencies including the contractor have fully understood the S&T and Electrical cable route plan shall permit the work in writing within 7 days of the request by concerned department.
3. After getting the permission from S&T or Electrical department as the case may be, the relevant portion of the cable route plan shall be attached to the letter through which permission is issued to the contractor by concerned Engg. official for commencement of work and ensuring that the contractors have fully understood the cable route plan and precautions to be taken to prevent damage to the underground cables. The contractor shall be asked to study the cable plan and follow it meticulously to ensure that the safety of the cable is not endangered. Such a provision, including any penalty for default, should form part of agreement also. It is advisable that a suitable post of SE/Sig or SE/Tele or SE/Electrical(TRD or G) shall be created chargeable to the estimates of doubling/gauge conversion, who can help Engg. agencies in the execution of the work. However basic responsibility will be of the department executing the work and the Contractor. Creation of posts is not mandatory.
4. The SE/P.Way or SE/Works shall pass on the information to the concerned SE/Sig SE/Tele or SE/Electrical(TRD or G) about the works being taken up by the contractors in their sections at least 3 days in advance of the day of the work. In addition Engineering control shall also be informed by SE/P.Way or SE/Works, who in turn shall pass on the information to the test room/network operation centre of RailTel/TPC/Electrical control.
5. On receiving the above information, SE/Sig or SE/Tele or SE/Electrical (TRD or G) shall visit the site on or before the date of taking up the work and issue permission to the contractor to commence the work after checking that adequate precautions have been taken to avoid the damage to the cables. The permission shall be granted within 3 days of submission of such requests.
6. The name of the contractor, his contact telephone number, the nature of the work shall be notified in the Engineering control as soon as the concerned Engineering officials issue the letter authorizing commencement of work to the contractor. Test room shall

## SECTION – 5: CONDITIONS OF CONTRACT(CC) AND SPECIAL CONDITIONS OF CONTRACT (SCC)

be given copies. Test room shall collect any further details from the Engineering Control and shall pass it on to S&T/RailTel & Electrical officials regularly. In case the supervisors of concerned departments do not turn up on the day as advised in terms of para 4 and 5 above, the works of contractor should not be stopped on this account.

7. In case of works being taken up by the State Government, National Highway Authority etc., the details of the permission given i.e. the nature the work, kilometer etc. be given to the Engineering control including the contact person's number so that the work can be done in a planned manner. The permission letter shall indicate the contact numbers of Test room/network Operating Centre of RailTel/TPC/Elect. Control.
8. Where the nature of the work taken up by the Engineering department is such that the OFC or other S&T cables or Electrical cables is to be shifted and relocated, notice of minimum one week shall be given so that the Division/RailTel/Construction can plan the works properly for shifting. Such shifting works shall in addition, for security and integrity of the cables, be supervised by S&T supervisors/RailTel supervisors/Electrical Supervisors.
9. The concerned SE/P.Way/SE/Works/SE/Sig/SE/Tele/SE/Electrical (TRD or G) or RailTel supervisors supervising the work of the contractor shall ensure that the existing emergency sockets are not damaged in view of their importance in providing communication during accident/emergency.
10. In case of minor nature of works where shifting of cable is not required, in order to prevent damage to the cable, the Engineering contractor shall take out the S&T or optical fibre cable or Electrical cable carefully from the trench and place it properly alongside at a safe location before starting the earthwork under the supervision of SE/Sig or SE/Tele or SE/Electrical(TRD or G). The cable shall be reburied soon after completion of excavation with proper care including placement of the brick over the cable under the supervision of S&T or Electrical supervisors. However, the work will be charged to the concerned engineering works. The responsibility for ensuring availability of SE (Signal), SE (Electrical) as per para 4 and 5 above lies with the respective department. The contractor will go ahead with the shifting of cables as per the program decided and he will not be held responsible for any cable cut.
11. In all the sections where major project are to be taken up/going on RailTel/S&T department shall deploy their official to take preventive/corrective action at site of work. As regards Electrical Department, the official may be deputed on need basis.
12. No new OFC or quad cable shall be laid close to existing track. It shall be laid close to the Railway boundary on one side of the Railway track to the extent possible to avoid any interference with the future works (doubling etc.). It shall be ensured in the new works of cable laying that the cable route is properly identified with electronic or concrete markers. Wherever multiple cables are laid in a trench, RFID markers may be provided for easy identification of the cable. Henceforth, wherever cable laying is planned, before undertaking the cable laying work, the cable route plan of the same shall be prepared by the Dy.CSTE/A or Dy.CEE/C and shall be got approved from the concerned Sr. DSTE/DSTE or Sr.DEE/DEE and also from the concerned Dy. CE/C for new lines and from the concerned Sr.DEN for all other projects including GC etc., to avoid possible damages in future. Such approvals shall be granted within 15 days of the submission of the request.

**SECTION – 5: CONDITIONS OF CONTRACT(CC) AND SPECIAL CONDITIONS OF CONTRACT (SCC)**

13. The works of excavating the trench and laying of the cable should proceed in quick succession, leaving a minimum time between the two activities.
14. In case damage caused to OFC/Quad cable or Electrical cable during execution of the work, the contractor is liable to pay a penalty for damaging the cable. Penalty shall not be levied in case of the following:-
- i). Detailed cable route plan as per clause C-1 not provided by concerned department or cable is not protected as per laid down procedures.
  - ii). The alignment of the cable does not tally with the information provided to the contractor.
  - iii). The cable depth is found to be less than 800 mm from normal ground level.
  - iv). No representative of S&T department/RailTel was available at site guarding the cables on the fixed pre determined date and time.
15. Penalty to be imposed for damages to cable shall be as under:-

Cable damaged	Penalty per location
Only Quad cable or Signalling cable	Rs.1.0 Lakh
Only OFC	Rs.1.25 Lakh
Both OFC & Quad	Rs.1.5 Lakh
Electrical Cable	Rs.1.0 Lakh

Necessary debit in this regard shall be raised on the department undertaking the work who shall in turn levy the penalty on the defaulting contractor. S&T department shall raise the debits in case of damage to OFC or Quad or Signaling cable and Electrical department shall raise the debits in case of damage to Electrical cable.

16. Railways will not lodge FIR with RPF in case of works being executed by authorized contractors of Railways who have been duly permitted to execute the works in accordance with this JPO. Joint note by the supervisors of the concerned department shall be prepared and the responsibility of the cable cut should be decided without involving RPF. The joint note deciding the fact whether the contractor should be penalized shall be completed in a day's time from the occurrence of cable cut.
- In all other cases, when the cable is cut by an agency that was not permitted to execute any work, FIR should be lodged with RPF.
17. While giving permission for taking up the works, concerned departments may note that earthwork by engineering contractors will normally be done by machines except in a few isolated locations where the quantity of earth work is very less.
18. Railways shall make necessary correction in their future contract so that this JPO can also be enforced contractually.

19. In case of damages to OFC, RailTel should be paid 5/6th of the penalty recovered. RailTel shall raise demands on the S&T department in this regard.
20. All types of signaling & OHE bonds i.e. rail bond, cross bond and structure bond shall be restored by the contractor with a view to keep rail voltage low to ensure safety of personnel.
21. Above joint circular shall be applicable for construction as well as open line organization of Engineering, S&T and Electrical.
22. S&T cable and electrical cable route plan should be prepared by the concerned S&T and Electrical officers respectively and got approved as stipulated in para C-12 before undertaking the work. The completion cable route plan should be finalized block section by block section as soon as the work is completed.
23. All cable laying works shall be executed as per laid down technical specifications, such as protection measures/protective cover, compaction of refilled material etc.

**Working near running line**

**1.3**

- 1.3.1 The contractor shall not allow any road vehicle belonging to him or his suppliers etc. to ply in railway land next to the running line. If for execution of certain works viz. earth work for parallel railway line and supply of ballast for new or existing rail line, gauge conversion etc, road vehicles are necessary to be used in railway land next to the railway line, the contractor shall apply to the Engineer for permission giving the type & no. of individual vehicles, names & license particulars of the drivers, location, duration & timings for such work/movement. The Railways/Employer/ Engineer or his authorized representative will personally counsel, examine & certify, the road vehicle drivers, contractor's flag men & supervisor and will give written permission giving names of road vehicle drivers, contractor's flag men and supervisor to be deployed on the work, location, period and timing of the work. This permission will be subject to the following obligatory conditions:
- 1.3.2 Road vehicles can ply along the track after suitable cordoning of track with minimum distance of 6 meters from the centre of the nearest track. For working of machinery close to the running tracks or plying of road vehicles during night hours, the contractor shall apply to the Engineer in writing for permission, duly indicating the site details in a neat sketch and safety measures proposed to be taken. Subject to the approval of concerned Railway authorities, the Engineer or his authorized representative will communicate permission to the contractor/contractor's representative. The contractor and his men shall strictly adhere to the instructions given along with such permissions.
- 1.3.3 Nominated vehicles and drivers shall be utilized for work in the presence of at least one flag man and one supervisor certified for such work. In order to monitor the activities during night hours, additional staff may have to be posted based on the need of the individual site.

- 1.3.4. The Contractor' machinery, equipment and vehicles shall normally operate 6 m clear of track. Any movement/work at less than 6m and upto a minimum of 3.5m clear of track centre, shall be carried out only in the presence of a person (including any railway employee) authorized by the Engineer. No part of the road vehicle shall be allowed at less than 3.5m from track centre. Cost of such railway employee shall be borne by the Employer.
- 1.3.5 The Contractor's machinery and equipment like Cranes, Flash Butt Welders, Ballasting machinery, Compactors, Track Laying Systems etc. are required to operate close to the existing line carrying traffic. Contractor is fully responsible for operating these machineries without endangering the safety of the running line and traffic.
- 1.3.6 **Safety Fencing** : Before commencing any work close to the running track, the Contractor shall ensure safety fencing and obtain the specific permission of Engineer to commence the work in that stretch.

**1.4** The contractor's special attention is drawn to Para 826 of Indian Railways Permanent Way Manual introduced under Advance Correction Slip no. 69 dated 23.05.2001, reproduced below which should invariably be complied with "826 Safe working of Contractors -- A large number of men and machinery are deployed by the contractors for track renewals, gauge conversions, doublings, bridge rebuilding etc. It is therefore essential that adequate safety measures are taken for safety of the trains as well as the work force.

The following measures should invariably be adopted:

- (a) The contractor shall not start any work without the presence of Railway supervisor at site.
  - (b) Wherever the road vehicles and/or machinery are required to work in the close vicinity of railway line, the work shall be so carried out that there is no infringement to the railway's schedule of dimensions. For this purpose the area where road vehicles and/or Machinery are required to ply, shall be demarcated and acknowledged by the contractor. Special care shall be taken for turning/reversal of road vehicles/machinery without infringing the running track. Barricading shall be provided wherever justified and feasible as per site conditions.
  - (c) The "look out and whistle" caution orders shall be issued to the trains and speed restrictions imposed where considered necessary. Suitable flag men/detonators shall be provided where necessary for protection of trains.
  - (d) The supervisors/workmen should be counseled about safety measures. A competency certificate to the contractor's supervisor as per proforma annexed shall be issued by AEN which will be valid only for the work for which it has been issued
  - (e) The unloaded ballast/rails/sleepers/other P.Way materials after unloading along track should be kept clear off moving dimensions and stacked as per the specified heights and distance from the running track.
- (f) Supplementary site-specific instructions, wherever considered necessary, shall be issued by the Engineer.

**COMPETENCY CERTIFICATE**

“Certified that Shri \_\_\_\_\_ P. Way supervisor of M/S \_\_\_\_\_ has been examined regarding P. Way working on \_\_\_\_\_ work. His knowledge has been found satisfactory and he is capable of supervising the work safely.

---

Authorized Representative / K RIDE

- 1.5.** The work of formation in banks and cuttings throughout the length of doubling is adjacent to track under running traffic. Many of the bridges on the proposed double line are to be constructed either as extensions or just adjacent to the existing bridges under running traffic. The work of Installation of Track throughout the length of doubling is adjacent to track under running traffic. The work of Installation of Track and Signals in the Station yards including alterations to the existing Track and Signals has to be done adjacent to or in replacement of the existing Track and Signals which are under running traffic. The contractor shall ensure that the safety of the running lines and running traffic is not endangered, because of his work.
- 1.6.** Any traffic/traction blocks, temporary speed restrictions and caution orders required in this connection shall also be got sanctioned from the Railway authorities well in advance, through the Engineer. The Railways may sanction the same for specific sites within the overall recovery time available in the Railway's time table. The contractor shall have to schedule his programme according to the convenience of the Railways. No claim from the contractor for any delay/inconvenience/loss on this account shall be entertained by the Employer.
- 1.7** The contractor shall provide at site at his own cost, all protection measures including exhibition and lighting of all Temporary Engineering Signals as per Railway rules, instructions and norms. All lights provided by the contractor shall be screened so as not to interfere with any signal light on the Railways or with any traffic or signal lights of any local or other authority.
- 1.8.** **Ancillary and Temporary works**
- (a)** The Contractor's proposals for erection of all ancillary and temporary works shall be in conformity with the proposals submitted along with the tender and modifications thereto as approved by the Engineer.

