- 1) Kindly clarify whether the Steel used in Schedule B is 610gm or 1000gm?

Reply: The section YPR-BAND does not come under polluted zone.

- 2) We are having MSME CERTIFICATE, we hope EMD and tender cost charges is not required pls. confirm

Reply: Tender condition shall prevail.

- 3) Insulators are composite or porcelain type pls. confirm

Reply: Tender condition shall prevail.

- 4) As per Clause No. 22 of GCC and PCC it is mentioned that the time when the access to the site will be provided shall be mentioned in the contract data. However, in the contract data nothing is mentioned about providing access to the site. We request you to provide the time period by which the site access will be provided from the time of award of the contract.

Reply: Refer Corrigendum-1 Annexure-C

- 5) As per PVC Clause for OHE works mentioned in Page No. 191 for non-ferrous material will be applicable for Schedule-A, F & G. However, the schedule G does not comprise non-ferrous materials. Hence the PVC for non-ferrous materials should be applied to schedule A, F and E. Similarly specific schedule for ferrous concreting and works should be properly allocated.

Reply: Refer Corrigendum-1 point No.2

- 6) We require ESP of tender work section for survey and to bid competitively

Reply: Refer Corrigendum-1 Annexure-A
