PART – 1 – BIDDING PROCEDURE
SECTION – III
QUALIFICATION & EVALUATION CRITERIA

Section III. Qualification and Evaluation Criteria

This Section contains all the criteria that the Employer shall use to evaluate bids qualify Bidders. In accordance with ITB 26 and ITB 36, no other factors, methods or criteria shall be used. The Bidder shall provide all the information requested in the forms included in Section IV, Bidding Forms.

Wherever a Bidder is required to state a monetary amount, Bidders should indicate the INR equivalent using the rate of exchange determined as follows:

- (a) For construction turnover or financial data required for each year - Exchange rate prevailing on the last day of the respective calendar year;
 - (b) Value of single contract - Exchange rate prevailing on the date of the contract.
- Exchange rates shall be taken from the publicly available source identified in the ITB 33.1. Any error in determining the exchange rates in the Bid may be corrected by the Employer.

1. Evaluation

In addition to the criteria listed in ITB 36.2 (a) – (f) the following criteria shall apply:

1.1 Assessment of adequacy of Technical Proposal with Requirements

The assessment of the Technical Proposal submitted by a Bidder shall comprise (a) evaluation of the Bidder's plan to mobilize key equipment and key personnel to carry out the works, (b) construction method, (c) construction schedule and (d) sufficiently detailed supply sources, in accordance with requirements specified in Section VII, Works Requirements. A Bid not comprising Technical Proposal or a Bid for which the Technical Proposal is not substantially responsive (i.e. with material deviation, reservation or omission) shall be rejected.

1.2 Assessment of adequacy of the Environmental, Social, Health and Safety (ESHS) Methodology

The ESHS Methodology submitted by the Bidder shall be evaluated to determine whether it is substantially responsive (i.e. without material deviation, reservation or omission) to the requirements specified in Section VII, Works Requirements - ESHS Specifications. The Bidder shall use the ESHS Methodology Form provided for this purpose in Section IV, Bidding Forms - Technical Proposal. A Bid not comprising an ESHS Methodology or a Bid for which the ESHS Methodology is not substantially responsive (i.e. with material deviation, reservation or omission) shall be rejected.

1.3 Multiple Contracts: "Not Applicable"

1.4 Alternative Completion Times: "Not Applicable"

1.5 Technical alternatives: "Not Applicable"

1.6 Personnel

The Bidder's personnel shall be evaluated to determine whether it is substantially responsive (i.e. without material deviation, reservation or omission) to the requirements specified in Section VII, Works Requirements – Personnel Requirements/Appendix-4. (CV of C1.1, C1.2, C1.3, C1.4, C1.5, C1.6, C1.7 and C1.8 shall be submitted during the bid). The Bidder shall use the Forms PER-1

and PER-2 provided for this purpose in Section IV, Bidding Forms - Technical Proposal. A Bid not including proposed personnel or a Bid for which the proposed personnel is not substantially responsive (i.e. with material deviation, reservation or omission) shall be rejected.

1.7 Equipment

The Bidder's equipment shall be evaluated to determine whether it is substantially responsive (i.e. without material deviation, reservation or omission) to the requirements specified in Section VII, Works Requirements – Equipment Requirements/Appendix-5. (Bidder shall submit the details/submit the undertaking for deployment of the equipment's). The Bidder shall use the Form EQU provided for this purpose in Section IV, Bidding Forms - Technical Proposal. A Bid not including proposed equipment or a Bid for which the proposed equipment is not substantially responsive (i.e. with material deviation, reservation or omission) shall be rejected.

2. Domestic Preference

- The applicant to explain how "ESHS and Construction Personnel" capacity will be established by the JV Partners.

7. During evaluation of this bid, if the bidder obtains any other work from BSTP, then the bidder has to demonstrate that he aggregately (Combining present tender and previously awarded tender) satisfies criteria mentioned in 3.1(a) and 3.1(b) for this tender.
8. In case of joint venture/Consortium full value of the work, if done by the same joint venture, shall be considered. In all other cases, if the qualifying work(s) were done by them in JV/Consortium having different constituents, then the value as per their percentage participation in such JV/Consortium shall be considered.
9. Existing JV/Consortium already worked/working in any department & meeting the eligibility criteria of Similar work, mentioned in Section-III of Bid Document, can bid with the same JV configuration as a Single Entity.
10. If any member has less than 20% share in previous JV/Consortium, his experience shall be considered as non-substantial member and shall not be considered for evaluation.
11. The JV/Consortium member having maximum % contribution in proposed JV/Consortium should be treated as Lead Member.
12. The mentioned experience must be supported by duly signed and stamped certificate from the employer. Bidder shall submit the contact details of issuing authority of the certificates for verification.
13. The Contractor shall qualify in all Specific Construction & key activity Experience indicated in the Clause 4.2(a) (i) and (ii) & 4.2 (b) (i) to (iii) **& (v)** to fulfil the eligibility criteria.
14. The amount specified in the above table is exclusive of GST and the client certificates correspondingly must clearly specify the work done amount and GST component separately. In case, the same is not indicated the eligibility evaluation shall be carried out considering GST at flat rate of 18%.
15. **The Bidder is required to submit the Parent Company Undertaking & Parent Company Guarantee in the format specified in Contract Forms, in case the Bidder is using experience / credentials of Parent Company (Associate / Affiliate) for the purpose of meeting the eligibility criteria.**

Notes for Clause 4.1 & 4.2: -

1. For Sub-Clause 4.2 of QEC, Construction Experience in Key Activities, Quantum of successfully completed portion of any ongoing work up to the last day of month previous to the bid submission will also be considered for qualification of work experience criteria. In such case a certificate from the employer who has awarded the work to the contractor stating the completion of the work offered along with its value shall be submitted. Without such certificate, the experience of such work shall not be considered.
2. Only the value of contract as executed by the bidder in his own name should be indicated and shall be considered. Where an eligible work was undertaken by a group (Joint Venture/Consortium), only that portion of the work which is undertaken by the concerned bidder shall be considered and the remaining done by the other partners of the group shall be excluded. This is to be substantiated with a specific certificate from the employer who had awarded this work. In case specific division of works undertaken by the group partners is not stated in the submitted documents, then the percentage participation of the bidder in the group as stated in the submitted documents (JV/Consortium agreement or employer's certificate) shall be considered as the value of the work done by the bidder/partner of JV.
3. If the above work(s) comprise of other works, then Employer's certificate clearly indicating the length of OHE & ROCS, number of RSS/TSS/AMS/ASS and details of SCADA done shall be furnished by the bidder in support of the work experience along-with their bid submissions.
4. In case the construction experience in key activity 4.2(b) (iv) as above is being met by a specialist sub-contractor stated in the bid, then in addition to the Form EXP - 4.2 (b), the undertaking from the Sub Contractor in Form ELI 1.5 of Bidding Forms should be furnished without which the work done by the Sub-Contractor will not be considered for bid evaluation.

5. Bidders participating in a JV/Consortium shall have experience either or both in OHE or PSI work.
6. RKM means Route- KM and TKM means Track- KM.