- (b)** The Contractor shall submit drawings, supporting design calculations where called for by the Engineer and other relevant details of all such works to the Engineer for approval at least one month before he desires to commence such works. Approval by the Engineer of any such proposal shall not relieve the contractor of his responsibility for the sufficiency of such works.
- (c)** The contractor shall, at his own cost, design and provide any temporary arrangements including relieving/service girders required in connection with the above said works and remove the same, when no longer required. These arrangements shall conform to Railway norms. The contractor shall obtain all necessary approvals and sanctions of the concerned Railway authorities including Commissioner of Railway Safety through the Engineer/ Employer in advance and well in time.
- (d)** The contractor shall ensure and be entirely responsible for proper design, fabrication, provision and upkeep of all temporary arrangements and all associated activities so as not to endanger safety of any assets, running track, traffic and traveling public and for following all extent instructions, norms, practice and procedures laid down by Railway authorities in this respect, which may be ascertained from the Railways through the Engineer.
- (e)** If required, Railways may, in order to ensure the safety of the running track, post at site Regular Railway staff to watch the efficacy and safety of temporary arrangements and protection measures round the clock for the period the same exist in the running line and till the running line is restored back to normal. Railways may also supervise the insertion, maintenance and removal of the temporary arrangements. The cost of such staff shall be borne by the Employer.
- (f)** Notwithstanding the above, the contractor shall not, however, be relieved of his responsibility and obligation as aforesaid.
- (g)** Save as provided in Para 7 (e) above, the contractor shall bear the cost of complying with all safety requirements. No extra payment will be made for complying with the safety provisions under this chapter and the cost of all such elements to meet the safety requirements shall be deemed to be included in the Bill of Quantities.

**1.9.** The contractor remains fully responsible for ensuring safety. In case of any accident, the Contractor shall bear cost of all damages to his equipment and men and also damages to Railway and its passengers.

**1.10** Suitable barricading to forewarn road vehicle driver shall be provided by the contractor. The luminous tape, strung on bamboo or steel poles can be considered for such barricading. Barricading arrangement should be got approved by the Engineer.

**1.11 Indemnity by Contractor**

The Contractor shall indemnify and save harmless the Railway/Employer/Engineer from and against all actions, suit proceedings, losses, costs, damages, claims, and demands of every nature and description brought or recovered against the Railways/ Employer/Engineer by reason of any act or omission of the contractor, his agents or employees, in the execution of the works or in his guarding the same. All sums payable by way of compensation under any of these conditions shall be considered as reasonable compensation to be applied to the actual loss or damage sustained, and whether or not any damage shall have been sustained.

**1.12. Damage to Railway Property or Life or Private Property**

The contractor shall be responsible for all risks to the works and for the trespass and shall make good at his own expense all loss or damage whether to the works themselves or to any other property of the Railway or the lives of persons or property of others from whatsoever cause in connection with the works until they are taken over by the Employer and this although all reasonable and proper precautions may have been taken by the Contractor, and in case the Railway/Employer/Engineer shall be called upon to make good any costs, loss or damages, or to pay any compensation, including that payable under the provisions of Workmen's compensation act or any statutory amendments thereof to any person or persons sustaining damages as aforesaid, by reason of any act, or any negligence or any omissions on the part of the contractor, the amount of any costs or charges including costs and charges in connection with legal proceedings, which the Railway/Employer/Engineer may incur in reference thereto, shall be charged to the contractor. The Railway/Employer/Engineer shall have the power and right to pay or to defend or compromise any claim of threatened legal proceedings or in anticipation of legal proceedings being instituted consequent on the action or default of the contractor, to take such steps as may be considered necessary or desirable to ward off or mitigate the effect of such proceedings, charging to Contractor, as aforesaid, any sum or sums of money which may be paid and any expenses whether for reinstatement or otherwise which may be incurred and the propriety of any such payment, defense or compromise, and the incurring of any such expense shall not be called in question by the Contractor.

**1.13. Safety of Public**

- (i)** The Contractor shall be responsible to take all precautions to ensure the safety of the Public whether on Public or Railway property and shall post such look out men as may in the opinion of the Engineer be required to comply with regulations pertaining to the work.
- (ii)** The Contractor shall provide effective barricading using G.I. corrugated sheets around foundation pits, trenches, erection sites, demolition sites etc., to prevent accidents and injuries to the public. He shall erect barricading duly leaving safe passage for the movement of the public as per the directions of Engineer.
- (iii)** No payment will be made for providing such barricading and the rates quoted by the Contractor shall be inclusive of such safety measures.

**1.14. Reporting of Accidents**

**A.** The Contractor shall report to the Engineer details of any accidents as soon as possible after its occurrence. In the case of any fatality or serious accident, the Contractor shall, in addition, notify the Engineer and the Employer immediately by the quickest available means.

**1.15** Life-saving Appliances and First-aid Equipment: The Contractor shall provide and maintain upon the Works sufficient, proper and efficient life-saving appliances and first-aid equipment to the approval of the Engineer and in accordance with the requirements of ILO Convention No. 62. The appliances and equipment shall be available for use at all time\

**1.16 Security Measure**

## SECTION – 5: CONDITIONS OF CONTRACT(CC) AND SPECIAL CONDITIONS OF CONTRACT (SCC)

- (a)** Security arrangements for the work shall be in accordance with general requirements and the contractor shall conform to such requirements and shall be held responsible for the action or inaction on the part of his staff, employees and the staff and employees of his subcontractors.
- (b)** Contractor's as well as Sub Contractor's employees and representatives shall wear identification Badges (cards), uniforms, helmets, gum boots and other safety/protection gadgets/accessories provided by the Contractor. Badges shall identify the Contractor and show the employee's name and number and shall be worn at all times while at site.
- (c)** All vehicles used by the contractor shall be clearly marked with the Contractor's name or identification mark.
- (d)** The contractor shall be responsible for security of works for the duration of the contract and shall provide and maintain continuously adequate security personnel to fulfill these obligations. The requirements of security measures shall include, but not be limited to, maintenance of Law and Order at site, provision of all lighting, guard, flagmen, and all other measures necessary for protection of works within the colonies, camps and elsewhere at site, all materials delivered to the site and all persons employed in connection with the works continuously throughout working and non-working periods including nights, Sundays and holidays, for the duration of the contract. However, at work sites in close proximity of traffic corridors where public and traffic are likely to come close to the work area, suitable barricading as proposed by contractor and approved by Engineer shall be provided.
- (e)** No separate payment will be made for providing security measures and will be deemed to be included in the rates quoted by the contractor.

- 1.17 Contractor will have to comply the instructions circulated for Safety on Worksites Specially Doubling Works being implemented on Indian Railways as per relevant letters and any subsequent instructions on this issue.

It is presumed that bidders have gone through the Indian Railway's policies including any subsequent instructions on this issue if any, before quoting the rates.

### **1.18 Ensuring Safety at work site**

–Ensuring safety at work site while carrying out of doubling works is of paramount importance.

Following measures must be ensured: -

1. Fencing as per specification laid down along the track at specified distance from centre line of existing track. The fencing should be maintained till the track is handed over to Railways. Accordingly, at locations where it has been broken/stolen away, the same should be restored expeditiously.
2. Contractors to ensure patrolling by Cycle/ Motor Cycle to prevent damage to fencing and to rectify as soon as it is detected.
3. In the stretch where new formation is likely to be used by unauthorized vehicles and likely to create potential unsafe condition, lifting barriers under lock & key at points where contractor's vehicles are required to enter should be provided

and the same should be manned to allow entry to only contractor's vehicles and prevent entry of unauthorized vehicles.

4. Other likely entry points on the new formation must be suitably blocked by providing physical obstructions by stacking sleepers or by cross trenches or by erecting fence to prevent entry of unauthorized vehicles. Frequent check should be exercised to ensure that unauthorized vehicles do not ply.
5. Reducing number and length of such stretches by providing cross barricades should be done.
6. PMC should be advised to educate his supervisor for each stretch to ensure Safety who should be well conversant safety instructions and should see that the same are not violated. PMC has to be made accountable for lapses on the safety aspects.
7. Periodical formal counseling of all contractor's staff and PMC officials regarding safety instructions and review violations coming to light and taking appropriate action.
8. Counseling of drivers and operators of machinery regarding safety aspect during routine inspection of PMC officials contractors Engineers.
9. All the drivers/machine operators should have competency certificate issued by PMC after examining their knowledge about safety. Only authorized drivers can ply within 6.6 m of the existing track will have to be proposed as found necessary.
10. Necessary caution orders to Drivers of trains wherever required in terms of Railway Board's instructions/PCE circulars.
11. In case work is required to be carried out within 3.5 M of existing running line, K RIDE should be advised well in time and requested to provide look out men and Railway Supervisors for the site. At such locations close supervision must be ensured.

In terms of contract conditions, preventing entry of outsiders at the worksites is the responsibility of contractor and this has to be ensured.

**1.19 Additional Conditions to Safety at Work Spot**

To ensure safety at all the work sites all the time, a dedicated Safety officer duly trained as per the provisions of the contract shall be posted by the contractor for each project. Following works will in general be assigned to safety officer.

1. The Safety officer (in charge) shall be from the permanent rolls of the contractor. He will work under the administrative control of the Project Manager of the contractor.
2. The person from any sub-contractor deputed by the main contractor shall not be designated as Safety officer.
3. The Safety officer shall be overall in charge of the safety methods being undertaken at various work sites. He shall not be given any other task related to the project planning and execution.

4. The Safety officer should be well versed with the safety aspects related to worksites in the vicinity of running railway lines and should impart training to the officials assisting him.
5. The Safety officer shall be given suitable means of transport (depending on the requirement) by the contractor to approach all the work sites frequently and ensure that adequate precautions to ensure safety have been taken. Following items shall be specifically done by the Safety officer.
  - a) Ensuring the provision of the safety fencing. Any shortfall shall be made good immediately.
  - b) Availability of suitable lookout men at each working site. The lookout men shall be in possession of hooters, safety helmet and retro-reflective jacket to warn the site engineer/supervisor and operators/drivers of the equipment's/vehicles working near the running track.
  - c) Arranging issuance of competency certificates by Employer/Engineer with the operator/driver of each equipment/vehicle before deputing for work.
  - d) Take assurance from the contractor officials at regular interval of complying with the safety instructions.
  - e) Any safety violation to be advised to all concerned and remedial action taken thereof.
6. The Safety officer will frequently counsel the contractor engineers/supervisors/operators/drivers/lookout men about safety provisions during his day to day inspections and keep a record of the same. The Safety officer will prepare a monthly report of the safety inspections carried out and remedial action taken thereof and send it to the Project Manager of the contractor and the employer/engineer.
7. The contractor should open new sites only after discussing the safety measures to be undertaken with his Safety officer and obtaining the permission from Employer/ Engineer.
8. It shall be the duty of the Project Manager and Safety officer of the contractor that the instructions contained in the agreement related to safety and the same issued by the Railway/Employer/Engineer from time to time are strictly complied with.

Based on the above, it is advised that a thorough review of the safety provisions may be undertaken and it should be ensured that competent safety officers are available at all the work spots.

## **2. LABOUR :**

The Contractor shall, unless otherwise provided in the Contract, make his own arrangements for the engagement of all staff and labour, local or other, and for their payment, housing, feeding and transport.

The Contractor shall, if required by the Employer, deliver to the Employer a return in detail, in such form and at such intervals as the Employer may prescribe, showing the staff and the numbers of the several classes of labour from time to time employed by the Contractor on the Site and such other information as the Employer may require.

**3. COMPLIANCE WITH LABOUR REGULATIONS:**

During continuance of the contract, the Contractor and his sub-contractors shall abide at all times by all existing labour enactments and rules made there under, regulations, notifications and bye laws of the State or Central Government or local authority and any other labour law (including rules), regulations, bye laws that may be passed or notification that may be issued under any labour law in future either by the State or the Central Government or the local authority. The Contractor shall keep the Employer indemnified in case any action is taken against the Employer by the competent authority on account of contravention of any of the provisions of any Act or rules made there under, regulations or notifications including amendments. If the Employer is caused to pay or reimburse, such amounts as may be necessary to cause or observe, or for non-observance of the provisions stipulated in the notifications/bye laws/Acts/Rules/regulations including amendments, if any, on the part of the Contractor, Employer shall have the right to deduct any money due to the Contractor including his amount of security deposit. The Employer shall also have right to recover from the Contractor any sum required or estimated to be required for making good the loss or damage suffered by the Employer.

The employees of the Contractor and the Sub-Contractor in no case shall be treated as the employees of the Employer at any point of time.

**4. PROTECTION OF ENVIRONMENT:**

The contractor shall take all reasonable steps to protect the environment on and off the Site and to avoid damage or nuisance to persons or to property of the public or others resulting from pollution, noise or other causes arising as a consequence of his methods of operation. During continuance of the contract, the contractor and his sub-contractors shall abide at all times by all existing enactments on environmental protection and rules made there under, regulations, notifications and bye-laws of the State or Central Government, or local authorities and any other law, bye-law, regulations that may be passed or notification that may be issued in this respect in future by the State or Central Government or the local authority.

**5. CLAIMS, DISPUTES AND ARBITRATION**

**5.1 Contractor's Claims**

If the Contractor considers himself to be entitled to any extension of the Time for Completion and/or any additional payment, under any Clause of these Conditions or otherwise in connection with the Contract, the Contractor shall give notice to the Engineer, describing the event or circumstance giving rise to the claim. The notice shall be given as soon as practicable, and not later than 28 days after the Contractor became aware, or should have become aware, of the event or circumstance.

If the Contractor fails to give notice of a claim within such period of 28 days, the Time for Completion shall not be extended, the Contractor shall not be entitled to additional payment, and the Employer shall be discharged from all liability in connection with the claim. Otherwise, the following provisions of this Sub-Clause shall apply.

The Contractor shall also submit any other notices which are required by the Contract, and supporting particulars for the claim, all as relevant to such event or circumstance.

The Contractor shall keep such contemporary records as may be necessary to substantiate any claim, either on the Site or at another location acceptable to the Engineer. Without admitting the Employer's liability, the Engineer may, after receiving any notice under this Sub-Clause, monitor the record-keeping and/or instruct the Contractor to keep further contemporary

records. The Contractor shall permit the Engineer to inspect all these records, and shall (if instructed) submit copies to the Engineer.

Within 45 days after the Contractor became aware (or should have become aware) of the event or circumstance giving rise to the claim, or within such other period as may be proposed by the Contractor and approved by the Engineer, the Contractor shall send to the Engineer a fully detailed claim which includes full supporting particulars of the basis of the claim and of the extension of time and/or additional payment claimed. If the event or circumstance giving rise to the claim has a continuing effect:

- (a) this fully detailed claim shall be considered as interim;
- (b) the Contractor shall send further interim claims at monthly intervals, giving the accumulated delay and/or amount claimed, and such further particulars as the Engineer may reasonably require; and
- (c) the Contractor shall send a final claim within 28 days after the end of the effects resulting from the event or circumstance, or within such other period as may be proposed by the Contractor and approved by the Engineer.

Within 45 days after receiving a claim or any further particulars supporting a previous claim, or within such other period as may be proposed by the Engineer and approved by the Contractor, the Engineer shall respond with approval, or with disapproval and detailed comments. He may also request any necessary further particulars, but shall nevertheless give his response on the principles of the claim within such time.

Each Payment Certificate shall include such amounts for any claim as have been reasonably substantiated as due under the relevant provision of the Contract. Unless and until the particulars supplied are sufficient to substantiate the whole of the claim, the Contractor shall only be entitled to payment for such part of the claim as he has been able to substantiate.

The Engineer shall proceed in accordance with Sub-Clause: [Determinations] to agree or determine (i) the extension (if any) of the Time for Completion (before or after its expiry) in accordance with Sub-Clause: [Extension of Time for Completion], and/or (ii) the additional payment (if any) to which the Contractor is entitled under the Contract.

The requirements of this Sub-Clause are in addition to those of any other Sub-Clause which may apply to a claim. If the Contractor fails to comply with this or another Sub-Clause in relation to any claim, any extension of time and/or additional payment shall take account of the extent (if any) to which the failure has prevented or prejudiced proper investigation of the claim, unless the claim is excluded under the second paragraph of this Sub-Clause.

## **5.2 Amicable Settlement**

In case any dispute between the Engineer and the Contractor for which claim has already been made by the contractor, remains unresolved, the Contractor shall, then, give notice of dissatisfaction and intention to commence arbitration to the Employer duly specifying the subject of the dispute or difference as also the amount of claim item wise. The Parties shall make attempts to settle the dispute amicably before the commencement of arbitration as per procedure by K-RIDE. However, unless both Parties agree otherwise, demand for arbitration may be made by the contractor after ninety days from the day on which a notice of dissatisfaction and intention to commence arbitration was given, even if no attempt at amicable settlement has been made.

**Procedure for Amicable Settlement in contracts**

1. Amicable Settlement Committee at senior management level shall make an attempt to resolve the issues/disputes within 90 days of request by the contractor.
2. The committee shall comprise of the following:-
  - (i) GM /K-RIDE directly in-charge of the project;
  - (ii) Concerned finance officer, and
  - (iii) GM /K-RIDE (in the same order) directly in-charge of the project of other discipline(s) in case the issues involve other discipline(s) of the engineering
3. Whenever the contractor submits a request for amicable settlement, MD/K-RIDE should forward the same to concerned GM /K-RIDE (in the same order) directly in-charge of the project. GM /K-RIDE on receipt of the same shall issue a note to the concerned finance officer and concerned GM/K-RIDE of other discipline in case the issues involved other discipline(s) of engineering, about the request for amicable settlement to be dealt by them and fix a date in consultation with them for a hearing. The date should then be communicated to the MD/K-RIDE, GM/ /K-RIDE of other department (if the issues involved their department) and contractor for presenting their case before the Amicable Settlement Committee.
4. This being an additional workload like arbitration, the Committee members shall be paid fee by K-RIDE at the rates payable to the Arbitrators of K-RIDE.

**5.3 Arbitration**

Any dispute, in respect of which amicable settlement has not been reached, arising between the Employer and the Domestic or Foreign Contractor related to any matter arising out of or connected with this contract, then the contractor shall be entitled to demand in writing that the dispute or difference be referred to arbitration.

Only such dispute(s) or difference(s) in respect of which the demand had been made for amicable settlement under GCC 4.2 but could not be settled, shall be referred to arbitration subject to the condition that cumulative amount of claims in the contract is not exceeding 20% of the contract price. In case the cumulative amount of claims exceeds 20% of the contract price, arbitration clause will not be applicable.

The Arbitration proceedings shall commence from the day, a written and duly quantified demand for arbitration is received by Managing Director, Rail Infrastructure Development Company (Karnataka) Limited, Bangalore /K-RIDE).

The disputes so referred to arbitration shall be settled in accordance with the Indian Arbitration & Conciliation Act, 1996 and any statutory modification or re-enactment thereof.

Further, it is agreed between the parties as under.

**5.3.1 Number of Arbitrators: The arbitral tribunal shall consist of three arbitrators.**

**5.3.2 Procedure for Appointment of Arbitrators: The arbitrators shall be appointed as per following procedure:**

- (a) The Contractor, while invoking demand for arbitration, shall submit to MD/K-RIDE, claims duly quantified along with name and contact details of his nominee arbitrator. Thereafter, the Employer will nominate his nominee arbitrator within a period of 30 days from receipt of such demand from the Contractor and will issue letter of appointment to both the arbitrators appointed by the parties with a copy to the Contractor.
- (b) The third Arbitrator shall be chosen by the two Arbitrators so appointed by the parties and shall act as Presiding Arbitrator. In case of failure of the two Arbitrators appointed by the parties to reach upon consensus within a period of 30 days from the appointment of the Arbitrators subsequently appointed, then, upon the request of either or both parties, the Presiding Arbitrator shall be appointed by the Managing Director, Rail Infrastructure Development Company (Karnataka) Limited, Bangalore.
- (c) If one or more of the arbitrators appointed as above refuses to act as arbitrator, withdraws from his office as arbitrator, or vacates his/their office/offices or is/are unable or unwilling to perform his functions as arbitrator for any reason whatsoever or dies or in the opinion of the concerned GM/K-RIDE fails to act without undue delay, the MD/K-RIDE shall appoint new arbitrator/arbitrators to act in his/their place except in case of new Presiding Arbitrator who shall be chosen following the same procedure as mentioned in para (b) above. Such re-constituted Tribunal may, at its discretion, proceed with the reference from the stage at which it was left by the previous arbitrator(s).

**5.3.3 Qualification and Experience of Arbitrators (to be appointed as per sub-clause 4.3.2 above):** The contract being of specialized nature requiring knowledge and experience of dealing with construction contracts, the arbitrators to be appointed shall have minimum qualification and experience as under:

Arbitrator shall be;

a working/retired officer (not below E-9 grade and above in a PSU with which K-RIDE has no business relationship) of any discipline of Engineering or Accounts/Finance department, having experience in Contract Management of construction contracts; or

a retired officer (retired not below the HAG level) of any Engineering/Accounts Services of Central Government, having experience in Contract Management of construction contracts; or a retired officer who should have retired more than 3 years previously from the date of appointment as Arbitrator (retired not below E-9 grade in K-RIDE or a PSU with which K-RIDE has a business relationship) of any Engineering discipline or Accounts department, having experience in Contract Management of construction contracts.

**5.3.4** No person other than the persons appointed as per above procedure and having above qualification and experience shall act as Arbitrator. In case any person having the qualification and experience other than that mentioned above is nominated as arbitrator, the arbitration clause shall cease to exist and shall not be applicable.

## **SECTION – 5: CONDITIONS OF CONTRACT(CC) AND SPECIAL CONDITIONS OF CONTRACT (SCC)**

No new claim, except as otherwise mutually agreed by the Parties, shall be added during proceedings by either party. However, a party may amend or supplement the original claim or defence thereof during the course of arbitration proceedings subject to acceptance by Tribunal having due regard to the delay in making it.

- 5.3.5** Neither party shall be limited in the proceedings before such arbitrators to the evidence nor did arguments previously put before during amicable settlement.
- 5.3.6** The reference to arbitration may proceed, notwithstanding that the Works shall not then be or be alleged to be complete, provided always that the obligations of the Employer, the Engineer and the Contractor shall not be altered by the reason of the arbitration being conducted during the progress of the Works. Neither party shall be entitled to suspend the Works, nor shall payment to the Contractor be withheld on account of such proceedings
- 5.3.7** If the contractor(s) does/do not prefer his/their specific and final claims in writing, within a period of 90 days of receiving the intimation from the Employer/Engineer that the final bill is ready for signature of the contractor(s), he/they will be deemed to have waived his/their claim(s) and the Employer shall be discharged and released of all liabilities under the contract in respect of these claims.
- 5.3.8** Arbitration proceedings shall be held at Bangalore, India or at a place where GM(CIVIL)/K-RIDE's (dealing the contract) office is located, and the language of the arbitration proceedings and that of all documents and communications between the parties shall be in English.
- 5.3.9** The Arbitral Tribunal should record day to day proceedings. The proceedings shall normally be conducted on the basis of documents and written statements.
- All arbitration awards shall be in writing and shall state item wise, the sum and detailed reasons upon which it is based.
- 5.3.10** Any ruling on award shall be made by a majority of members of Tribunal. In the absence of such a majority, the views of the Presiding Arbitrator shall prevail.
- A party may apply for correction of any computational errors, any typographical or clerical errors or any other error of similar nature occurring in the award of a tribunal and interpretation of specific point of award to tribunal within 60 days of the receipt of award.
- A party may apply to tribunal within 60 days of receipt of award to make an additional award as to claims presented in the arbitral proceedings but omitted from the arbitral award.
- 5.3.11** Where the Arbitral award is for the payment of money, no interest shall be payable on whole or any part of the money for any period till the date on which the award is made.
- 5.3.12** The fees and other charges of the conciliator/arbitrators shall be as per the fee structure fixed by the employer as amended from time to time irrespective of the fact whether the Arbitrator(s) is/are appointed by the parties or by the Court of law unless specifically directed by Hon'ble Court otherwise on the matter, and shall be shared equally by the Employer and the Contractor. However, the expenses incurred by each party in connection with the preparation, presentation will be borne by itself.

**5.3.13** Performance under the contract shall continue during the arbitration proceedings and payments due the Contractor by the Employer shall not be withheld, unless they are the subject matter of the arbitration proceeding.

**5.3.14 Excepted matters:**

The following are the list of excepted matters in arbitration.

- a. Assistance by Employer for the Stores to be obtained by the Contractor.
- b. Illegal Gratification.
- c. Meaning and intent of specifications and Drawings.
- d. Rates for Non-tendered items of works.
- e. Signing of “No claim Certificate”
- f. Measurement of works.
- g. Provisions of Payment of Wages Act.
- h. Provisions of Contract labour (Regulation and Abolition) Act, 1970.
- i. Provisions of Workmen’s Compensation Act.
- j. Provisions of Mines Act.
- k. Right of Employer to determine the contract
- l. Payment on determination of contract by Employer.

**6. JURISDICTION OF COURTS**

The Contract Agreement shall be subject to exclusive jurisdiction of Courts as indicated in the Contract Data.

7. If K-RIDE wishes to engage third party consultants for quality control assessment, apart from the K-RIDE quality control and field tests, the contractor should co-operate with both Quality control authorities and the third party.
8. Defect liability period will be ONE Year from the date of commercial operations of the Section/Corridor.
9. Royalty Charges shall be recovered as per the prevailing rates by the Department of Mines & Geology, if not paid by the contractor.
  - a. As per GO No. CD/300/ LET/ 2006: Dated 18-12-2007, 1% cess will be deducted from the bill as per labour welfare act.
  - b. All the works are to be carried out as per the Standard specification Issued from time to time.

**SECTION-6**  
**TECHNICAL SPECIFICATIONS**

- 1.1 Indian Railway Standard Specification for “Flash Butt welding of new/second hand 60kg/52kg/260R rails (90UTS/260R/72 UTS) Rails/Panels at site using rail cum Road Mobile Flash Butt welding plant including USFD testing of welded joints”. Manual for Flash Butt Welding of Rails (Revised January 2012) with upto date correction slips issued by RDSO and USFD testing of welded joints conforming to Manual Ultrasonic Testing of Rails and welds-2012 with upto date correction slips issued by RDSO can be seen from the KRIDE office.

These specifications shall be applicable for all works covered in this contract.

It is presumed that bidders have gone through the above (including latest correction slips before quoting the rates.

### **SPECIAL CONDITIONS OF CONTRACT FOR MOBILE FLASH BUTT WELDING OF RAILS**

These instructions are laid down for execution of flash butt welding work at site/depot /on track by a robust and sturdy, self-propelled Rail-cum-Road Vehicle mounted Flash Butt Mobile Welding Plant (herein after called **RCRV-MFBWP**), which should be suitable for aligning and welding of rails/panels to produce long welded rails on running/non-running lines as laid down in Manual for Flash Butt Welding of Rails (Revised January 2012) with up to date correction slips issued by Research Design and Standard Organization (RDSO), Ministry of Railways, Lucknow (**Manual for FBWR** ).

#### **2.0 NAME OF WORK**

**Yesvantpur - Channasandra and Byyappanahalli - Hosur Doubling project - “Flash Butt welding of new/second hand 60kg/52kg/260R rails (90UTS/260R/72 UTS) Rails/Panels at site using rail cum Road Mobile Flash Butt welding plant including USFD testing of welded joints”.**

#### **3.0 SCOPE OF WORK**

- 3.1 The work involves carrying out Flash Butt welding of rail joints including USFD testing of welds executed at site using contractor’s own labour, own Rail cum Road Vehicle mounted Flash Butt Mobile Welding Plant (**RCRV-MFBWP**), USFD machine, own infrastructure and all other tools & plants in-situ on non-running lines / running lines or cess / ballasted bed in existing lines etc. at various locations on South Western Railway. Flash Butt Welding of rails/rail panels shall conform to the specifications in the Manual for FBWR and USFD testing of welded joints shall conform to Manual Ultrasonic Testing of Rails and welds-2012 with upto date correction slips issued by RDSO.
- 3.2 The contractor has to make his own arrangement for positioning/movement of rail or rail panels, pull and align the rail for creating gaps, end cleaning of Rails, welding and stripping of welded joints, grinding and final finishing of welded Joints etc. complete. The contractor shall arrange adequate labour, competent supervision, equipment for grinding, welding, stripping, pre and post straightening as required. All the machines, plant and equipment shall be arranged and provided by the contractor at his own cost.

- 3.3 Rails to be welded will be of 60kg/52kg (90UTS/260R//72UTS). The welding process and methodology will be governed by the Manual for FBWR.
- 3.4 Rails as mentioned above will be supplied by KRIDE at locations along the section on cess or in yards. KRIDE may also offer rails already linked in the track. It shall be the responsibility of the contractor to pull and align the rails supplied on cess/ depot as required and directed by the Engineer –in – charge with the rails in “head on” position without allowing the rail ends to contact with soil.
- 3.5 The contractor shall arrange all the necessary plant & equipment, labour to handle, move and distribute the rails for welding. The contractor shall exercise special care in handling of rails so as not to bend or damage them and shall follow the stipulations of Para no.11 - “Handling instructions for 90 UTS rails- as detailed in Manual for FBWR. In addition, the contractor shall maintain an on-site equipment and labour to straighten and re-align rails that may have been bent or damaged during the rail - handling process, to straightness tolerances as specified.
- 3.6 The contractor shall ensure that the handling rails or welded rail panels shall be such that the sleepers suffer no damage. Rails or welded rail panels shall not be dropped onto place. If rails are being welded away from the exact locations of their use, the welded rail panels shall be stacked on levelled and well drained platform suitably supported in head-on position near to the site of the use.
- 3.7 Locations/Sites for setting up of temporary welding depots will be identified by KRIDE.

#### **4.0 FLASH BUTT WELDING PLANT**

- 4.1 The tenderer along with their offer shall indicate the model of RCRV-MFBW-Machine proposed to be deployed for the execution of work with a detailed Technical Description of the same with System/sub-systems and working mechanisms of the machine. The Machine deployed should be of reputed make with proven credential. The machine shall conform to the General, Functional and Technical requirements etc. as prescribed by Railway Board/RDSO.
- 4.2 A Photograph and technical literature of the RCRV-MFBW machine proposed to be deployed shall also be enclosed with the tender. The photographs shall also show close-ups of various working assemblies/systems and the full RCRV-MFBW-Machine. The tenderer may also furnish video compact disc showing the working of RCRVMFBW- Machine in real time under field condition.
- 4.3 The RCRV-MFBW-Machine shall be self-contained and self-propelled vehicle consisting of (i) Flash Butt Welding unit (ii) Carrier Vehicle (Rail cum Road) and capable of executing in-situ welds on Running / Non-running lines / cess / ballasted bed by the side of the existing lines as well as on yards.
- 4.4 The RCRV-MFBW-Machine shall be mounted on such carrier vehicle with all necessary requisites/ attachments / manipulator etc. for carrying out all operations related to welding of rail joints as per Indian Railway’s Manual for FBWR.
- 4.5 The Plant should be designed for welding rails by Electric-Flash Butt Welding Process. Each welding machine shall be equipped with a brush recorder to produce

charts showing traces of electrical impulses and movable platen travel, with simultaneous recording of butting pressure, upset force or pressure (forging) for each weld.

- 4.6 The RCRV-MFBW-Machine should be capable to weld rails of various sections and of various metallurgical properties and various tensile strengths (72 UTS/90 UTS/ 110 UTS) specified in IRSS for Flat Bottom Rails (IRS T-12-2009) with up to date A&C slips (herein after called specification of rails) continuously to form LWR/CWR in-situ or on cess. The welding head shall be capable of welding single rails to 20 (twenty) rail panels or of any intermediate length or longer lengths in different situations.
- 4.7 The MFBWP shall be capable of welding rails under the following situations:
- i. Newly laid track in construction sites;
  - ii. On running track in mid-section during traffic block;
  - iii. On roller line in depot as stationary unit or in travel and stop mode.
  - iv. Outside the track:
  - v. At sleeper end.
  - vi. Shoulder of track
  - vii. Cess welding.
  - viii. End cropping and welding.

### 3.8 DIMENSIONAL AND OPERATING REQUIREMENTS.

- 3.8.1 The RCRV-MFBW-Machine shall be capable of moving in both directions for continuous operation during varying atmospheric and climate conditions occurring throughout the year in India.
- 3.8.2 During transfer from one station to another (self-propelled travel mode on railway track), it shall be capable of traveling on its own speed at 50 kmph. During towing of the RCRV-MFBW-Machine by another locomotive or by attaching to another load, neutral position of gears should be sufficient and speed should not be less than 20 kmph. No opening of cordon shaft etc. should be required for safe movement. It shall be capable of working and moving on Railway track without requiring power block in electrified sections and should be compatible with Indian Railways Track Circuiting and Signaling Installations. Fuel tank capacity / consumable storage capacity shall be adequate for traveling of long distances/ working as the case may be.
- 3.8.3 The profile of the complete system longitudinally and laterally during transfer while towed in train formation or self-propelled or during working shall be within Indian Railways Standard metric BG Schedule of Dimensions – 2004 (reprint). When travelling on track, it shall be capable of negotiating curves up to 10° curvature (175 m radius) & 1 in 8 ½ turnouts, super elevation up to 185 mm and gradients up to 3% and minimum attainable speed under the above limiting conditions in any case shall not be less than 20 kmph.
- 3.8.4 The machine shall be capable of working without power block in electrified section. The profile of the RCRV-MFBW-Machine longitudinally and laterally during transfer as self – propelled vehicle on Railway track as well as during welding operation should be such that there is no infringement to Over Head Electric (OHE) Equipment at 5.3 m above rail level. Also during head maneuvering/ extension/ shortening there should be no infringement to the IR-SOD-1676mm gauge (BG), Revised,2004 with up to date A&C slips. While travelling on track, vertical clearance shall be adequate such that no component/ part infringes the minimum vertical clearance of 102mm from rail level.
- 3.8.5 On bridges and tunnels, the height above rail level is restricted to 4.8m.

- 3.8.6 While working and moving on multiple Railway line sections, it shall not infringe the adjoining track and it shall be possible to permit trains at full speed on that track. During transfer from on-track position to off-track position or vice-versa, there should be no infringement to the adjacent railway tracks at level crossing keeping in view that the minimum spacing of tracks at level crossing is 4.265m. The RCRV-MFBW-Machine or any of its parts shall not infringe adjoining tracks during travelling or during its welding operation including opening and closing of the work.
- 3.8.7 The RCRV-MFBW-Machine shall be capable to start welding at site within five minutes of its arrival. The time required in complete welding operation for one rail joint from start to finish should not be more than 5 minutes. The machine system should be fitted with an emergency backup arrangement to wind up the welding unit and retract the unit and its manipulators into the container in all respects for cancellation of traffic block in the shortest possible time (whenever working in traffic block).
- 3.8.8 **ONROAD:**  
The axle load and other dimensions of RCRV-MFBW-Machine shall comply with the regulations of the latest Motor Vehicles Act and Rules.  
The vehicle carrying the plant shall have road worthiness, issued by authorized agencies in India such as the Automobile Research Institute of India. For plying the vehicles on roads of different classification or on such roads where there are restrictions imposed, special permission from the Ministry of Surface Transport, Government of India or any other authority may be needed and the contractor shall arrange for the same.
- 3.8.9 **IMPORT AND TRANSPORTATION OF RCRV-MFBW-MACHINE:** Transportation including customs and other clearances, taxes, payable and all other related formalities and charges which may be required for the import and export and also other equipment, spares, consumable, etc. which may be required during the contract shall be the responsibility of the contractor.
- 3.8.10 Contractor shall bear the cost of transfer of the RCRV-MFBW-MACHINE or any of its part, when transported in train formation on Indian Railway network for any reason on contractor's account like repairs, maintenance schedules, etc.
- 3.9.0 **DESIGN FEATURES**
- 3.9.1 **OVERALL FEATURES:** The RCRV-MFBW-Machine should be so designed that the welding head along with its rail clamping device, rail pulling device, rail aligning device, rail lifting device, weld trimming device and their manipulator with necessary control panels and other arrangement should be out-stretchable from the container for welding work and should be able to be retreated back into the container after completion of welding. The complete operation of out stretching, retreating and rotation of units should be hydraulically controlled.
- 3.9.2 **WELDING CLAMPS:** The welding clamps of rails shall provide contact area along the entire web of rail and shall be fitted with spring loaded balls for optimum alignment of rail ends. The clamping jaw construction should be such that sleeper around the rail joint should not hinder the welding process under opened out fastening condition.
- 3.9.3 **TRIMMING ARRANGEMENT:** The machine should have a trimming arrangement as an integral part of the unit to trim the excess upset immediately after welding. The weld should be in compression during trimming and removal of excess upset. The trimmer should have the capability to trim excess hot upset metal all-round the rail section in such a way that only minimum amount of grinding is required to achieve final finished profile of weld.

- 3.9.4 **ON- TRACK WELDING:** The machine should be able to do on-track welding to repair rail gap with/without use of rail pulling arrangement as per site requirement. Rail pulling arrangement should be integral part of the welding unit and should not be provided separately. Rail pulling arrangement should be capable of generating adequate pulling force for doing in-situ welding in existing LWR/CWR tracks at required temperature as per the provisions of Manual of Instructions on Long Welded Rails-1996 for Indian Railways with up to date Addendum and Corrigendum Slips.
- 3.9.5 **BRAKES:** RCRV-MFBW-Machine for working on Rail movement mode shall be equipped with pneumatically operated brake blocks active on all rail wheels with an additional fail safe brake application arrangement. In addition, the RCRV-MFBW Machine shall be equipped with a mechanically/pneumatically operated parking brake system. The machine shall be equipped with suitable arrangement of braking so that while attached in train formation in Rail movement mode, the machine can be braked by traction vehicle having compressed air braking system.
- 3.9.6 **HORN AND SAFETY SWITCHES:** RCRV-MFBW-Machine shall be provided with electric horns/hooters facing outwards at each end of the RCRV-MFBW-Machine at suitable locations to warn the workmen of any impending danger at the work spot or from an oncoming train. These electric horns/hooters shall be able to be operated from the cabin and the back end of the machine.
- 3.9.7 **HOOKS AND BUFFERS:** The RCRV-MFBW-Machine shall be fitted with towing hooks on both ends for coupling it with any other rolling stock to be towed out of the section, if required.
- 3.9.8 **ELECTRIC EQUIPMENT AND LIGHTING:** The electrical fittings/instruments including head lights to be provided on the Carrier Road Vehicle shall conform to the relevant Motor Vehicle Rules. For Rail movement mode, additional twin beam headlight assembly conforming to RDSO Specification No. ELRS/SPEC./PR/0024 Revision-1 Sept, 2004 and as amended is to be provided, ensuring a light intensity of 3.2 lux at ground level at track centre at a distance of 305 m away on a clear dark night at each end with two front and rear parking lights which can be switched to red or white according to the direction of the travel. Powerful swiveling floodlights shall also be provided to illuminate the working area sufficiently bright for efficient working on railway track during night. The amber color flasher lights at both ends shall be provided in the RCRV-MFBW-Machine to give indication to the train arriving on the other line about any impending danger while the machine is working on the track.
- 3.9.9 **DISPLAY OF WELDING PARAMETERS:** The machine should have the arrangement for displaying all the welding parameters. These parameters should be automatically stored in the system in reproducible electronic and hard forms in a manner such that each welded joint has a unique identity. Various welding parameters depend upon section and metallurgy of the rail to be welded and normally specified by the OEM (Original Equipment Manufacturer). However, these parameters shall be got approved from RDSO before adoption for production of regular welds. Some of the common welding parameters are:  
 i) Welding current (primary, amps) ii) Primary voltage (volts) iii) Clamping pressure (kgf/cm<sup>2</sup>)  
 iv) Butting pressure (kgf/cm<sup>2</sup>) v) No. of pre-heats vi) Pre-heating time (On.... Off.....in seconds) vii) Burn off time (seconds) viii) Flashing time (seconds) etc.
- 3.9.9.1 Welding parameters for different section & metallurgy of rails used in Indian Railways shall be given by the Original Equipment Manufacturer with machine catalogue. However, before executing the welding work, welding parameters are to be standardized by RDSO as per the provisions of Para 5.6 of Flash Butt Welding Manual.
- 3.9.9.2 The machine should have the provision that any parameter once fixed in the machine by Railway's/KRIDE representative/ Authorized person cannot be modified by the operator.

Once rails have been clamped and are ready for welding, the operator should have nothing to do after weld cycle starts except wait for the weld to complete and the software should facilitate auto-incorporation of the date and time of welding from the memory of the system and this data should be un-editable.

- 3.9.10 **ALTERNATIVE POWER ARRANGEMENT:** In case the contractor procures electricity from State Government directly for Mobile flash butt welding of rails, alternate arrangements in the form of generators will have to be made by the contractor to achieve requisite progress to take care of interruption in power supply.

#### 4.0 VALIDATION / PROCEDURE APPROVAL OF RCRV-MFBW-MACHINE

- 4.1 Before commencement of the work, welding parameters of the Mobile Flash Butt Welding Plant need to get validated by RDSO/ Lucknow. The Contractor is required to get the welding parameters standardized for the Flash butt welding machine being deployed for rails of different sections and different UTS before regular operation of the machine. Procedure Approval of a particular machine, make and model shall be got done by RDSO, by testing weld samples in accordance with para 5.6 of Flash Butt Welding Manual.

The charges/fees for such validation as decided by RDSO/Lucknow shall be borne by the contractor. The quoted rate shall take into account this cost.

- 4.2 **QUALITY ASSURANCE PROGRAMME (QAP):** for welding machine shall be submitted by the contractor to RDSO through KRIDE administration for approval. Necessary charges for this approval have to be borne by the contractor. The welding parameters as standardized by RDSO should be available with the welder of the machine and should be displayed on the appropriate part of the machine.

#### 4.3 REPLACEMENT OF PLANT DURING EXECUTION

In case the plant is replaced during the execution of the contract, the new plant shall again require RDSO's validation for welding parameters and RDSO charges/fees in this connection shall be borne by the Contractor. The USFD Rail Tester needs to get certified by RDSO/Lucknow. The charges/fees for such validation as decided by RDSO/Lucknow shall be borne by the Contractor.

- 4.3.1 In case of breakdown of mobile flash butt welding machine, checking from RDSO is not required. The welding can be done with approved parameters, with the approval of Engineer in-charge if the desired result is being achieved. If not, RDSO shall re-standardize the parameters, and charges for same are to be borne by the contractor.

- 4.4 **FIELD APPROVAL FOR WELDING:** Having obtained procedure approval from RDSO, approval for field welding shall be granted after execution of 30 welds on track (carried out in two shifts), if they satisfy the weld acceptance criteria defined in para 5.6.4.1, 5.6.4.4, 5.6.4.5, 5.6.4.7 and 5.7 (visual, dimension, ultrasonic, transverse testing) of Flash Butt Welding Manual. This shall be carried out in the presence of Engineer in-charge (i.e. Dy.CE/Construction) and the approval will be granted by the GM/KRIDE (construction) based on the satisfactory performance of welding.

- 4.5 **WORK PLAN:** The contractor shall submit his proposed method statement along with QAP (Quality Assurance Plan) as detailed in para 4.1 above for handling of rails, their stacking, welding, testing of welds etc. to the Engineer-in-charge for approval. This plan shall include the details of machinery deployed, layout of depot for welding,

tools and equipment for finishing the welded joints, the date of commissioning the depot, the date of completion of the welding, the daily welding target, list of personnel engaged and their duties etc. The contractor's work plan shall also indicate the qualification of persons to be engaged in the welding team. This shall have to be approved by the competent Authority /RDSO before execution. The date of completion of welding and the daily target should match those given by KRIDE. The date of completion in QAP can be earlier than that given by KRIDE and the daily target in QAP can be more than that given by KRIDE.

- 4.6 **WELDING TEAM FOR MOBILE FLASH BUTT WELDING MACHINE:** The contractor shall employ at his own cost qualified and experience personnel to weld the rails/panels and shall carry out regular tests with his own machine and plant and inspections to ensure that the welds comply with the specification.

**EDUCATIONAL QUALIFICATION:** The welding team may consist of one supervisor and two welders. The educational qualification of supervisor should be minimum Diploma in Mechanical/ Electrical Engineering or B.Sc. and that of the welder should be minimum class X or equivalent.

Welders and supervisor shall be trained by the OEM (Original Equipment Manufacturer). The contractor shall get his welding team certified by RDSO by undertaking the qualification tests prescribed by RDSO. If one member of the team is replaced, the team will not lose its qualified status. However, if more than one member of team is replaced the entire team shall be required to re-qualify. Those welders and supervisor who are already working in **RCRV-MFBW** machine may continue if the Engineer in-charge is satisfied about the quality of work of these operators.

- 4.7 **CHECK LIST:** A check list containing items to be checked daily and weekly is placed at Annexure-VIII of FBW Manual. This check list should be followed meticulously as a quality assurance measure. In order to ensure proper quality of Flash Butt Welds, a list of minimum equipment and machines to be provided in each Flash Butt Welding Plant is placed at Annexure-IX of Manual for FBWR. These shall be provided and maintained.
- 4.8 **INSPECTION AND TESTING AGENCY:** The contractor shall submit detailed description of testing program and procedures to be performed by the Inspection and Testing Agency (ITA) to be engaged by the contractor.

## 5.0 PERFORMANCE OF WORK

### 5.1 COMMENCEMENT OF WELDING AND OUTPUT OF MFBW MACHINE

- 5.1.1 Period for commencement of welding operation shall be maximum 30 days from the date of issue of acceptance letter.
- 5.1.2 The contractor(s) will have to employ adequate number of MFBWPs to achieve the progress as stipulated. The work may have to be done at more than one site at a time and accordingly the contractor shall increase the above staff as per the programme and as directed by the Engineer-in-charge.

- 5.2 **PROGRESS AND LOCATION OF WORK:** The contractor shall work in close co-operation with other contractors/departmental staff working in that section/ adjacent sections. The contractor will ensure a minimum progress of 1,200 joints per quarter (i.e. 3 months commencing from date of first welding) duly taking into account 15 days of non working on account of shifting of plant etc. The welding is to be carried out at various locations of construction projects on South Western Railway outside the track/ on running lines/non-running lines as decided by Engineer-In-charge. Quantities given above are only indicative. The contractor is required to work at any location on S. W. Railway as per the direction of Engineer-in-charge duly shifting the plant from location to location. Sometimes shifting of FBW plant from a project / location to a new project / location for a shorter duration for a small quantity of welding and re-shifting to the old location to resume the work may be necessary. The contractor should be prepared for this.
- 5.3 **WELDING OF JOINTS**  
Welding work shall be carried out strictly as per the procedures/ stipulations as mentioned in Manual for FBWR regarding suitability of rails for welding, preparation of rails to be welded, Electrical contact, rail alignment, welding sequence, post weld heat treatment, finishing, weld parameters etc.
- 5.4 **AVAILABILITY OF SUFFICIENT STOCK OF GENUINE SPARES**  
The contractor shall ensure that the Mobile Flash Butt Welding Machine shall have sufficient stock of genuine spare parts and consumables for normal maintenance of the machine in India, so as to ensure its minimum down time and keep the machine in working condition for at least 25 days in a month.
- 5.5 **UPKEEP AND MAINTENANCE OF MOBILE FLASH BUTT WELDING MACHINE**  
Quality and quantity of output of Mobile Flash Butt Welding Machine depends on health of machine. Therefore, their proper upkeep and maintenance is utmost importance. Contractor shall ensure that the periodical maintenance of Mobile Flash Butt Welding Machine shall be done as per procedure and frequency laid down by OEM (Original equipment Manufacturer) with genuine spare part either supplied by OEM or procured from sources recommended by OEM.
- 5.6 **PERIODICAL INSPECTION OF MOBILE FLASH BUTT WELDING MACHINE**  
Mobile Flash Butt Welding Machine shall be inspected by OEM or his authorized representative at an interval of two years or execution of 20,000 joints whichever is earlier to conduct technical audit of its health. Maintenance shall be carryout in accordance with his advice.
- 5.7 **PRE WELDING CHECKS:** All rails to be used for welding shall be examined prior to welding. Rails not meeting with the rail end geometry as stipulated in clause 3.4 of the Manual for FBWR shall be straightened duly not causing any damages or indentation to the rails. Any rail which cannot be straightened within the above tolerances shall be cut back to a sufficient distance to get the required alignment. Prior approval of the Engineer-in-charge shall be obtained before cutting the rails. All straightening or cutting shall be done prior to welding. The rails shall be cut vertically square and smooth by means of abrasive cutting disks and shall show no steel defects, dents or porosity before welding. Gas torch cutting of rails is prohibited.
- 5.7.1 Rail ends to be welded shall meet the following geometrical standards:

- 5.7.2 End bend in the vertical plane not greater than 0.7 mm on a 1.5 m straight edge, sagging end not permitted.
- 5.7.3 End bend in the horizontal plane not greater than 0.7mm on 1.5m straight edge.
- 5.7.4 Deviation of the end from the square not greater than 0.6 mm.
- 5.7.5 The individual rail ends for new rails may have a maximum difference in height of 1.2mm at the welded joints. Rails manufactured by SAIL with dispensations (having letter 'D' in the rolling mark) may have a maximum difference in height of 1.5mm. The difference in height shall be transposed to the foot of the rail.
- 5.7.6 **DIFFERENCE IN WIDTH OF RAIL HEADS TO BE WELDED:**  
The difference in the width of rail heads of two rails to be welded shall not exceed 1.0 mm for new rails and 2.0 mm for old rails. For new rails, it is preferable to restrict the difference in width of rail heads to 0.5 mm. The contractor shall group the rails for welding duly taking care of the above aspect. New rails manufactured by SAIL with dispensations (having letter 'D' in the rolling mark) may have a maximum difference of 1.5mm in the width of rail heads. In cases of in-situ welding and cress welding where it is possible to exactly determine the gauge face (or would be gauge face when laid in track), the rail ends shall be perfectly aligned to gauge face. Any step as a result of unequal head width due to rolling tolerances shall be ground out to slope not steeper than 1:500. Any difference in the width of rail heads at the welded joints, shall be transposed to one side of the head (i.e. non-gauge face side) keeping the other side (i.e. gauge face side) perfectly aligned. The perfectly aligned side of such welded panels shall be distinctively marked by a distinguishable permanent paint.
- 5.7.7 **END CLEANING.**
- 5.7.8 Before welding, end faces of the rails to be welded and electrode contact locations shall be thoroughly cleaned of loose scales, rust, paint etc. by brushing and shot blasting/grinding to bare metal finish for good electrical contact to avoid arcing at the contact points on the rail and to eliminate the possibility of rail failure near joint due to copper penetration and formation of brittle martensite structure. Cleaning of rail bottom shall be ensured by placing a mirror and watching the cleaned surface. The electrode contact locations should be marked with chalk on each rail end to be welded to serve as guidance for cleaning. Oil and grease, if present, shall be removed by Carbon Tetrachloride or Benzene. If any internal defect such as piping is noticed during end cleaning, the rail shall not be welded.
- 5.7.9 The rail ends shall be cleaned up to a length as prescribed by the welding machine manufacturer before placing them on rollers. The gap between the rail ends shall be perfectly aligned in both horizontal and vertical planes. To compensate for lowering of joints due to thermal contraction, the two ends to be welded shall be raised by an appropriate amount as specified by the OEM or as per the experience gained by the welding team.
- 5.8 **DURING WELDING PROCESS:** rail ends shall be adjusted to a pre-design over-lift value of 0.6mm to 3mm, depending upon the type of rail section and UTS to avoid dip

at weld. The tenderer shall give the design of lift values for 52 Kg /60 Kg rails. Rails end-crowning should be accomplished with the help of functional key given in MFBWP for this purpose. A positive confirmation for the same should also be available.

- 5.8.1 Total rail usage per weld should be within 50 mm. Visible heat affected zone shall be of nominally symmetrical shape about weld line and fall within the width of 40mm maximum and 20mm minimum. The permissible deviation between the maximum and minimum dimension of visible heat affected zone on any weld shall not exceed 5 mm. This requirement shall apply equally to vertical axis cut through full rail depth and to the measurements taken from each rail foot.
- 5.9 **FINISHING:** The top, side and bottom surfaces of the rail head shall be ground smooth so that the weld surface is absolutely flush with the parent rail surfaces. Upper sides, under surfaces and edges of rail foot shall be ground smooth. To avoid damage to elastic rail pads and eliminate stress risers, the edges of foot should be rounded and bottom of rail foot ground smooth without damaging the parent metal. Particular care is necessary to ensure that finished grinding does not burn or notch the rail surfaces and does not cause any thermal or mechanical damage to rail. In case of welding with mobile flash butt welding machine, profile grinding can be done in stages i.e. initial grinding and final grinding. Final grinding can be performed in track with rails fastened in position over a minimum length of three sleepers on either side of weld. Profile finishing of rail head shall be carried out and contained in the shortest possible length but not greater than 400 mm on either side of weld. After finishing, the top table and the sides of the rail head shall comply with the geometrical standards.
- 5.10 **PRECAUTIONS:** during the execution of welding the precautions as stipulated in Annexure –V and handling instructions for 90 UTS and Head Hardened rails as per Annexure-VII of Manual for FBWR shall be strictly ensured by the contractor. **The precautions for welding are enclosed as annexure-1.**
- 5.11 The Railway/KRIDE will make necessary arrangements like traffic block etc. wherever required for safe execution of the welding work without interference with train working. This will however not relieve the contractor of his liability for any damage or loss caused to the KRIDE due to his own negligence. The decision of Engineer-in-charge as to whether or not there has been any negligence on the part of the contractor shall be final and binding.
- 5.12 **WELD NUMBERING AND MARKING**
- 5.12.1 All welds shall be indelibly marked with an individual number that clearly identifies the welder and the weld. This weld number shall be painted on the rail web. The number, once painted in the rail, shall be maintained until taking over of the work. The weld identification shall contain a maximum of five characters.
- 5.12.2 A sequential weld number shall be marked on the rail immediately adjacent to the weld as per Para 9 of Manual for FBWR, at the time the weld is made. The welds shall be numbered sequentially in the order in which they are made. The initial weld number shall be obtained from the Engineer-in-charge or his representatives. The weld number shall be in the form of a distinctive mark indicating the weld number, month and year of welding and the code of the plant as shown below. The marking should be embossed on the gauge and non-gauge face sides of the head of the rail and diagonally opposite to each other across the joint at 300mm

away from the centre line of weld by punching after finishing of the weld without causing any damage to rail, in letters of 6mm height, located as indicated in figure 9.0 of Manual for FBWR. e.g. **XXX MM YY OO PP EE**.

The first four digits indicate the weld number starting from 0001 for first weld of every month, the next two digits month of welding followed by next two digits of the year of welding. The letters OO denotes the code for owner of the plant/machine, PP denotes the code for the plant/machine of that particular owner and EE stands for the code of agency executed the welding work.

When the defective welds are replaced, a new sequential number shall be assigned to the new weld by adding an alphabet to the defective weld number (e.g. defective weld 109 will be replaced by 109A ).

## 6.0 QUALITY CONTROL

6.1 Each weld shall have full penetration and complete fusion and shall be free of cracks.

In order to ensure quality control during the welding process, the proposed proforma for the maintenance of weld records shall be submitted by contractor for approval. The record shall contain at least the following information:

- (i) Pre-welding inspection results
- (ii) Physical inspection results
- (iii) Ultrasonic inspection record
- (iv) Weld chainage to the nearest metre (as applicable)
- (v) Weld number
- (vi) Rail grade and section
- (vii) Date of weld
- (viii) Rail temperature at the time of welding
- (ix) Weld test record sheet
- (x) Dimensional check results.
- (xi) Copies of certified production welding test results, identifying the rail panel and weld position shall be submitted to the Engineer.
- (xii) The certified hard copy of the welding parameters automatically stored in the system in reproducible electronic and hard forms with unique identity of each welded joint shall be submitted to the Engineer-in-charge or his representative for record.

6.2 The stripping of upset metal should be done all round the rail profile with the help of auto stripping machine. Necessary arrangement for the same should be made in mobile flash butt welding plant. It should be ensured that only flash butt welds which meet the finishing tolerances laid down in Manual for FBWR are produced.

6.3 The welds shall be finished to final profile by controlled grinding as approved by the Engineer. The finished weld alignment shall be as per the specified tolerances. Rail head profile grinding (to produce the finished alignment) shall not extend more than 300mm (three hundred mm) on either side of the weld.

6.4 All surface or other irregularities shall be ground flush. Any defect or irregularities in welds, which in the opinion of the Engineer cannot be rectified by grinding, will be rejected. These defective joints shall be removed by cutting a length of 200 mm (two hundred mm) on either side before re-welding at contractor's expenses. **A recovery of Rs 5000/- will be made for the rail wasted in the process.**

- 6.5 **VISUAL INSPECTION AND DIMENSIONAL CHECK, ULTRASONIC TEST**, etc. will be done by Inspection and Testing Agency in the presence of Engineer-in-Charge or his representatives. The Contractor shall provide all assistance for these checks. The USFD machine, operating staff and all other infrastructure shall be arranged by the contractor at site to enable testing.
- 6.6 **TRANSVERSE TEST, HARDNESS TEST & MACRO EXAMINATION** will be done at any of the following test centers or other places as approved by Engineer-in-charge: -  
(i) RDSO/ Lucknow, (ii) EWS/ARAKKONAM, (iii) CMT/PERAMBUR, CMT/HUBBALLI The testing charges including transportation charges for carrying the test pieces to and from the testing center shall be borne by the contractor.
- 6.7 **VISUAL INSPECTION & DIMENSIONAL CHECK:** - All welded joints will be inspected visually for profile finish imperfections. Finished welds shall be checked for weld geometry and the same shall conform to the tolerances laid down in Manual for Flash Butt Welding of Rails (Revised Jan 2012) with up to date correction slips issued by RDSO/Lucknow. Weld joints not passing under this check will be rejected and rejection of more than 1% will be considered unsatisfactory.  
Finished weld samples shall be checked for weld geometry and shall conform to tolerance laid down in Para 8 and Annexure-IV of Manual for FBWR. Hardness Test and Transverse Test shall be carried out on sample test joint and in case a sample joint does not comply with the requirements of these tests, two more sample joints will be made and tested. If both the sample joints meet the requirements of the tests, welding may continue. In case of failure of any of the retest joints, RDSO should be consulted for investigation and fixing revised welding parameters.
- 6.8 **ULTRASONIC TEST (USFD):** All welded joints shall be subjected to ultrasonic testing for detecting presence of internal defects in the weld in accordance with Para 10.1.3 of Manual for FBWR. **This test can be done manually by the contractor using his own RDSO approved Digital USFD testing machines. Testing shall be carried out by contractor's RDSO approved/certified operator under the supervision of Railway/KRIDE supervisor.**
- 6.9 The Entire cross section of the rail i.e. head, web and foot shall be tested by trained personnel as per the procedure laid down for Ultrasonic testing of Flash Butt welds in Manual for Ultrasonic testing of rails & welds as amended, to detect internal flaws.
- 6.10 Welds having defects shall be rejected and rejection more than 0.1% will be considered unsatisfactory. Results shall be maintained as per proforma given in Annexure –VI B of Manual for FBWR. Defective joint shall be distantly marked.
- 6.11 **TRANSVERSE TEST:** The sample joints shall be prepared from rail pieces having ends conforming to tolerances mentioned in para 3.4 of "Manual for Flash Butt Welding of rails- (Jan 2012). The sample joint shall be made on pieces of rails of similar section and conforming to the same specifications as the rails being welded. The finished test weld samples, not less than 1.5-metre-long with the weld at the centre shall be subjected to transverse load test as per laid down procedure. The test joints shall withstand the minimum load and shall show minimum deflection as stipulated in Manual without showing any signs of cracking or failure. The test weld shall withstand the minimum transverse breaking load as stipulated. The deflection at the centre at the actual transverse breaking load shall not be less than as specified. **Results shall be maintained as per proforma given in Annexure-VI 'D' of Manual for FBWR.**  
In case a sample joint does not comply with the requirements of the test, two more sample joints will be made and tested. If both the sample joints meet the requirements of the tests, welding may continue. In case of failure of any of the retest joints, RDSO should be consulted for investigation and fixing revised welding parameters.

- Sample joints for first 1,000 joints will be tested at a frequency of 1 in 100 joints and subsequently at a frequency of 1 in 500 joints and welds not passing this test will be rejected. For test pieces, the contractor has to make arrangement either to weld the test pieces or to cut it from welded panels at his own cost as per the instructions of Engineer at site. For this purpose, the contractor shall have to make arrangement for cutting of test rails without any extra charges.
- 6.12 **HARDNESS TEST:** Brinell hardness test shall be conducted on the test weld sample before conducting transverse load test. The hardness value in HAZ shall not vary from the hardness of the parent rail by more than +20 HB. Results shall be maintained as per proforma given in Annexure – VI 'C' of Manual for FBWR. Welds not passing this test will be rejected.
- 6.13 **MACRO EXAMINATION:** One test joint for every 1,000 joints welded shall be subjected to macro examination as per Para 5.6.4.8 of and micro examination as per Para 5.6.4.10 of Manual for FBWR.
- 6.13.1 100mm length of rail with weld at centre shall be cut and the sample shall be sectioned in vertical longitudinal direction through the weld. One of the sections shall be etched with 5%-10% Nitric acid and for confirming any defect found in Macro Examination, Magna flux test should also be carried out. Welds failing in these tests will be rejected.
- 6.14 In addition, the above mandatory transverse/bend tests are also required to be done under the following situations:  
 (a) Immediately following rectification of a welding machine malfunction;  
 (b) Immediately following machine overhaul or work other than normal maintenance;  
 (c) Any change to another approved welding procedure, if the procedure has not been used in previous 4 weeks.
- 6.15 In case, the initial 30 welds produced by Mobile Welding Plant fail to pass all the above tests, another opportunity will be given to the contractor for testing of another 30 welds. If these welds pass the above tests satisfactorily, the contractor will be allowed to continue the work further and if these weld joints do not pass the above tests, the contract will be terminated on contractor's account and no payment will be given for the weld joints done for testing.
- 6.16 **INSPECTION AND TESTING:** will be done as per Para 10 of Manual for FBWR.
- 6.16.1 Inspection shall be carried out at various stages of work by the authorized **Inspection and Testing Agency in the presence of authorized KRIDE representative** and the Contractor shall have to make all arrangements for conducting the Initial testing/inspection of newly welded joints. A scheme of Inspection and Testing of welds execute, is required to be submitted by the Contractor. In case the tenderer is ISO-9000 Quality Certified Agency, Quality Manual and Procedure Manual are to be submitted along with the tender offer.
- 6.16.2 **TEST CHECK** on the stretch will be done by the Engineer-in-charge with contractor's USFD tester for at least 5% of the work done. In this, at least 95% of the flaws detected earlier shall get confirmed and no new flaw shall be found during test check. The decision of the Engineer-in-Charge shall be final in this regard. In case less than 95% flaws detected by the contractor are confirmed during the test check, a penalty of Rs. 2, 000/- per defective/improper test will be levied. In addition to this, if any new flaw is detected which was left by the contractor during testing, the whole number of joints will have to be tested again by the contractor without any extra payment for the same.
- 7.0 **ACCEPTANCE OF WELDED JOINTS:** A finished joint will be accepted as good on consideration of Visual inspection, Dimensional check and USFD testing if it satisfies the

- stipulations as per clause 10.1 of Manual for FBWR. The dimensional tolerances are enclosed as **Annexure-2**.
- 7.1 The welds, which are not within the specified tolerance, will be rejected and entry will be made accordingly in the Welding Register. The contractor may be allowed to rectify the welds so rejected with the use of Jim-crow or profile grinding machine within 10 days from the date of welding such defective welds. Jim-crow or profile-grinding machine shall be arranged by the contractor at his own cost and operated by his own labour and supervisor. The rectification of rejected weld joints by Jim-crow/profile grinding machine will be permitted selectively depending upon the condition of the weld, nature and extent of the defect in the weld. The rectification work shall be done strictly as per the guidelines and instructions of the KRIDE authorized representative. The decision of engineer-in-charge is final and binding in this regard.
- 7.2 In case the **dimensional tolerances of welds are not conforming to Para 10.1.2 of Manual for FBWR** but rectifiable, the same shall be done by regrinding; otherwise the same will be rejected and a recovery of **Rs. 5000/-** will be made for cost of rail etc. All the rejected welds will have to be rectified by contractor within 10 days after KRIDE arranges for making 2 rail cuts, one on each side of the heat affected zone of such welds and the joints should be re-welded and completed as full panel. The payment for this weld will be released after re-welding, testing and after the newly welded joint is found satisfactory.
- 7.3 In any case the rejection of welds should not be more than 1% of the total quantity.
- 8.0 TERMS OF PAYMENTS.**
- 8.1 The rates for welding shall be firm irrespective of welding being conducted during day times, nights, Saturdays, Sundays, holidays, etc.
- 8.2 Payment shall normally be made once in a month's time or less depending on the progress of the work.
- 8.3 The contractor shall be paid for the quantities actually executed by him and measured in the concerned units of KRIDE Organisation in S.W. Railway, under whose jurisdiction the work has been executed, at the rates provided for in the contract/agreement as per its terms and conditions.
- 8.4 Payment will be made by the **Paying Authority ( GM/CIVIL, nominated by the KRIDE)** after ensuring that requisite Quality Control Checks and prescribed test checks are done on finished welds as prescribed in the Manual for Flash Butt Welding of Rails- Jan 2012/Special Conditions of Contract and acceptance of the welds/work done by the contractor by the Engineer-in-charge or his authorized representatives in various units of construction projects in whose jurisdiction the said work was carried out and on production of relevant inspection certificates issued subsequent to such acceptance by an officer not below the rank of XEN/AXEN for satisfactory execution of work conforming to the specifications . The concerned XEN/AXEN in whose jurisdiction the said work is carried out shall carry out 100% test check with respect to visual and dimensional tolerances and 10% of the USFD testing.
- 8.5 No payment will be made to the contractor for the welds rejected in the above tests. All the rejected welds will have to be rectified by contractor within 10 days after KRIDE arranges for making 2 rail cuts, one on each side of the heat affected zone of such welds and the joints should be re-welded and completed as full panel. In addition, a recovery of Rs. 5000/- will be made for the cost of rail etc. and the payment for this weld will be released after re-welding, testing and after the newly welded joint is found satisfactory.

- 8.6 Payment shall be admissible for the welded joints passing through visual inspection, dimension check and USFD Check. However, 85% of payment for welded Joint shall be released after passing through visual inspection and dimensional check and 10% after painting and numbering of welded joints and balance 5% of payment shall be released after the welded joint passes USFD Test. If the welded joint, for which part payment has been made as above is found defective in USFD testing, then the part payment made shall be recovered and the contractor shall have to replace the same with new weld for which recovery @ the rate of Rs. 5000/- (Five thousand) will be made towards the cost of rail becoming scrap and other incidental cost, and the payment for this weld will be released after re-welding, testing and on the new weld being found satisfactory after USFD test.
- 8.7 The contractor shall have to sign promptly endorsing the day to day entries made in the Site Inspection Register /Site Order Register, maintained by the Engineer or his representatives in various units of construction projects in whose jurisdiction the said work is being carried out. The contractor is required to take note of the instructions given to him therein by the Engineer-in-charge or his representatives or his superior officers and comply with them within a reasonable time. The compliance shall be reported by the contractor/s to the Engineer in time so that it can be checked. The contractor will also arrange to receive the letters etc. issued to him at the site of works.

#### 9.0 **PENALTY CLAUSE**

On quarterly basis a progress of minimum 1200 joints should be achieved.

If the no. of joints executed in a quarter is less than 1200, penalty at the rate of 20% of accepted rate of welding per joint for the quantum of shortfall will be levied. Record of daily progress, nature of hindrances and breakdown of plants entered in the Hindrance Register will be the basis for determining the penalty to be imposed. The decision of Engineer-in-charge is final in this regard.

Flash Butt Welding machines shall be available in working order for a minimum of 60 days in a quarter.

However, if the availability of the RCRV-MFBWP in working order in a quarter is less than 60 days and no. of joints welded in that quarter is also less than 1200, then penalty @ Rs. 5000/- per day of shortfall in availability will be levied.

#### 10.0 **MISCELLANEOUS**

- 10.1 **LOG BOOK OF EVENTS.** All events are required to be chronologically logged in a log book shift-wise and date wise. Any other register considered necessary by the Engineer-in-charge, shall be maintained at site in which the representative of the engineer and the contractor will have to sign daily. The register Performa, charts, etc., will be property of the Railway.
- 10.2 The contractor shall have to make and maintain at his own cost suitable approach road and path etc for proper inspection of various works. He shall also provide all facilities as required by the Engineer, such as ladder and other appliances for satisfactory inspection of the works and places where material for the work are stored or prepared.
- 10.3 **DAMAGES ON CONTRACTOR'S ACCOUNT**  
The contractor will specifically note that in case any accident takes place due to the carelessness of the tenderers then the KRIDE administration may terminate the present contract. KRIDE reserves the right to recover to cost of damages due to such accident from the rescinded contract.

**10.4 STUDY OF DRAWINGS AND LOCAL CONDITION**

There are no specific drawings for the work except those shown in the Manual for Flash Butt Welding –JAN 2012 and other manuals listed under the relevant clause. It should be noted by the tenderers that local conditions may vary from site to site and the contractor shall execute the work according to the circumstances without making the Railway/KRIDE liable for any claims on account of such changes.

**10.5 LABOUR CAMPS**

Land for setting up of temporary Lab/workshop by the contractor(s) or for his/their labour camp or for any other purpose shall have to be arranged by the contractor at his/their own cost and under his/their own arrangements. The contractor(s) however, will be permitted to make use of the Railway land to the extent that can be made available to him/them free of cost by the Railway/KRIDE in the vicinity of the site of works. The contractor/s shall at all times be responsible for any damage or trespass committed by his agents and workmen for carrying out the work.

10.6 The KRIDE Administration may recommend to the concerned authorities to issue necessary transport permits for the work. The contractor(s) shall however, furnish full justification for the above facilities, to enable the KRIDE Administration to address the State Government or other authorities in this connection. The contractor(s) shall also maintain regular logbook of receipts and issues of the material to work, if so required by the Civil Authorities. No claim would, however, be entertained due to non-issue of any permits.

10.7 No claim for idle labour and or idle machinery etc on any account will be entertained. Similarly, no claim shall be entertained for business loss or any such loss.

**10.8 PERMISSION TO WORK ON INDIAN RAILWAY SYSTEM**

The contractor(s) shall be responsible for obtaining necessary authorizations clearances, wherever required, for the movement of contractor's equipment on Indian Railway system

10.9 The contractor(s) shall submit competency certificate of working MFBWP, technical qualification and experience of their workmen, operator and supervisor to the Engineer-in-charge.

**10.10 INSURANCE**

The contractor shall demonstrate that he/they has/have necessary systems and provisions to pay compensation for any work related errors, damages, or accidents, which may occur. As a part of the provisions for the purpose of this tender, the contractor(s) may have third party insurance on the usual terms, which shall cover liability for compensation for any damages the contractor(s) may cause to the Indian Railways or to a third party in connection with the execution of the work. The insurance policy shall not contain any provisions, which would diminish Indian Railway's right to claim compensation directly from the insurance company. The contractor(s) shall submit necessary proof of the insurance to Indian Railways prior to commencement of the work.

**10.11 INTERRUPTION TO WORK DURING MONSOON & ON OTHER ACCOUNTS:**

The contract period may extend over a few monsoons. The contractor should, therefore, plan and programme his work keeping this fact in mind

The tenderer (s) are strongly advised to visit the area of proposed work before bidding and acquaint himself/themselves with the routine problems of the area such as :

- i] Power supply schedule and availability of power in the region.
- ii] Availability of water for various purposes.
- iii] Availability of space for setting up workshop etc.
- iv] Interruption on account of flash rains/flood.

- v] Transport unions.
- vi] Frequent public strikes, bundhs etc.
- vii] Law and order situation, in general.
- viii] Militancy, in general.
- ix] Availability of skilled/unskilled labour.
- x] Other miscellaneous factors having direct/indirect repercussion on the work.
- xi] Various Acts, Laws and rules and regulations prevailing in Karnataka, Maharashtra, Goa, Tamilnadu, Andhrapradesh states.

#### 10.12 **PROVISION OF LIGHT, SIGNALS ETC**

The contractor(s) shall make such provision for lighting the works, material and plant and provide all such marks and lights, signal and other appliances as may be necessary or as may be required by the Engineer or other responsible authority during the execution, completion and the maintenance of the work and shall provide all labour, stores etc required for their efficient working and use at any time of day or night.

#### 10.13 **SAFETY PRECAUTIONS:**

While working close to or alongside existing Railway track, the contractor shall be responsible for ensuring that no obstruction to the safe running of trains, or no interference with the signalling or electric wires etc., are caused at any time. He shall also make adequate arrangements to keep a sharp lookout for trains approaching from either direction. The work shall be carried out without interruption to moving traffic and infringement to the Railway standard schedule of dimensions. Adequate precautions shall be taken for plying vehicles adjacent to running lines

The contractor shall at all times adopt such safe methods of work as will ensure safety of structures, equipment, labour and public. If at any time, the Engineer-in-charge finds that the safety arrangements are inadequate or unsafe, the contractor shall take immediate corrective actions as directed by the Engineer at site.

The contractor(s) shall provide upon the works to the satisfaction of the Engineer and at such places as he may nominate, proper and sufficient life-saving, firefighting and first aid appliances which shall at all times be available for use.

The contractor is responsible for providing skilled personnel and adequate expert supervision so as to ensure complete safety.

#### 10.14 **CRITERIA OF CONSTRUCTION/CODES & SPECIFICATIONS**

- (i) The specifications mentioned in special conditions regarding Specifications shall be primarily governing.
- (ii) Where there is conflict between IRS & IS Specifications, IRS specifications shall prevail.
- (iii) Apart from the basic data, specifications etc. all items of works shall be governed by the following codes as revised/corrected/amended up to the time of submission of the tender/negotiated rates for acceptance.
- (iv) Indian Railway Manual for Flash Butt Welding of rails-Revised Jan 2012 with up to date correction slips issued by RDSO/Lucknow.
- (v) Manual for Ultra sonic testing of rails and welds
- (vi) LWR manual
- (vii) Indian Railway Permanent Way Manual.
- (viii) Indian Railways Works Manual.
- (ix) Engineering Code
- (x) South Western Railway Schedule of Rates, 2011 with errata and correction slips up to date.

- (xi) General Conditions of Contract amended from time to time.
- (xii) GR & SR of SWR & WTT of SWR
- (xiii) Indian Railways Schedule of dimensions for Broad Gauge.
- (xiv) South Western Railway Engineering Department Specifications for material and works.

## 11.0 WARRANTY

- 11.1 The contractor shall warrant that the welds executed under this contract shall have no defect arising from design, materials or workmanship (except in so far as the design or material is required by the purchaser's specifications) or from any act or omission on the part of the contractor. The contractor shall also warrant that no defects will surface in the welded joints under normal use of such a welded track.
- 11.2 The **warranty shall remain valid for a period of 12 (Twelve) months from the date of putting the weld into service.**
- 11.3 KRIDE will notify the contractor in writing of any claims arising under this warranty. **Upon receipt of such notice**, the Contractor shall, with all **reasonable speed, repair or replace the defective welds**. No claim whatsoever shall lie on the Railway/KRIDE for the replaced weld thereafter.
- 11.4 If the contractor, having been notified as above, **fails to rectify the defect within a period of fifteen days**, the Railway/KRIDE may proceed to **recover double the cost of weld paid to the contractor plus Rs. 5000/- for each defective weld towards the cost of the price of rails** becoming scrap and other incidental cost without prejudice to any other rights which the railway may have against the contractor under the contract.

## 12.0 COMPLETION OF WORK

- 12.1 After the work is completed, the contractor/s shall give notice of such completion to the Engineer-in-charge and within 30 days of receipt of such notice, the Engineer-in-Charge shall inspect the work. If there are any defects which, in the opinion of the Engineer-in-charge, are rectifiable he shall inform the contractors/s the defects noticed. The contractor/s after rectification of such defects shall notify the Engineer-in-charge and then the Engineer-in-charge will inspect the work and issue the completion certificate within 3 days, if the defects are rectified to his satisfaction, and if not shall inform the contractor indicating defects yet to be rectified.
- 12.2 In case defects are noticed by the Engineer-in-charge, which in his opinion, are not rectifiable but otherwise acceptable at reduced payment, the work shall be treated as completed. In such case completion certificate shall be issued by the Engineer-in charge within 30 days indicating the defects impossible to improve upon or correct, for which specified reduction in payment is made.
- 12.3 Clearance of site: The contractor after completion of the work shall clear the site of work, and tidy up the area and remove left over materials, debris etc. In case the contractor fails to do so, the same will be removed at the cost of contractor by the Engineer's representative. Rates shall be inclusive of the work of clearing site, tidying etc., after completion of the work.

## 13.0 MAINTENANCE PERIOD:

- 13.1 The maintenance period shall be **one year after the completion of the work. If any joint fails within this period, it shall be replaced, free of cost by the contractor with two joints, or the contractor shall reimburse four times the accepted rate per joint to**

**Railway/KRIDE**, which will be adjusted from the security deposit available with the KRIDE or the contractor may be asked to deposit the amount.

K-RIDE

**Annexure-1****PRECAUTIONS TO AVOID DEFECTS IN FLASH BUTT WELDED RAIL JOINTS**

Following precautions shall be taken to avoid various defects in the welded joints:-

1. Oxide inclusion : The rail end faces and the adjoining surface of the rail profile to a width of about 25mm all round shall be cleaned properly by portable grinders or brushing machine or shot blasting to remove loose scale, rust, scabs, dust, paint etc. Oil and grease, if present shall be removed by Carbon Tetrachloride or Benzene.
2. Lack of fusion – Preheating cycle and time, flashing and butting stroke as standardized shall be strictly maintained during welding to avoid this defect.
3. Poor joints due to defect in rails – Rail ends having cracks and other visible rolling defects should be cropped before welding.
4. Notches and chisel marks adjacent to the weld joints. During stripping by chiseling and finishing by grinding, care should be taken that notches, dents or chisel marks are not formed on the rail surface as such flaws may act as stress raisers in service leading to premature failure.
5. Copper penetration/arching on rail foot bottom surface. During flash butt welding, the two copper blocks (electrodes) below the rails get worn out and grooved/dented due to rail movement. Besides this, after the flashing/burning off operations, lot of loose oxides of metal are deposited on the copper blocks. Due to the above reasons, current flow between the rail foot surfaces and the copper block is not continuous resulting in arcing and formation of local melting/denting and even copper penetration at the rail foot surface. Such affected area results in premature fracture. Therefore, after each operation loose oxide/metal shall be cleaned by brushing the copper block surfaces and the copper blocks shall be periodically reconditioned or replaced with new ones.
6. Use of treated water for cooling system – The pipes/tubes for circulation of water for cooling purpose are, generally, of small diameter. Due to presence of impurities in water, scaling on the inner side of the pipe takes place resulting in less circulation of cooling water and consequent problems. Therefore, suitably treated water should be used for cooling system. The welding plant/machine should not be operated if the cooling system is nonfunctional.
7. End squareness of rail end faces must be ensured. Better weld strength with minimum value and nearly parallel shape of HAZ can be achieved using perfect matching of rail ends.
8. Secondary output of current should be sufficient enough to achieve complete fusion of butting faces of rails.
9. Butting stroke should be sufficient for complete coalescence (Not less than 12 mm) .
10. Throughout uniform and smooth auto trimming of the squeezed out metal and complete grinding using profile grinder around the butt joint is essential .
11. Minimum and nearly parallel Heat affected Zone of the joint should be achieved by setting the weld parameters.
12. Facilities for auto recording of weld parameters including final butting pressure shall be available.

13. When welding is carried out in-situ, minimum 20 minutes time after trimming is required to pass train through the weld with proper packing and support below the joint.

## Annexure-2

### DIMENSIONAL TOLERANCES FOR FINISHED FLASH BUTT WELDED JOINTS

#### A. Welds with new rails

- (i) Vertical mis-alignment : +0.3 mm ) at the centre of a 1 m- 0.0 mm ) straight edge.
- (ii) Lateral mis-alignment :  $\pm 0.3$  mm at the centre of a 1 m straight edge
- (iii) Head finishing (in width): Side of rail head should be finished to:-  $\pm 0.25$  mm on gauge side at the centre of 10 cm straight edge.
- (iv) Finishing of top table surface: +0.2 mm )at the centre of a 10cm straight - 0.0 mm ) edge.
- (v) Web zone (under side of head,) : +3.0 mm ) of the parent contour web, top of base, both fillet ) - 0.0 mm ) each side
- (vi) Upper sides, under surfaces and edges of rail foot shall be ground smooth. The edges of foot should be rounded and bottom of rail foot ground smooth without any minus tolerances to ensure proper seating on sleepers, unhindered movement of welded panels on end unloading rakes, avoid damage to elastic rail pads and eliminate stress riser.

**NOTE:** Tolerances for BSP rail rolled as per Explanatory Note to IRST-12/2009 shall be as under:-

- (a) Vertical misalignment- +0.4 mm) at the centre of a 1 m - 0.0 mm ) straight edge.
- (b) Lateral misalignment- +0.4 mm -do-

#### B. Welds with Old rails

- (i) Vertical misalignment : +0.5 mm at the centre of a 1 m straight edge.
- (ii) Lateral misalignment : +0.5 mm at the centre of a 1 m straight edge
- (iii) Head finishing (on sides): +0.3 mm on the gauge side at the centre of a 10 cm straight edge.
- (iv) Head finishing (on top table surface): +0.2 mm at the centre of a 10cm straight edge.
- (v) Web zone (under side of head : +3.0 mm ) of parent contour Web, top of base, both fillets each side:- 0.0 mm )
- (vi) Upper sides, under surfaces and edges of rail foot shall be ground smooth. The edges of foot should be rounded and bottom of rail foot ground smooth without any minus tolerances to ensure proper seating on sleepers, unhindered movement of welded panels on end unloading rakes, avoid damage to elastic rail pads and eliminate stress riser.
- (vii) The above tolerances are finished tolerances of welds inclusive of tolerances of rail.

**FORM OF BANK GUARANTEE FOR PERFORMANCE SECURITY**

*(On non-judicial stamp paper of the appropriate value in accordance with stamp Act. The stamp paper to be in the name of Executing Bank).*

**From:**

Name and Address of the Bank.....

.....

**To:**

The Managing Director,  
Rail Infrastructure Development Company (Karnataka) Limited,  
"Samparka Soudha" , 1st Floor,  
B.E.P Premises (Opp. Orion Mall),  
Dr. Rajkumar Road,  
Rajajinagar 1st Block,  
Bangalore - 560 010

WHEREAS, Rail Infrastructure Development Company (Karnataka) Limited, hereinafter called the **Employer**, acting through **[Insert Designation and address of the Employer's Representative]**, has accepted the bid of **[Insert Name and address of the Contractor]**, hereinafter called the **Contractor**, for the work of **[Insert Name of Work]**, vide Notification of Award No **[Insert Notification of Award No...]**  
**AND**

WHEREAS, the contractor is required to furnish Performance Security for the sum of **[Insert Value of Performance Security required]**, in the form of bank guarantee, being a condition precedent to the signing of the contract agreement.

WHEREAS, **[Insert Name of the Bank]**, with its Branch **[Address]** having its Headquarters office at **[Address]**, hereinafter called the **Bank**, acting through **[Designation(s) of the authorised person of the Bank]**, have, at the request of the **[Insert name of the JV partner]**, a JV partner on behalf of the contractor, agreed to give guarantee for performance security and additional performance security as hereinafter contained:

- 1 KNOW ALL MEN by these present that I/We the undersigned **[Insert name(s) of authorized representatives of the Bank]**, being fully authorized to sign and incur obligations for and on behalf of the Bank, confirm that the Bank, hereby, unconditionally and irrevocably guarantee to pay the Employer the full amount in the sum of **[Insert Value of Performance Security required]** as above stated.
- 2 The Bank undertakes to immediately pay on presentation of demand by the Employer any amount up to and including aforementioned full amount without any demur, reservation or recourse. Any such demand made by the Employer on the Bank shall be final, conclusive and binding, absolute and unequivocal not withstanding any disputes raised/ pending before any Court, Tribunal, Arbitration or any Authority or any threatened litigation by the Employer of Bank.

- 3 On payment of any amount less than aforementioned full amount, as per demand of the Employer, the guarantee shall remain valid for the balance amount i.e. the aforementioned full amount less the payment made to the Employer.
- 4 The Bank shall pay the amount as demanded immediately on presentation of the demand by Employer without any reference to the contractor and without the Employer being required to show grounds or give reasons for its demand or the amount demanded.
5. The Bank Guarantee shall be unconditional and irrevocable.
- 6 The guarantee hereinbefore shall not be affected by any change in the constitution of the Bank or in the constitution of the Contractor.
- 7 The Bank agrees that no change, addition, modifications to the terms of the Contract Agreement or to any documents, which have been or may be made between the Employer and the Contractor, will in any way release us from the liability under this guarantee; and the Bank, hereby, waives any requirement for notice of any such change, addition or modification to the Bank.
- 8 This guarantee is valid and effective from the date of its issue, which is ***[insert date of issue]***. The guarantee and our obligations under it will expire on ***[Insert the date twenty-eight days after the expected end of defect liability period]***. All demands for payment under the guarantee must be received by us on or before that date.
- 9 The Bank agrees that the Employers right to demand payment of aforementioned full amount in one instance or demand payments in parts totaling up to the aforementioned full amount in several instances will be valid until either the aforementioned full amount is paid to the Employer or the guarantee is released by Employer before the Expiry date.
- 10 The Bank agrees that its obligation to pay any amount demanded by the Employer before the expiry of this guarantee will continue until the amount demanded has been paid in full.
- 11 The expressions Bank and Employer herein before used shall include their respective successors and assigns.
- 12 The Bank hereby undertakes not to revoke the guarantee during its currency, except with the previous consent in writing of the employer. This guarantee is subject to the Uniform Rules for Demand Guarantees, ICC Publication No. 758.
- 13 The Guarantee shall be in addition to and without prejudice to any other security Guarantee (s) of the contractor in favour of the Employer available with the Employer. The Bank, under this Guarantee, shall be deemed as Principal Debtor of the Employer.
14. This guarantee shall be valid for 28days from the date of expiry of defect liability period.

**Beneficiary/Employer:** Rail Infrastructure Development Company (Karnataka) Limited.

**Guarantee No.:** *[.....reference number of the guarantee.....]* **Dated:** *[.....]*

WHEREAS, Rail Infrastructure Development Company (Karnataka) Limited (**hereinafter called the Employer**) has entered into Contract No. *[....reference number of the Contract....]* dated *[.....]* for the execution of *[name of the contract]* (**hereinafter called the Contract**) with *[....name of the Contractor....]* (**hereinafter called the Contractor**).

WHEREAS, according to the Conditions of the Contract, an advance payment is admissible to the contractor against submission of bank guarantee(s).

At the request of the Contractor, we *[....name of the Bank....]* with our branch at *[....address....]*, having our Head Office at *[....address....]* (**hereinafter called the Bank**) have, at the request of *[.....Insert name of the JV partner.....]*, a JV partner on behalf of the Contractor, agreed to give the said guarantee as hereinafter contained:

1. KNOW ALL MEN by these present that I/We the undersigned *[....Insert name(s) of authorized representative(s) of the Bank....]*, being fully authorized to sign and incur obligations for and on behalf of the Bank, confirm that the Bank, hereby, unconditionally and irrevocably guarantees

- to pay the Employer the sum of Rs.[...value in figure....](Rupees [...value in words....] only)(hereinafter called the Full Amount).
2. The Bank undertakes to immediately pay to the Employer, without any demur, reservation or recourse, any amount up to and including aforementioned full amount upon first written demand/demands from the Employer.
  3. On payment of any amount less than aforementioned full amount, as per demand of the Employer, the guarantee shall remain valid for the balance amount i.e. the aforementioned full amount less the payment made to the Employer.
  4. The Bank shall pay the amount so demanded without any reference to the contractor and without the Employer being required to show grounds or give reasons for its demand or the amount demanded.
  5. The guarantee hereinbefore shall not be affected by any change in the constitution of the Bank, the Contractor or the Employer.
  6. The Bank agrees that no change, addition, modification to the terms of the Contract Agreement or to any document, which have been or may be made between the Employer and the Contractor, will in any way release us from the liability under this guarantee; and the Bank, hereby, waives any requirement for notice of any such change, addition or modification to the Bank.
  7. This guarantee is valid and effective from the date of it's issue, which is [...date of issue....]. The guarantee and our obligations under it will expire on dated .....[...Please refer note 4 & 5....]. All demands for payment under the guarantee must be received by us on or before that date.
  8. The Bank agrees that the Employer's right to demand payment of aforementioned full amount in one instance or demand payments in parts totaling up to the aforementioned full amount in several instances will continue until either the aforementioned full amount is paid to the Employer or the guarantee validity period expires.
  9. The Bank agrees that it's obligation to pay any amount demanded by the Employer before the expiry of this guarantee will continue until the amount demanded has been paid in full.
  10. The expressions Bank and Employer herein before used shall include their respective successors and assigns.

11. The Bank hereby undertakes not to revoke the guarantee during its currency, except with the previous consent in writing of the employer. This guarantee is subject to the Uniform Rules for Demand Guarantees, ICC Publication No. 758.

**INDEMNITY BOND FOR THE SAFE CUSTODY OF THE  
MATERIALS SUPPLIED BY THE CONTRACTOR**

(To be executed on Non-Judicial Stamp Paper of Appropriate Value and notarized)

THIS INDEMNITY BOND made on this \_\_\_\_\_ day of \_\_\_\_\_ 20\_\_ by \_\_\_\_\_ (*insert the name of the Contractor and its registered address*) (hereinafter called "the Contractor") which expression shall where the context do admits or implies be deemed to include its executors, administrators and assigns, in favour of the Rail Infrastructure Development Company (Karnataka) Limited, Samparka Soudha" ,1<sup>st</sup> Floor, B.E.P Premises (Opp. Orion Mall),Dr. Rajkumar Road, Rajajinagar 1st Block, Bangalore - 560 010 (hereinafter called "K RIDE") on the other part.

WHEREAS by an Agreement/Letter of Acceptance No. \_\_\_\_\_ dated \_\_\_\_\_ (hereinafter called "the said agreement"), the Contractor has agreed to execute the \_\_\_\_\_ (*Name of Work*) (hereinafter called "the Works") .

AND WHEREAS the Contractor has submitted to K RIDE/ the Engineer for payment on materials procured by him and brought to the site of the Works or his workshop for use in the Works.

AND WHEREAS K RIDE/ the Engineer has agreed to make advance/stage payment to the Contractor the total sum of Rs. \_\_\_\_\_ (*in Figures*) [Rupees \_\_\_\_\_ (*in Words*)] in Interim Payment Certificate (IPC) No. \_\_\_\_\_, the quantities and other particulars of which are detailed in this IPC for the said works signed by the Contractor on \_\_\_\_\_ for the Materials brought by the Contractor to site of the works. Brief details are also mentioned in schedule 1 appended hereto.

NOW THIS INDEMNITY BOND WITNESS that in pursuance of the said agreement and in consideration of the sum of Rs. \_\_\_\_\_ (*in Figures*) \_\_\_\_\_ (*in Words*) on or before the execution of these presents to be paid to the Contractor by K RIDE so aforesaid, the Contractor doth hereby covenant and agree with K RIDE and declare as follows: -

1. That the said sum of Rs. \_\_\_\_\_ (*In Figures*) \_\_\_\_\_ (*in Words*) to be paid by K RIDE to the Contractor as aforesaid shall be utilized by the Contractor in or towards the execution of the said works and for no other purpose whatsoever.
2. That the Materials detailed in the said IPC which have been offered to and accepted by K RIDE/ the Engineer, are absolutely the Contractor's own property and free from encumbrances of any kind and the Contractor will not make any application for or receive any further payment on the Materials which are not absolutely his own property and free from encumbrances of any kind, the Contractor indemnifies the K RIDE against all claims on any Materials in respect of which payment is to be made to him as aforesaid.
3. That the Contractor undertakes that the Materials shall be used exclusively for the performance / execution of the Contract strictly in accordance with the terms and conditions of the Contract and no part of the Materials shall be utilized for any other work or purpose whatsoever.

4. That the Contractor is obliged and shall remain absolutely responsible for the safe transit / protection and custody of the Materials against all risks whatsoever including acts of the God till the Materials are duly incorporated in the works, commissioned and are taken over by K RIDE/Railway (including surplus Materials, if required as instructed by K RIDE/ the Engineer) in accordance with the terms of the Contract. The Contractor undertakes to keep K RIDE harmless against any loss or damage that may be caused to the Materials.
5. That the said Materials shall not on any account be removed from the site of the works except with the written permission of K RIDE/ the Engineer. Further, K RIDE/ the Engineer shall always be free at all times to take possession of the materials in whatever form the materials may be in, if in its opinion, the Materials are likely to be endangered, mis-utilized or converted to uses other than those specified in the Contract, by any acts or omission or commission on the part of the Contractor or any other person or on account of any reason whatsoever and the Contractor binds himself and undertakes to comply with the directions of demand of K RIDE to return the Materials without any demur or reservation.
6. That the said materials shall, at all times, be open to inspection by K RIDE/ the Engineer or any authorized representative. In the event of the said material or any part thereof at any time being found to be in lesser quantity than for which payment has been released or the same has been stolen, destroyed or damaged or becoming deteriorated, the Contractor will forthwith replace the same or repair and make good the same as required by K RIDE/ the Engineer.
7. That making payment does not mean that Materials are of required specifications and quality or that whole of the quantity brought to site by Contractor will be used in the work. The Contractor is fully responsible for the materials to conform to required quality and specification and if at any time K RIDE/ the Engineer do not find the material satisfactory, the Contractor at his own cost would replace these. K RIDE/ the Engineer would be at liberty to recover cost of these from any dues of the Contractor. Also any Materials which are in excess of what is finally required under the contract would be the Contractor's property without any liability on K RIDE/ the Engineer who would recover the cost of this from the Contractor.
8. That this INDEMNITY BOND is irrevocable. If at any time, any loss or damage occurs to the Materials or the same or any part thereof is mis-utilized in any manner whatsoever, then the Contractor hereby agrees that the decision of K RIDE/ the Engineer as to assessment of loss or damage to the Materials shall be final and binding on the Contractor. The Contractor binds itself and undertakes to replace the lost and/or damaged Materials at its own cost and/or shall pay the amount of loss to K RIDE without any demur, reservation or protest. This is without prejudice to any other right or remedy that may be available to K RIDE/ the Engineer against the Contractor under the Contract or under this Indemnity Bond
9. That if the Contractor shall at any time make any default in the performance or observance in any respect of any of the terms and provisions of the said agreement or of those presents, the total amount of the payment shall immediately on the happening of such default be recovered by K RIDE/ the Engineer from any dues of Contractor. It is also clearly understood by the Contractor that non-

observance of the obligations under this Indemnity Bond by the Contractor shall inter-alia constitute a criminal breach of trust on the part of the Contractor for all intents and purpose including legal / penal consequences.

10. IN WITNESS WHEREOF, the Contractor has hereunto set its hand through its authorized representative, the day, month and year first above mentioned.
